- Part A** **Matters Requiring a Council Decision**
Part B **Reports for Information**
Part C **Decisions Under Delegation**
-

The agenda was dealt with in the following order.

1. Apologies

Part C

A request from Linda Chen for a leave of absence for a period of six weeks, was tabled.

Community Board Resolved FWHB/2018/00021

That the apology for absence received from Linda Chen, and the apology for early departure from Raf Manji, be accepted.

David Cartwright/Shirish Paranjape

Carried

Community Board Resolved FWHB/2018/00022

That the request for a leave of absence from Linda Chen for a six weeks period, beginning 16 April 2018, be approved.

David Cartwright/Sam MacDonald

Carried

8. Election of Chairperson

Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Receive the information in the report.
2. Adopt by resolution, which system of voting it will use to elect a Chairperson, and should it be required, a Deputy Chairperson, that is System A or System B.
3. Proceed to elect a Chairperson, and should it be required, a Deputy Chairperson.

Community Board Resolved FWHB/2018/00023

The Fendalton-Waimairi-Harewood Community Board resolved to:

1. Receive the information in the staff report regarding the Election of Chairperson.
2. Adopt voting System B when electing the Chairperson, and should it be required, the election of a Deputy Chairperson.

David Cartwright/Shirish Paranjape

Carried

The Community Governance Manager called for nominations for the position of Chairperson for the Fendalton-Waimairi-Harewood Community Board.

Sam MacDonald was nominated by David Cartwright, seconded by Bridget Williams.

Aaron Campbell nominated himself, seconded by Jamie Gough.

On a show of hands of six votes to two votes, Sam MacDonald was declared the Chairperson.

Sam MacDonald completed the Declaration of Chairperson in the presence of Gary Watson, Community Governance Manager Halswell-Hornby-Riccarton, on behalf of the Chief Executive.

Community Board Resolved FWHB/2018/00024

The Fendalton-Waimairi-Harewood Community Board resolved to elect Sam MacDonald as Chairperson of the Fendalton-Harewood-Community Board for the remainder of the 2016-2019 term.

David Cartwright/Bridget Williams

Carried

With the election of Sam MacDonald as Chairperson, the position of Deputy Chairperson became vacant.

Accordingly, nominations for the position of Deputy Chairperson were called for by the Chairperson.

Aaron Campbell was nominated by Aaron Keown, seconded by Shirish Paranjape.

David Cartwright was nominated by Sam MacDonald, seconded by Jamie Gough.

On a show of hands of four votes each, the vote was declared a tie.

David Cartwright withdrew his nomination and Aaron Campbell was elected as Deputy Chairperson.

Community Board Resolved FWHB/2018/00025

Part C

The Fendalton-Waimairi-Harewood Community Board resolved to elect Aaron Campbell as the Deputy Chairperson of the Fendalton-Waimairi-Harewood Community Board for the remainder of the 2016-2019 term.

Aaron Keown/Shirish Paranjape

Carried

Jamie Gough moved a vote of thanks to David Cartwright for all the work he has done for the Board during his time as Chairperson.

2. Declarations of Interest

Part B

There were no declarations of interest recorded.

3. Confirmation of Previous Minutes

Part C

Community Board Resolved FWHB/2018/00026

That the minutes of the Fendalton-Waimairi-Harewood Community Board meeting held on Tuesday, 3 April 2018, be confirmed subject to the amendment of the spelling of 'Kabaddi' in Item 12.3.

Sam MacDonald/David Cartwright

Carried

4. Public Forum

Part B

There were no public forum presentations.

5. Deputations by Appointment

Part B

There were no deputations by appointment.

6. Presentation of Petitions

Part B

There was no presentation of petitions.

7. Correspondence

Correspondence from the Kids Fishing Charitable Trust regarding weed control at the Groynes fishing lakes, was tabled.

Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Receive the information in the correspondence report dated 16 April 2018.

Community Board Resolved FWHB/2018/00027

Part B

The Fendalton-Waimairi-Harewood Community Board decided to:

1. Receive the letter from the Kids Fishing Charitable Trust regarding weed control at the Groynes fishing lakes.

David Cartwright/Shirish Paranjape

Carried

9. Application to the Fendalton-Waimairi-Harewood 2017-18 Discretionary Response Fund - Crimewatch (Chch) Inc

Community Board Resolved FWHB/2018/00028 (Original Staff Recommendation accepted without change)

Part C

The Fendalton-Waimairi-Harewood Community Board resolved to:

1. Approve the making of a grant of \$7,000 from its 2017-18 Discretionary Response Fund to Crimewatch (Chch) Inc towards vehicle operating costs to enable the delivery of the Northwest area community patrols.

Aaron Keown/David Cartwright

Carried

10. Applications to the Fendalton-Waimairi-Harewood 2017-18 Youth Development Fund - Isabella Ralston, James Craig, Benjamin Davey, Eric Huang, Corin Simcock, Abigail Croot, Sarah Davey, Victoria Park and E Wen Wong

Community Board Resolved FWHB/2018/00029 (Original Staff Recommendation accepted without change)

Part C

The Fendalton-Waimairi-Harewood Community Board resolved to:

1. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Isabella Ralston towards competing at the Australian Gymnastics Championships in Melbourne, from 30 May to 3 June 2018.
2. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to James Craig towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
3. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Benjamin Davey towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
4. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Eric Huang towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
5. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Corin Simcock towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
6. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Abigail Croot towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
7. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Sarah Davey towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
8. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to Victoria Park towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.
9. Approve the making of a grant of \$300 from its 2017-18 Youth Development Fund to E Wen Wong towards participating in the Future Problem Solving Championships in Wisconsin, USA, from 6 to 10 June 2018.

Bridget Williams/Aaron Keown

Carried

11. 2016-17 Strengthening Communities Fund - End of Project Accountability Report

Community Board Resolved FWHB/2018/00030 (Original Staff Recommendation accepted without change)

Part C

The Fendalton-Waimairi-Harewood Community Board decided to:

1. Receive the information in the End of Project Accountability staff report.

Sam MacDonald/Bridget Williams

Carried

12. Elected Members' Information Exchange

Part B

Board members exchanged information on the following:

- 12.1 Cutts Road/Yaldhurst Road Intersection

Meeting concluded at 5.01pm

Presenter(s): Matt McLintock, Community Governance Manager

1. Purpose of Report

No items of correspondence had been received at the time the agenda was prepared.

2. Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Receive the information in the correspondence report dated 30 April 2018.

Attachments

There are no attachments to this report.

8. Ilam Road Proposed P10 Parking Restriction

Reference: 18/290796

Presenter(s): Steve Dejong: Traffic Engineer, Traffic Operations Team

1. Purpose and Origin of Report

Purpose of Report

- 1.1 The purpose of this report is for the Fendalton-Waimairi-Harewood Community Board to approve a 10 minute parking restriction on Ilam Road near its intersection with Clyde Road.

Origin of Report

- 1.2 This report is staff generated following a request from the chemist located at the intersection of Ilam Road and Clyde Road for council to change the current parking restriction from one hour to 10 minutes.

2. Significance

- 2.1 The decision in this report is of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
 - 2.1.1 The level of significance was determined by assessment of the magnitude of the problem and the number of properties affected by the preferred option.
 - 2.1.2 The community engagement and consultation outlined in this report reflect the assessment.

3. Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Approve that all parking and stopping restrictions currently located on the north side of Ilam Road commencing at its intersection with Clyde Road and extending in a westerly direction for a distance of 47 metres be revoked.
2. Approve that the stopping of vehicles be prohibited at all times on the north side of Ilam Road commencing at its intersection with Clyde Road and extending in a westerly direction for a distance of 21 metres.
3. Approve that the parking of vehicles be restricted to a maximum period of 10 minutes At Any Time on the north side of Ilam Road commencing at a point 21 meters west of its intersection with Clyde Road and extending in a westerly direction for a distance of 26 metres.

4. Key Points

- 4.1 This report supports the [Council's Long Term Plan \(2015 - 2025\)](#):
 - 4.1.1 Activity: Parking
 - Level of Service: 10.3.8 Optimise operational performance.
- 4.2 The following feasible options have been considered:
 - Option 1 –Install a P10 Parking Restriction (preferred option)
 - Option 2 – Do Nothing.

4.3 Option Summary - Advantages and Disadvantages (Preferred Option)

4.3.1 The advantages of this option include:

- Provides short term turn over parking.

4.3.2 The disadvantages of this option include:

- None Identified.

5. Context/Background

Install P10 Parking Restriction

- 5.1 Council has received a request from the owner of the chemist located at the intersection of Ilam Road and Clyde Road to change the existing P60 parking restriction to a P10 short term parking restriction because their business requires shorter term turn over parking. The land agents located next door continually park in excess of the current 60 minute parking restriction and his elderly customers cannot find parking nearby to collect their prescriptions.
- 5.2 There are currently four to five parking spaces (depending on the size of the vehicle) outside the Café, Real estate agent and Chemist located on the Ilam Road frontage of the northwest corner of the Ilam Road and Clyde Road intersection. These spaces are currently restricted to a maximum period of 60 minutes.
- 5.3 Two of the three businesses (The Café and Chemist) located on this frontage of Ilam Road adjacent to the existing P60 parking restriction require shorter term parking to facilitate the operation of their businesses.

6. Option 1 – Install P10 Parking Restriction (preferred)

Option Description

- 6.1 The proposed P10 parking restriction will provide short term turn over parking for customers to collect their prescriptions from the chemist and take-away coffees from the café.
- 6.2 The real estate agent has off street parking to the immediate west of the shops and does not need to park directly in front of the shops because their business is not a retail operation requiring parking turn over.
- 6.3 While investigating this request it was identified that there is a Post Box directly outside the chemist, the proposed P10 parking restriction would also facilitate the turn over operation required for the post box.

Significance

- 6.4 The level of significance of this option is low and is consistent with section 2 of this report.
- 6.5 Engagement requirements for this level of significance are consultation with affected properties.

Impact on Mana Whenua

- 6.6 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

- 6.7 Staff personally visited each of the three business and interviewed the managers/owners and openly discussed the issues. All businesses spoken to by staff support changing the current P60 parking restriction to a P10 restriction.

- 6.8 The chemist and café owner both support changing the current P60 restriction to the proposed P10 restriction they gave examples of the needs of their customers for short term parking.
- 6.9 The real estate sales manager is comfortable with the P60 parking to become a P10 restriction to facilitate the operation of the other businesses.

Alignment with Council Plans and Policies

- 6.10 This option is consistent with Council's Plans and Policies.

Financial Implications

- 6.11 Cost of Implementation – approximately \$500.
- 6.12 Maintenance / Ongoing Costs - will be met by the existing maintenance budgets.
- 6.13 Funding source - Traffic Operations operational budget.

Legal Implications

- 6.14 Part 1 clauses 7 and 8 of the Christchurch City Council Traffic and Parking Bylaw 2017 provides the Council with the authority to install stopping, standing or parking restrictions by resolution on any road and to any class of vehicle.
- 6.15 The installation of signs and markings associated with traffic control devices must comply with the Land Transport Rule: Traffic Control Devices 2004.
- 6.16 The Christchurch City Council Delegations Register sets out decision making powers that Council has delegated. Council has delegated decisions relating to the installation of parking and stopping restrictions to Community Boards.

Risks and Mitigations

- 6.17 There are no risks associated with this option.

Implementation

- 6.18 Implementation dependencies – Community Board approval.
- 6.19 Implementation timeframe - Approximately four weeks from Community Board approval.

Option Summary - Advantages and Disadvantages

- 6.20 The advantages of this option include:
- Providing short term parking to facilitate the operation of adjacent businesses.
- 6.21 The disadvantages of this option include:
- None Identified.

7. Option 2 – Do Nothing

Option Description

- 7.1 Maintain the status quo, do not change the existing P60 parking restriction to a P10 restriction.

Significance

- 7.2 The level of significance of this option is low and is consistent with section 2 of this report.

Impact on Mana Whenua

- 7.3 This option does not involve a significant decision in relation to ancestral land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions. Community Views and Preferences.

Community Views and Preferences

- 7.4 See sections 6.7 to 6.9 of this report.

Alignment with Council Plans and Policies

7.5 This option is inconsistent with Council's Plans and Policies

7.5.1 Inconsistency - Council's Parking Strategy (2003) for the Central City states; Policy G6: "On Street Parking." To use a mix of pricing regimes, time and parking restrictions to encourage the turnover of on-street parking in areas of high demand".

7.5.2 Reason for inconsistency – not providing turn over on-street parking in areas of high parking demand for priority types of parking

Financial Implications

7.6 Cost of Implementation – nil.

Legal Implications

7.7 See section 6.14 to 6.16 of this report.

Risks and Mitigations

7.8 There are no risks associated with this option.

Implementation

7.9 Implementation dependencies - not applicable.

7.10 Implementation timeframe – not applicable.

Option Summary - Advantages and Disadvantages

7.11 The advantages of this option include:

- None Identified.

7.12 The disadvantages of this option include:

- Not providing short term turn over parking.

ISSUE.1 04/04/2018
TG132791 MJR

9. Fendalton-Waimairi-Harewood 2017-18 Youth Development Fund - Applications - Emma Katie Logan, Anna Elizabeth Hooker

Reference: 18/363673

Presenter(s): Lisa Gregory, Community Recreation Adviser

1. Purpose and Origin of Report

Purpose of Report

- 1.1 The purpose of this report is for the Fendalton-Waimairi-Harewood Community Board to consider two applications received for the Board's 2017/18 Youth Development Fund.
- 1.2 There is currently \$2,250 remaining in this fund.

Origin of Report

- 1.3 This report is staff generated as a result of applications being received.

2. Significance

- 2.1 The decision(s) in this report is of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
 - 2.1.1 The level of significance was determined by the number of people affected and/or with an interest.
 - 2.1.2 Due to the assessment of low significance, no further community engagement and consultation is required.

3. Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Approve the making of a grant of \$300 from its 2017/18 Youth Development Fund to Emma Katie Logan towards competing at the Australian Gymnastics Championships in Melbourne from 28 May to 4 June 2018.
2. Approve the making of a grant of \$300 from its 2017/18 Youth Development Fund to Anna Elizabeth Hooker towards competing at the Australian Gymnastics Championships in Melbourne from 28 May to 4 June 2018.

4. Applicant 1 – Emma Katie Logan

- 4.1 Emma is a 16 year old student who lives in Casebrook and has been selected to represent New Zealand at the Australian Gymnastics Championships in Melbourne from May 28 to 4 June 2018.
- 4.2 Emma is the current NZ Rhythmic Gymnastics National champion (Level 8) and trains with the Delta Gymnastics Club. In 2016 Emma's team placed second in the overall and she placed third in the individual clubs apparatus at this same competition that she is travelling to this May.
- 4.3 This year Emma took on the coaching responsibility of the junior recreational gymnasts at Delta and hopes her passion for the sport inspires others to challenge themselves, be their best and importantly enjoy what they do.
- 4.4 Emma excels in various other sports and has represented her school in netball, basketball, touch rugby, triathlon, cross country and dance and has been a committee member of the

student Council at Papanui High School for four years. Emma is also a member of two competitive dance teams, Senior Jazz and Senior Contemporary at Anna Lee Dance School.

4.5 Emma has been busy raising funds for her trip through babysitting, part time gymnastics coaching and baking sales.

4.6 The following table provides a breakdown of the costs for Emma's trip:

EXPENSES	Cost (\$)
Airfares	552
Accommodation, transport, fees	606
Insurance	88
Uniform	260
Management Fee	405
Entry Fee	170
Total	\$2,081

4.7 The applicant applied for funding from Shirley-Papanui Community Board in 2015-16.

5. Applicant 2 – Anna Elizabeth Hooker

5.1 Anna is a 16 year old student who lives in Casebrook and has been selected to represent New Zealand at the Australian Gymnastics Championships in Melbourne from May 28 to 4 June 2018.

5.2 Anna has been involved in rhythmic gymnastics for nearly nine years and currently trains 10.5 hours a week and is competing in level nine this year with the Delta Gymnastics Club.

5.3 Anna is also a member of two competitive dance teams, ballet and contemporary dance at Anna Lee Dance School and dances up to eight hours a week. Anna also started out as a volunteer coach at Delta with the recreation gymnastics class, which has now turned into a paid role.

5.4 Anna feels that competing at the Australian Gymnastics Championship will benefit her as it will give her more experience and confidence to compete at an international level. She is hoping to observe and learn as both an athlete and coach.

5.5 Anna has been busy raising funds for her trip through babysitting, gymnastics coaching, making and selling leotards and house cleaning jobs.

5.6 The following table provides a breakdown of the costs for Anna's trip:

EXPENSES	Cost (\$)
Airfares	552
Accommodation	606
Insurance	88
Uniform	195
Management Fee	405
Entry Fee	170
Total	\$2,016

5.7 The applicant applied for funding from Shirley-Papanui Community Board in 2015-16.

10. Fendalton-Waimairi-Harewood Community Board Area Report - April 2018

Reference: 18/338825

Presenter(s): Matt McIntock, Community Governance Manager Fendalton-Waimairi-Harewood

1. Purpose of Report

This report provides information on initiatives and issues current within the Community Board area, to provide the Board with a strategic overview and inform sound decision making.

2. Staff Recommendations

That the Fendalton-Waimairi-Harewood Community Board:

1. Receive the Fendalton-Waimairi-Harewood Community Board Area Report for April 2018.
2. Receive for record purposes, the Fendalton-Waimairi-Harewood Community Board's Submission on the Council's Draft Long Term Plan 2018-28.
3. Received the information memorandum provided by staff, regarding the weed issues at the Groynes.

3. Community Board Activities and Forward Planning

3.1 Memos/Information/Advice to the Board

3.1.1 Weed Issues At The Groynes

At its meeting on 12 March 2018 the Board raised concerns regarding the impact of weed in the Groynes lakes and the potential impact on the Take A Kid Fishing Event. The Board requested that staff investigate the removal of weed from the lakes at the Groynes.

The response from staff is attached to this report. (Refer **Attachment A**)

3.1.2 Water Extraction Operation

Board members raised the public's concern around the water extraction operation in Belfast and requested that staff provide advice regarding the Board's ability to issue public support regarding the water extraction business in Belfast.

Staff advised that the key issue is the extraction of water from the aquifer in this area. Consent for the extraction is issued by Environment Canterbury rather than the Christchurch City Council. Consents for the extraction are already held by the company therefore there is no option for this Council to influence further permission for the water extraction.

The Council has been involved in issues over non compliances regarding building matters and action has been taken to obtain compliance.

The actual bottling of water is controlled under the Food Act as a National Programme 3 activity and is being supervised by a third party verifier, who is not part of this Council.

3.2 **Board area Consultations/Engagement/Submission opportunities**

3.2.1 **Liquor Licences**

- Rosebank Estate Winery, 180 Johns Road, Belfast – On-licence renewal

3.2.2 **Jeffreys Reserve Replacement Water Tank – Option 2**

Consultation for the Jeffreys Reserve replacement water tank alternative option opened on Monday 23 April 2018 and will close on Monday 14 May 2018.

A copy of the consultation leaflet at submission form can be found on the Have Your Say section of the Council Website on:

<https://www.ccc.govt.nz/the-council/consultations-and-submissions/haveyoursay/>

A drop-in information session for residents will also be held on Tuesday 1 May 2018

3.3 **Annual Plan and Long Term Plan matters**

3.3.1 The Board Submissions Committee met on Monday 3 April 2018, reconvening on Monday 9 April 2018, to consider the Council's draft Annual Plan and, using its powers of delegation, prepare a submission to the Council on behalf of the Board (**Attachment B**).

The Board is asked to formally receive the Fendalton-Waimairi-Harewood Community Board Submission to the Council on its Long Term Plan 2018-18, for record purposes.

3.4 **Board Reporting**

3.4.1 Board members are invited to forward any items they would like highlighted for inclusion in the Board's Newsletter, Newline and the Report to the Council.

4. Community Board Plan – Update against Outcomes

4.1 The next update will be provided the Board at its meeting on 5 June 2018.

5. Significant Council Projects in the Board Area

5.1 **Strengthening Community Fund Projects**

5.1.1 **2018-19 Strengthening Communities Fund**

The 2018-19 Strengthening Communities Fund opened for applications on 3 April 2018 and will close at midnight on Tuesday 9 May 2018. A workshop will be held with the Board on 16 July 2018 to discuss applications received.

5.2 **Other partnerships with the community and organisations**

5.2.1 **Bishopdale Mall**

Fendalton-Waimairi-Harewood Community Governance staff and Development Christchurch Limited (DCL) staff have been undertaking local community engagement regarding the mall regeneration. Sessions have been held so far with members of the Bishopdale Menz Shed and the Bishopdale Community Trust. A further focus group will be held with some of our regular users of the community centre and other local key community stakeholders.

DCL is currently working with Council staff to get traffic and urban design input and are continuing to progress conversations with key strategic landowners. A site audit has been undertaken including Council assets and further information is being sought from the

Council asset owners, to create momentum. Short term initiatives are starting to be scoped.

5.2.2 Crimewatch (Chch) Inc

At its meeting on 16 April 2018 the Board approved a grant of \$7,000 to Crimewatch (Chch) Inc. The group have expressed their gratitude to the Board for this assistance which will help them immensely with their operations.

Above: Community Board member Aaron Campbell with Crimewatch committee member and patroller Kevan Wilde and patroller Gary Plaskett.

6. Significant Community Issues, Events and Projects in the Board Area

6.1 Infrastructure projects underway

Project	Estimated End Date
Road Closure: Russley Rd, Southern Airport Access	30 April 2018
Scheduled Road Work: Russley Road	30 April 2018
Road Closure: Russley Road (SH1)/Memorial Ave, Harewood	31 May 2018
Scheduled Road Work: Russley Rd, Harewood	30 April 2018
Road Closure: Wairakei Rd, Harewood	30 April 2018
Scheduled Road Work: Russley Road and surrounding area	31 May 2018
Other	
Scheduled Road Work: The Groynes, Northwood	27 April 2018
Scheduled Road Work: 103-135 Clardiges Road, Harewood	29 April 2018
Scheduled Road Work: 167 Memorial Avenue, Burnside	30 April 2018
Scheduled Road Work: 69 & 73 Fendalton Road, Fendalton	1 May 2018
Scheduled Road Work: Brookside Terrace, Bryndwr	4 May 2018
Scheduled Road Work: 100A, Fendalton Road, Fendalton	4 May 2018
Scheduled Road Work: Intersection of Heaton Street, Strowan Road, Glandovey Road and Rossall Street	5 May 2018
Scheduled Road Work: 17 Sheffield Crescent, Burnside	26 May 2018

Scheduled Road Work: Christchurch Northern Motorway, Main North Road and Chaney's On ramp	29 June 2018
Road Closure: McLeans Island Rd	30 October 2018

6.2 Community Service Awards 2018

Community Service Awards 2018 nominations have closed and the Fendalton-Waimairi-Harewood Board area has 11 nominations. The Community Service Awards report will be presented at the Board's 14 May 2018 meeting. We are looking at mid-June for our awards ceremony, with a venue to be confirmed.

6.3 Events Report Back

6.3.1 Culture Galore Feedback

Culture Galore has been a long standing and well supported community event celebrating Christchurch's cultural diversity and the 2018 event was no exception with approximately 6,500 attending.

Evaluation and feedback is a vital to determine if our events are achieving local Community Board objectives and contributing towards the Christchurch City Council's outcomes. Feedback this year again clearly demonstrates that we are running an event that is significant and important to our local communities.

From the organisations involved, they said:

- We could introduce our culture and music through our performance to wider community.
- We have been seen by a lot of people and created interest for our club and community.
- Kids from my dance group can see different cultures. We did some work after Culture Galore and had discussions about others costumes and traditions.
- Getting in touch with our own members, promoting our culture to a wider community.
- Increasing community knowledge of decisions coming up and their role in having a say.
- Expose to a variety of different ethnic groups. Great to be able to discuss and compare our customs with other ethnicities.
- Face to face contact and making new networks with other groups and organisations with a stake in providing services to other cultural groups.
- Events like this are a great way for Police to get out in the community and have a bit of fun with children and their parents. It is a positive way for us to break down some barriers on how we are perceived, especially among some cultures, where Police are feared in their home countries.
- An opportunity to meet with culturally diverse communities and develop relationships and to meet other organisations and groups.
- We know that volunteering is a valuable way to make connections; so this event provides an opportunity to talk volunteering in particular to some of those newly arrived to Christchurch.
- We are visible and we are able to raise some funds for our community projects.

Members of the public attending on the day, provided the following feedback on what attracted them to attend the event:

- Lovely atmosphere, community spirit, nice for the kids to be a part of it.
- Food, music, cultural activities
- Multicultural aspect, fun for kids, varied activities, great food, loved the bikes.

- The variety and ability to have exposure to lots of different cultures, entertainment and food.
- Family gathering, cultural diversity
- Seeing different nationalities and different foods
- Stalls - food, smells, colours, different cultures
- Music, traditional, power of unity.
- Food from around the world, to hang out with friends.
- I like the diversity being celebrated.

100% of respondents from both the public and organisations involved indicated they would attend the event again. Culture Galore continues to be very popular with generations of families showing such pride in their cultures dressing up and performing together. The event also brings together the diverse communities that call Christchurch home, to celebrate and share their cultures with the wider community.

7. Parks, Sports and Recreation Update (bi-monthly)

7.1 Neighbourhood and Sports Parks Update – Northern Area

- 7.1.1 The Parks unit has undergone a reorganisation of its staff roles which came into effect on 1 April 2018. Information pertaining to the changes will be sent out shortly.
- 7.1.2 March was a very busy month for the parks maintenance contractors as they worked towards preparing fields for the winter sports codes with line marking and maintenance. Sports field renovation is also underway for repair on required fields to be able for the winter codes. Hedges and amenity garden tidy up are scheduled to start. This will involve clearing areas and lot of pruning.

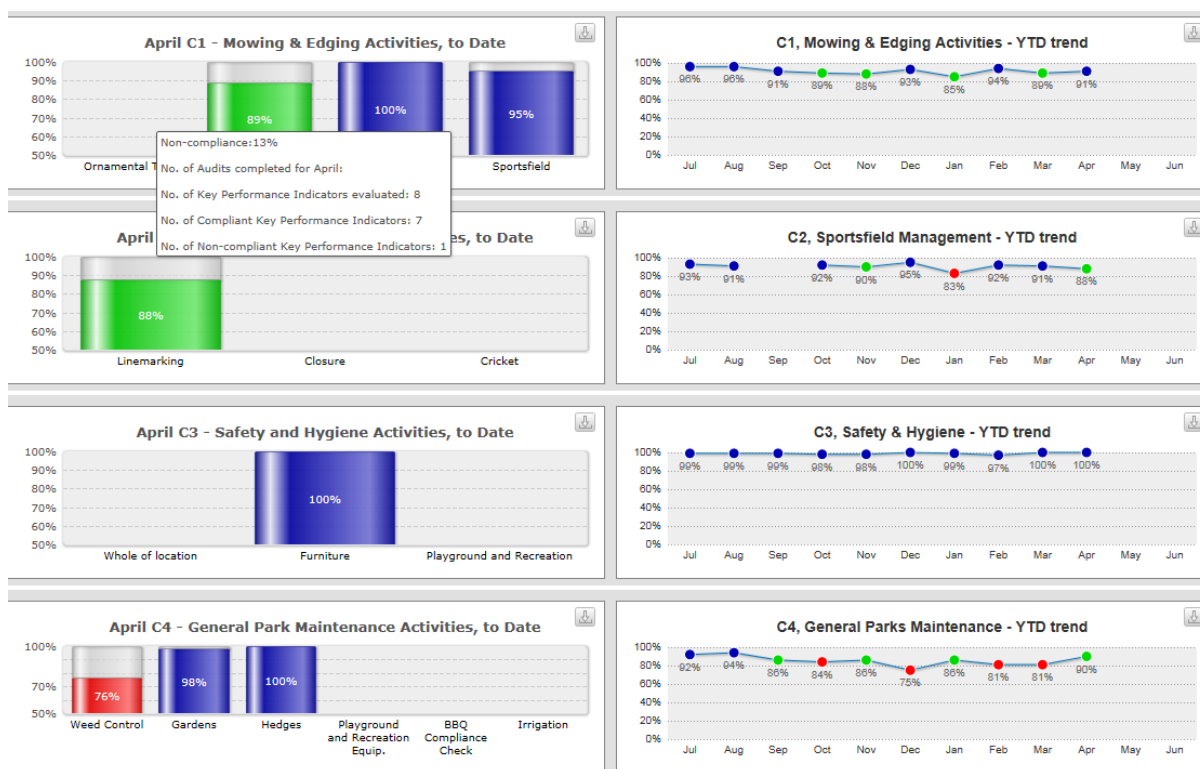

Line marking on Avonhead Park

7.1.3 Scheduled Parks Maintenance Programme for April:

Activity	Frequency per month
Ornamental mowing	3
Amenity mowing	2
Informal mowing	1
Winter sport field mowing	5
Winter sport line marking	3
Chemical weed control	1
Ornamental garden maintenance	3

7.1.4 Performance:

Recreational Services audited quality performance for March was 87% and work planned that was completed was 98%.; breakdown below

8. Community Board Funding Update

- 8.1 The Fendalton-Waimairi-Harewood Community Board Discretionary Response and Youth Development Funds balance sheet is attached. (refer **Attachment C.**)

Christchurch City Council

Memorandum

Date: Friday, 6 April 2018

From: Kay Holder
Manager, Regional Parks

To: Margaret Henderson
Fendalton-Waimairi –Harewood Community Board

SUBJECT: The Groynes

Back ground

At the Fendalton-Waimairi-Harewood Community Board Meeting of 12/03/2018 the Board noted

Concern was raised regarding the weed in the waters at the Groynes which will likely impact on the 'Take a Kid Fishing' event to be held in October and members asked staff to investigate options for its removal. A letter from the Take a Kid Fishing Charitable Trust has also been received.

Update

Currently, lagarosiphon (*Lagarosiphon major*) is present at the Groynes, in the lakes that are used for the Take a Kid Fishing (TAKF) event.

The event is managed by the Kids Fishing Charitable Trust and has been held at the Groynes since 1988.

The rapid growth of the lake weed is of concern as it drains into other ponds without lagarosiphon and to the Otaukaikino waterway, and because it severely impacts upon the annual 'Take a kid fishing' event. (The weed also affects year round recreational junior fishing. Fish and Game release fish at intervals to keep the lakes stocked, but the amount of weed impacts the fishing).

Control was undertaken in three ponds at The Groynes two summers ago. The initial kill was very good and there was little last year. Management of this species requires on-going control as this year it has re-appeared in abundance, where it had been previously. The reasons for the rapid growth are not well understood, but the warm summer and high nutrient flow into the lakes could be casual. The past control was funded and undertaken jointly by CCC and Ecan.

The Kids Fishing Charitable Trust consider that the situation at the ponds they use at the Groynes places the future of 'Take a Kid Fishing' at risk. The situation there has been exacerbated by the extensive growth of the yellow-coloured green alga *Oedogonium*, which has formed extensive mats. That and the lagaroiphon will die back over winter, but the latter will reappear from resprouting stems beneath the mud.

Council staff including ecologists have discussed the issue and options including mechanical, physical or chemical control. At this stage it is proposed that further, on-going chemical control of the lake weed will be the most effective method for management. This is due to the large quantity of weed, the fact that if pulled out, it will regrow and the concern that mechanical methods may produce loose stems that could move to other water bodies and spread the weed problem.

- 2 -

Physical clearing of the ponds was undertaken by the Kids Fishing Charitable Trust in 2017 over three days with support from Council Rangers and Community Service workers, with minimal results despite significant resource being applied.

Proposed Action

There are two recommended options for control.

1. On-going chemical control (frequency of control will depend on effectiveness – maximum annually). Further investigation into herbicide effectiveness, Environmental Protection Authority (EPA) requirements and resources will dictate which chemical is used, how often control is undertaken and whether eradication is feasible.
2. Once off chemical control and weed matting. This is likely only suitable in one or two of the lakes. There is uncertainty on how effective this control is and how long it lasts. Further investigation will be undertaken.

Either way, chemical control will be required and is being planned for this upcoming spring/summer (2018) once the lagarosiphon has re-grown (re-growth is predicted for late September, early October). Post chemical control, fishing cannot take place for six weeks. This will mean that the 'take a kid fishing' event will need to be postponed to late November, early December. This has been raised with the Kids Fishing Charitable Trust and they have indicated that they can work with a new date, if the commitment is made to control the weed. There will still be some uncertainty on the effectiveness of the control as it depends on unknown environmental conditions, if the weed regrows in time for it to be controlled and chemical effectiveness. It is expected that the cost of chemical control for 2018 to be around \$15,000.

Staff will continue to work with interested parties, primarily the Kids Fishing Charitable Trust to keep them updated on progress with the EPA permissions and control process.

Ends

TRIM

SUBMISSION Council's Draft LTP 2018-28

David Cartwright
Chairperson
Fendalton-Waimairi-Harewood Community Board
C/- Fendalton Service Centre
Corner Clyde and Jeffreys Roads
Christchurch

1. THE BIG QUESTION

Have we got the balance right? Looking across all the service, projects and activities that Council delivers, have we prioritised the right things?

The Board thanks the Council for the opportunity to submit on the Christchurch City Council's draft Long Term Plan 2018-28.

The Board acknowledges the difficulties the Council has in meeting the needs of a city still in the recovery stage of the Christchurch earthquakes and is mindful that considerable work has gone into keeping the rates increases low.

The Board is, however, concerned that a proposed average 5.5 percent rates increase, with ongoing increases year on year as identified in the draft plan, would have a detrimental impact on many households within the Board's ward areas and across the city. The Board would be more supportive of a maximum five percent rate rise and that the rates be restructured to include a fixed charge to cover water and roading infrastructure.

The Board fully supports that the infrastructure of water should be well maintained but notes that the proposed spend does not maintain renewals or levels of service, beyond the water supply. The Board urges the Council to focus on maintaining and renewing all its core Council services, infrastructure and facilities before embarking on the building and installation of new facilities. It recommends that the Council ensure sufficient funds are set aside for these before any other projects are considered.

With the Council still committed to considerable costs under the Cost Share Agreement, additional new high cost facilities across the city should be considered against our current financial situation and the need to prioritise our core responsibilities as a local authority. The Board is mindful of ongoing operational costs in supporting Council facilities and is of the opinion budgeted funds would be better used to support facilities already in existence.

Do you have a project or programme that you think should be reprioritised?

The Board would urge the Council to prioritise the regeneration of Bishopdale in partnership with Development Christchurch Limited who have been working with the Board on opportunities in this area. This was signalled as one of the Board's key priorities for the 2018 Annual Plan and for the 2018-28 plan.

A major contributor to the regeneration of Bishopdale is the Bishopdale Village Mall. The Mall is a key suburban retail and social precinct in the Harewood ward, that services not just the local area but visitors from wider afield. It is well located near major roads, schools and Ōrauwhata (the new Bishopdale Library and Community Centre) is located within the centre.

The mall offers a diverse range of goods and services for those from the local community and from further afield. This includes medical practices, a variety of retail outlets and a New World supermarket. The Mall has village-like qualities, and it is important that these are preserved. The Board recommends that the Council prioritise funding for the regeneration of the Mall including the demolition of the old Plunket Rooms, which are now under the building code and unusable, beautifying of the Council-owned space and the installation of new public toilets.

The Board fully supports the proposed upgrade of the Groynes/Lake Roto Kohatu but requests that the installation of the southern toilets at Lake Roto Kohatu be accelerated to provide some facilities at this very popular recreational spot.

The Board recommends that the proposed north toilet block be deferred and that those funds be put towards the requested new public toilets at Bishopdale Mall.

The Board is very disappointed that the intersection of Breens Road/Harewood Road/Gardiners Road is not included in the proposed capital works programme. Safety issues at this intersection are regularly raised with Board members and it was one of the Board's top priorities for the 2018 Annual Plan. It continues to be one of the Board's top priorities for the 2018-28 Long Term Plan.

The Board recommends that the proposed Crofton Road/Sawyers Arms traffic lights be deferred in favour of traffic lights at the Breens Road/Harewood Road/Gardiners Road intersection.

The Board has also identified key Council projects in the ward that it would like to see prioritised:

- An upgrade of the Avonhead Park Club Rooms facility
- The Glandovey/Idris/Straven intersection particularly in regard to road user safety and residential amenity
- The expansion of the Avonhead Cemetery
- Avonhead Road/Maidstone Road maintenance
- Gardiners Road footpath installation.

The Board strongly recommends that the Wings to Wheels cycleway project down Harewood Road and the Jeffreys Reserve Pump station be delayed or scaled down to accommodate the above prioritised projects in the Fendalton-Waimairi-Harewood wards.

2. WE'RE MAKING PROGRESS

What do you think of the Council providing additional funding to ChristchurchNZ so that it can bid for major events on behalf of the city, support new events through sponsorship and test the feasibility of new concepts?

The Board supports the endeavours of ChristchurchNZ but notes that its annual funding for the duration of the Long Term Plan has no inflationary increase and many future performance targets also remain static.

What do you think of this plan for an average rates increase of no more than 5.5 percent, reducing over the next 10 years?

The Board acknowledges the challenges faced by the Council in its endeavours to provide the infrastructure, facilities and services expected by residents yet keeping the cost to rates payers at a minimum.

The Board is concerned that any rise in rates impacts not only on home owners but also rental prices, affecting all sectors of society. The Board has a significant number of rental properties in its area. The Board also is particularly concerned for its elderly residents living in their own homes on fixed incomes. The Board would also like to remind the Council that Jellie Park and Bryndwr areas are amongst the most socially deprived areas of the city.

The Board strongly supports inflation adjusting the Uniform Annual General Charge component on rates from its last adjustment as it places an unfair burden on residents in our northwest suburbs (due to higher capital values) when the services they receive are no different compared to other parts of the city. Higher capital values have no genuine correlation to income or ability to pay rates.

The Board would support a five percent rates increase, decreasing over the coming years as planned. It would also support a portion of the rates being targeted for the three waters infrastructure and road maintenance as per the waste charges. The rate should cover the operational requirements of these core Council activities.

The Board would reiterate the need to manage its contracts and scheduled maintenance in a fiscally responsible manner and where appropriate minimise expenditure by repurposing existing buildings and investigate maintenance rather than renewals.

The Board is mindful that a reduction in rates to five percent would require some cutbacks, however it is confident that essential infrastructure maintenance and renewals could be carried out if smarter practices and a co-ordinated approach is taken. For example: where a footpath or road is scheduled for resurfacing work, ensure there is no underground work required before resurfacing the area.

Do you think we should investigate other ways to raise funding?

A local fuel tax could help us reduce rates. Would you support us exploring this option to generate more money for transport-related projects?

The Board would not be supportive of an additional tax on residents, if a targeted rate were to be applied in this regard for roading, the Board would only be supportive if there was evidence of a significant reduction in the proposed rate base.

Flood protection

What do you think of us prioritising this project over other land drainage recovery work, so we can complete it within two rather than three years.

The Board is supportive of the Council's proposed approach for flood protection.

Drinking water, wastewater, stormwater and flood protection

While appreciating the need to keep our residents safe from waterborn diseases, the Board supports it residents in their desire for the Council to return to non-chlorinated water as soon as possible. The Board sees the maintenance of well-heads as an important component in achieving this and the introduction of a fixed charge for water would ensure funding is available.

3. TRANSPORT

What do you think our approach to managing our transport projects and how we are prioritising the work?

The Board would like to see Community Boards granted greater delegations in the establishment and prioritisation of transport projects within its wards. An example of this is the installation of a footpath in Gardiners Road.

Investigations have shown that the work required to install a 1.4 Kilometre footpath on Gardiner's Road linking established and new subdivisions to Sawyers Arms Road can be achieved for \$143,000 which is a figure well short of what may be achieved by the Council. This is an example where an increased operational funding delegation to the Board for this type of project would see a win for the local community, the Board and the Council.

What do you think we should take into account when prioritising the work that needs to be done?

Do you think the priorities should be informed by the local Community Board?

The Board recognises the need to give priority to the safety of all road and vulnerable road users citywide. A number of accidents occur at intersections and there are four significant intersections in the Board's area that need to be given priority for improvement measures:

- Breens Road/Harewood Road/Gardiners Road
- Glandovey/Idris/Straven Roads
- Harewood Road/Greens Road
- Sawyers Arms Road/Northcote Road.

In supporting its residents the Board strongly recommends that the proposed Wings to Wheels cycleway project be deferred for the time being and the money from that project be spent on intersection safety in the Board area, in particular the Breens Road/Harewood Road/Gardiners Road, the Harewood Road/Greens Road, Glandovey/Idris/Straven intersections.

The Board is also aware of the changing amenity to a number of residential areas in its area caused by increased traffic movements and parking requirements. This has a negative impact on local residents, particularly in regard to their health and well-being and the Board asks that greater consideration be given to these impacts when prioritising roading corridors, road classifications and new business/development consents.

4. FACILITIES

Do we have the priorities right? Are there other projects you would prioritise and if so, what would you defer to free up funding?

As previously mentioned the Board, would prefer to see the Council spending money upgrading and maintaining existing facilities over the next three to five years, rather than building new ones that service a small local area.

The Board does not support the need for a swimming pool and/or library facility in each ward of the city when state of the art metropolitan facilities are planned and in some cases almost complete, and instead recommends that the Council look at cost effective ways to provide access to existing facilities until the metropolitan facilities are completed.

What do you think of using a targeted rating system to help progress non-Council community projects?

The Board would prefer that a targeted rating system be used to ensure sufficient funds for core infrastructure rather than non-Council community projects for the immediate future.

5. OTHER CONSIDERATIONS

Breaches of the Resource Consent and District Plan legislation continue to be raised by residents across the wards. The Board would recommend that stronger enforcement measures be established for those non-compliances that impact on the health and wellbeing of other residents.
