MEMORANDUM

DATE: 08 JULY 2016

FROM: VIMBAYI CHITAKA, COMMUNITY DEVELOPMENT ADVISER

TO: HAGLEY/FERRYMEAD COMMUNITY BOARD MEMBERS

SUBJECT: UPDATE ON REQUEST FOR ESTABLISHMENT OF JOINT WORKING GROUP TO IMPLEMENT THE SUMNER VILLAGE CENTRE MASTER PLAN BY SUMNER COMMUNITY RESIDENTS' ASSOCIATION

Purpose of this Memo:

To provide the Board with an update on the above request from the Sumner Community Residents' Association (SCRA).

Background:

1. On 15 July 2015 the Board received a deputation from Bryan Kaschula, Chair of the Sumner Community Residents' Association (SCRA); Peter Hanson and Kath Cross, members of the SCRA Committee, seeking the Board's approval for the establishment of a joint working group to implement the SCRA's submission to the Council's Long Term Plan Hearings on 15 May 2015.
2. The Board decided to request a report from staff on the requests from the deputation: the establishment of a working group to implement the Sumner Village Centre Master Plan and ongoing facilities, infrastructure and maintenance issues.

Update:

3. At the committee meeting of the SCRA on 22 February 2016 the above matter was raised by staff asking the committee how they would like to progress the matter; what specifically the needs were and to explore how best the needs could be met. The committee was unable to discuss this further in that meeting due to running out of time and the matter was tabled for the next meeting.
4. On 23 February, staff followed up the meeting with an email summarising the questions for the committee to discuss. It was requested that the committee nominate representatives to progress the matter with staff.
5. The committee was unable to discuss the matter at the March and April meetings. On 9 May, staff raised the matter at the committee meeting and it was agreed that two members of the committee, Peter Hansen and Darrell Latham will meet with staff to discuss the matter further on behalf of the meeting.
6. On 16 July 2016 staff, including Miranda Charles, Senior Policy Planner; Tara King, Consultation Leader of the Sumner Village Master Plan; Shupayi Mpunga, Community Governance Manager and Vimbayi Chitaka, Community Development Adviser met with the two community representatives to discuss the request.

- 2 -

7. It was explained that the request had been put at a time when the SCRA was seeking to get more information on specific projects in Sumner. Since the time the request had been made, the SCRA had moved on and had been receiving information on projects in the area. Peter and Darrell highlighted that the SCRA's concerns related to matters of ongoing facilities, infrastructure and maintenance as well as the Sumner Village Master Plan. Specifically they highlighted the issue of potholes on the Sumner Esplanade, the state of the public toilets and damage to local footpaths that had resulted in a visitor to the area being injured. They have worked with other residents proactively to ensure that Snap, Send, Solve and requests for service are put through the call centre.
8. Peter and Darrell stated that they are both satisfied with Council consultation processes to date with the major projects and it was acknowledged between staff and the SCRA representatives that Council are learning and working to improve engagement and consultation processes in the area specifically, but the ward in general. Included in this conversation was the challenge of a working group representing the needs of an entire community on a variety of issues for which no one group of people can always give the best advice.
9. In conclusion, the two representatives stated that on behalf of the SCRA, they do not feel that there is still need for a working group to be established. They agreed that the Board be advised about this. The SCRA and Council will take the following actions to ensure ongoing communication and collaboration:
 - a. Local Community Development Adviser to continue attending committee meetings and SCRA to use local adviser as contact person with council for specific issues where assistance is needed; and
 - b. All communication from the Council on projects in Sumner be distributed to local organisations for inclusion in their updates to the community including the SCRA newsletter. Information would then be forwarded to SCRA committee where relevant.

Kind regards
