STOCK ON ROADS BYLAW 2017- DRAFT REGISTER OF RESTRICTED ROADS

In accordance with clause 5 of the [proposed] Stock on Roads Bylaw, this is the Restricted Roads Register. Note - This is a draft register of restricted roads and is subject to change until finalised.

This register lists roads, sections of road, or categories of road, that are associated with higher risks for the movement of stock.

Introduction

Movement of stock along or across some roads requires special consideration and the management of different risks. The roads where restrictions apply are listed in this Register. If farmers want to move stock along or across these roads, they need to apply for an assessment.

Assessments will be carried out by the Traffic Operations Team, with input from the Christchurch Transport Operations Centre (CTOC). The Council may decide to:

- authorise the movement of stock in accordance with a permit, which may contain conditions, at the discretion of the Council; or
- require the applicant to submit a Traffic Management Plan to be considered by the Council; or
- decline the application, in which case alternative means for transporting the stock that does not affect the road must be considered, such as transporting the animals by vehicle.

Explanatory notes:

Where roads are controlled by more than one Road Controlling Authority, eg roads that cross district boundaries, discussions will be undertaken with the other responsible council. Similarly, discussions will be had with NZTA, where necessary, where roads adjoin the state highway network.

Most roads are not individually listed, as they are clearly part of a built-up area. However, where there may be some question as to whether the road is rural or urban in nature, the road is listed. For example, roads or parts of roads within or on the periphery of a built-up area, where adjoining land provides an opportunity for farming activities.

Restricted Roads

The following are Restricted Roads for the movement of stock:

Roads within built-up areas

- Any road within an area that could reasonably be described as being part of a city, town or settlement.

Designated Tourist routes

- Summit Road (SH75- Long Bay Road)
