8. Performance Reporting for April 2018

Committee Comment

During the discussion of this item the Committee discussed the importance of reviewing levels of service in circumstances where a change in legislation, or some other event occurs which renders existing levels of service not fit for purpose. Staff advised that there is already an implicit process available to address this situation whereby management identifies levels of service targets which should be amended and puts these forward in a report to the Finance and Performance Committee. The Committee made a recommendation that the Council formally adopts this process.

The Committee requested that more information be provided regarding the odour complaints referenced on page 28 of the Committee agenda before this report is considered by the Council.

The Committee also discussed the results of the General Resident Satisfaction and Point of Contact Surveys and requested a further report on the matter.

Committee Resolved FPCM/2018/00028

Part C

That the Finance and Performance Committee:

1. Receives the information in the report.
2. Requests additional information regarding the level of service for odour complaints prior to this report being considered by the Council, including information on location and frequency of complaints and what specific projects will address the issues.
3. Requests additional information regarding the proposed changes to levels of service in relation to the general residents satisfaction and point of contact surveys prior to this report being considered at the Council meeting on 14 June 2018.
4. Requests a report be provided to the next Finance and Performance Committee meeting with proposed actions to respond to the results of the general resident satisfaction and point of contact surveys.

Deputy Mayor/Mayor

Carried

Committee Decided FPCM/2018/00029

Part A

That the Finance and Performance Committee recommends that Council:

5. Receives the information in the report.
6. Approves the revised target related to the Level of Service, reference 9.0.5, for 2017/18: "Inspect at least 75% of all registered food premises once per year".
7. Agree that when there is a change to the environment (for example an event, incident or change to regulatory requirements), in order to maintain fit for purpose levels of service, service plans will be immediately reviewed by staff and proposed changes to levels of service will be referred to the next meeting of the Finance and Performance Committee for recommendation to the Council.

Deputy Mayor/Mayor

Carried
