Rachel Puentener, Convenor of the How Team, provided an update on the work the How Team has been contracted by Regenerate Christchurch to deliver.

Item 6.2.1 in the Coastal-Burwood Community Board Area Report refers.

Rachel advised a meeting with key community groups took place last week to discuss engagement. Previous meetings have discussed strategy, process evaluation, high level objectives, trust in the community, and implementation of the plan.

There will be five subsequent weekly meetings.

Rachel confirmed that other membership of the How Team is:

- Jane Doogue – Regional Council Member
- Marie Graham
- Debbie Hogan – City Council member
- Steve Jones-Poole
- Rebecca Kyle
- Rebecca McAllister
- Katy McRae – Regenerate Christchurch member
- Megan Roulston
- Evan Smith
- Russell Walker
- Simon Watts

There are no observers on the committee, due to confidentiality and to keep the meetings focussed.

The Board clarified that the How Team model was unique and was consequently being evaluated.

The committee will set out the engagement plan for Regenerate Christchurch Limited.

The Chairperson thanked Rachel for her deputation.

5.2 Philip Haythornthwaite – New Brighton Road (Burwood Park) Proposed Bus Stop Relocation

Mr Haythornthwaite, in his capacity as President of the Disabled Persons Assembly, spoke to the Board regarding the Bus Stop Relocation report at Item 8.

Mr Haythornthwaite believed that the placement of the proposed relocated bus stop opposite Cresswell Avenue would put waiting passengers in potential danger from antisocial drivers exiting Cresswell Avenue and losing control. To mitigate this potential danger, his proposal was to move the relocated stop westward.

Moving the bus stop eastwards towards Kingsford Street would create issues because of kerb cut-downs.

The Chairperson thanked Philip for his deputation.

This matter was further debated when the report was received at item 7.

8. New Brighton Road (Burwood Park) Proposed Bus Stop Relocation

Board Comment

The Board discussed the issues raised by the deputation. Staff advised that moving the bus stop to the other side of Kingsford Street would impede sight lines for motorists. Moving the bus stop west, as proposed by Mr Haythornthwaite, would require taking out one or two extra parking spaces.

It was noted the Cresswell Avenue has become very busy and this had been taken into consideration by staff, noting that accidents resulting from anti-social drivers occur throughout the city and that this area is not expected to be worse.

Staff clarified that there is no bus shelter at this bus stop, as it is an outbound stop, and only very few passengers are expected to be waiting there.
