CONFIRMED THIS 6th DAY OF MARCH 2019

7. Madras Street at Baptist Church- Parking and Stopping Restrictions

Reference: 19/174143

Presenter(s): Michael Thomson - Transport Engineer

1. Purpose and Origin of Report

Purpose of Report

- 1.1 The purpose of this report is for the Parking Restrictions Subcommittee to approve the installation of a No Stopping restriction extension and confirmation of existing 60 minute parking on Madras Street between Chester Street East and Oxford Terrace in accordance with Attachment A.

Origin of Report

- 1.2 This report is staff generated in response to a request from the Baptist church at this location.

2. Significance

- 2.1 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
 - 2.1.1 The level of significance was determined by comparing factors relating to this decision against the criteria set out in the Council's Significance and Engagement Policy.
 - 2.1.2 The community engagement and consultation outlined in this report reflect the assessment.

3. Staff Recommendations

That the Parking Restrictions Subcommittee:

1. Approves that any previous resolutions pertaining to parking or stopping restrictions made pursuant to any bylaw to the extent that they are in conflict with those described below are revoked.
2. Approves that the stopping of vehicles be prohibited at any time on the east side of Madras Street commencing at its intersection with Chester Street East and extending in a northerly direction for a distance of 26 metres.
3. Approves that the parking of vehicles be restricted to a maximum period of sixty minutes on the east side of Madras Street commencing at a point 26 metres north of its intersection with Chester Street East and extending in a northerly direction for a distance of 15 metres.
4. Approves that the stopping of vehicles be prohibited at any time on the east side of Madras Street commencing at a point 41 metres north of its intersection with Chester Street East and extending in a northerly direction for a distance to its intersection with Oxford Terrace.
5. Approves that these resolutions take effect when the parking signage and/or road markings that evidence the restrictions described above are in place (or removed in the case of revocations).

4. Key Points

- 4.1 This recommendations in this report are consistent with the anticipated outcomes of the Traffic Safety & Efficiency Service Plan in the [Councils Long Term Plan \(2018 - 2028\)](#)
- 4.2 The following feasible options have been considered:
 - Option 1 - Install No Stopping and P60 parking (preferred option).

- Option 2 - Do Nothing
- 4.3 Option Summary - Advantages and Disadvantages (Preferred Option)

4.3.1 The advantages of this option include:

- Provides access for vehicles to the church at funeral ceremonies.
- Confirms the P60 parking that existed pre earthquake, and is requested by the church.

4.3.2 The disadvantages of this option include:

- Removes all day parking, replacing it with P60 parking.
- Removes one car parking space.

5. Context/Background

- 5.1 Prior to the earthquake sequence, a 60-minute parking restriction existed on the east side of Madras Street outside the Baptist Church.
- 5.2 The P60 signs have disappeared. The reason for this is not known, but possibly due to demolition activities associated with the original damaged church building.
- 5.3 People now park all day, and the church has two requests:
- a) Reinstate the 60-minute parking for their visitors /congregation.
 - b) Extend the no stopping so that a hearse can access the church during funeral services.

5.4 People are parking over the kerb cut down. This is not illegal if the cut down is only for non-motor vehicle use. People are not realising that this cut down acts as an entrance for motor vehicles at funeral times (hearses). Broken yellow lines will resolve this issue.

6. Option 1 - Install P60 and No Stopping (preferred)

Option Description

- 6.1 Install 60-minute parking and No Stopping on the east side of Madras Street, as detailed on Attachment A.

Significance

- 6.2 The level of significance of this option is low and is consistent with section 2 of this report. Engagement requirements for this level of significance includes the consultation with the owner and occupier of any property likely to be injuriously affected by the option.

Impact on Mana Whenua

- 6.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

- 6.4 The only affected property owners are the Baptist church, who are requesting these changes.
6.5 The Team Leader Parking Compliance supports this option.

Alignment with Council Plans and Policies

- 6.6 This option is consistent with Council's Plans and Policies.

Financial Implications

- 6.7 Cost of Implementation - \$400 for the installation, plus \$750 for consultation and the preparation of this report.
6.8 Funding source - Traffic Operations Budget.
6.9 Maintenance / Ongoing Costs - Covered under the area maintenance contract and effect will be minimal to the overall asset.

Legal Implications

- 6.10 Part 1, Clauses 7 and 8 of the Christchurch City Council Traffic and Parking Bylaw 2017 provides Council with the authority to install parking and stopping restrictions by resolution.
6.11 The Parking Restrictions Subcommittee has delegated authority from the Council to exercise the delegations as set out in the Register of Delegations.
6.12 The installation of any signs and/or markings associated with parking and stopping restrictions must comply with the Land Transport Rule: Traffic Control Devices 2004.

Risks and Mitigations

- 6.13 There is no identified risk with this option.

Implementation

- 6.14 Implementation dependencies – Committee approval.
6.15 Implementation timeframe - Approximately four weeks once the area contractor receives the request.

Option Summary - Advantages and Disadvantages

- 6.16 The advantages of this option include:
- Meets the needs of the Church.
 - Reconfirms time limited parking restrictions that existed pre-quakes.
- 6.17 The disadvantages of this option include:

- Removes all day car parking.
- Removes one car parking space.

7. Option 2 - Do Nothing

Option Description

7.1 Retain existing parking and stopping restrictions.

Significance

7.2 The level of significance of this option is low and is consistent with section 2 of this report.

Impact on Mana Whenua

7.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

7.4 This option is inconsistent with the Church request.

Alignment with Council Plans and Policies

7.5 This option is consistent with Council's Plans and Policies.

Financial Implications

7.6 Cost of Implementation - \$750 for consultation and the preparation of this report

7.7 Maintenance / Ongoing Costs - \$0

7.8 Funding source – Existing staff budgets.

Legal Implications

7.9 There is not a legal context, issue or implication relevant to this option.

Risks and Mitigations

7.10 There is a risk of the Church petitioning Council further to assist with church activities and in particular, sensitive activities such as funerals.

Implementation

7.11 Implementation dependencies - Not applicable.

7.12 Implementation timeframe - Not applicable.

Option Summary - Advantages and Disadvantages

7.13 The advantages of this option include:

- Has no impact on-street parking.

7.14 The disadvantages of this option include:

- It does not address the requests of the church.

Presenter(s): Michael Thomson - Transport Engineer

1. Purpose and Origin of Report

Purpose of Report

- 1.1 The purpose of this report is for the Parking Restrictions Subcommittee to approve the installation of Parking and Stopping Restrictions on Antigua Street between Tuam Street and Oxford Terrace in accordance with Attachment A.

Origin of Report

- 1.2 This report is staff generated in response to requests from the CDHB for the Parking Restrictions Subcommittee to update the parking and stopping restrictions to meet the current demand outside the Outpatients department.

2. Significance

- 2.1 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
 - 2.1.1 The level of significance was determined by comparing factors relating to this decision against the criteria set out in the Council's Significance and Engagement Policy.
 - 2.1.2 The community engagement and consultation outlined in this report reflect the assessment.

3. Staff Recommendations

That the Parking Restrictions Subcommittee:

1. Approves that any previous resolutions pertaining to parking or stopping restrictions made pursuant to any bylaw to the extent that they are in conflict with those described below are revoked.
2. Approves that the stopping of vehicles be prohibited at any time on the west side of Antigua Street commencing at its intersection with Tuam Street and extending in a northerly direction for a distance of 11 metres.
3. Approves that the parking of vehicles be restricted to a maximum period of five minutes on the west side of Antigua Street, commencing at a point 11 metres north of its intersection with Tuam Street and extending in a northerly direction for a distance of 11 metres. This restriction is to apply at any time.
4. Approves that the parking of vehicles be restricted to a maximum period of 120 minutes and be reserved for vehicles with an approved disabled person's parking permit, prominently displayed in the vehicle, in accordance with section 6.4 (1) of the Land Transport (Road User) Rule 2004. This restriction is to apply at any time and be located on the west side of Antigua Street, commencing at a point 22 metres north of its intersection with Tuam Street and extending in a northerly direction for a distance of 20 metres.
5. Approves that the stopping of vehicles be prohibited at any time on the west side of Antigua Street commencing at a point 31 metres north of its intersection with Tuam Street and extending in a northerly direction to its intersection with Oxford Terrace.

6. Approves these resolutions take effect when the parking signage and/or road markings that evidence the restrictions described above are in place (or removed in the case of revocations).

4. Key Points

- 4.1 This recommendations in this report are consistent with the anticipated outcomes of the Traffic Safety & Efficiency Service Plan in the [Councils Long Term Plan \(2018 - 2028\)](#)
- 4.2 The following feasible options have been considered:
- Option 1 - Install updated parking and stopping restrictions (preferred option)
 - Option 2 - Do Nothing
- 4.3 Option Summary - Advantages and Disadvantages (Preferred Option)
- 4.3.1 The advantages of this option include:
- Meets the current needs of the Outpatients Department by supplying short term and mobility parking.
- 4.3.2 The disadvantages of this option include:
- None identified

5. Context/Background

- 5.1 On 10 September 2015, Council approved the earlier September ITE Committee's recommendations for parking and stopping on a number of streets surrounding Christchurch Public Hospital. The kerbside that is the subject of this report, is located directly outside the Antigua Street frontage to the Outpatients department.
- 5.2 The 2015 approvals formed part of the *An Accessible City* Transport Projects entitled TP1b, TP3, and TP4.
- 5.3 The original P5 parks were temporarily changed (via a TMP) into a Hospital Shuttle stop, with the shuttle operating between various sites around the Hospital and the Lichfield Street car park building. A motorcycle stand was originally proposed between the P5 and the mobility parks, although never installed.
- 5.4 The CDHB facilities manager is requesting Council approve a new layout where all available parking outside Outpatients is five-minute parking or mobility parks.

6. Option 1 - Install Five minute and Mobility parking outside Outpatients (preferred)

Option Description

- 6.1 Two P5 parks and three Mobility parks to be installed /reconfirmed on the west side of Antigua Street, between Tuam Street and Oxford Terrace, as detailed on Attachment A.

Significance

- 6.2 The level of significance of this option is low and is consistent with section 2 of this report. Engagement requirements for this level of significance includes the consultation with the owner and occupier of any property likely to be injuriously affected by the option.

Impact on Mana Whenua

- 6.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

- 6.4 This is requested by the CDHB, being the only property owner affected.
- 6.5 The Team Leader Parking Compliance supports this option.

Alignment with Council Plans and Policies

- 6.6 This option is consistent with Council's Plans and Policies.

Financial Implications

- 6.7 Cost of Implementation - \$300 for the installation, plus \$750 for consultation and the preparation of this report
- 6.8 Funding source - Traffic Operations Budget.
- 6.9 Maintenance / Ongoing Costs - Covered under the area maintenance contract and effect will be minimal to the overall asset.

Legal Implications

- 6.10 Part 1, Clauses 7 and 8 of the Christchurch City Council Traffic and Parking Bylaw 2017 provides Council with the authority to install parking and stopping restrictions by resolution.
- 6.11 The Parking Restrictions Subcommittee has delegated authority from the Council to exercise the delegations as set out in the Register of Delegations.
- 6.12 The installation of any signs and/or markings associated with parking and stopping restrictions must comply with the Land Transport Rule: Traffic Control Devices 2004.

Risks and Mitigations

- 6.13 There is no identified risks with this option.

Implementation

- 6.14 Implementation dependencies – Committee approval.
- 6.15 Implementation timeframe - Approximately two weeks once the area contractor receives the request.

Option Summary - Advantages and Disadvantages

- 6.16 The advantages of this option include:
 - Meets the Outpatients short term and specialist parking needs.
- 6.17 The disadvantages of this option include:
 - None identified.

7. Option 2 - Do Nothing

Option Description

- 7.1 Retain existing parking and stopping restrictions

Significance

- 7.2 The level of significance of this option is low and is consistent with section 2 of this report.

Impact on Mana Whenua

- 7.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

7.4 This option is inconsistent with the CDHB on behalf of visiting patients - requests for changes to parking and/or stopping restriction.

Alignment with Council Plans and Policies

7.5 This option is consistent with Council's Plans and Policies.

Financial Implications

Attachment A

9. Salisbury Street at Car Park Exit

Reference: 19/168419

Presenter(s): Michael Thomson - Transport Engineer

1. Purpose and Origin of Report

Purpose of Report

- 1.1 The purpose of this report is for the Parking Restrictions Subcommittee to approve the installation of No Stopping restrictions on Salisbury Street at a car park exit between Montreal Street and Durham Street South in accordance with Attachment A.

Origin of Report

- 1.2 This report is staff generated in response to a request from the manager of the car park which is operated by Wilsons.

2. Significance

- 2.1 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
 - 2.1.1 The level of significance was determined by comparing factors relating to this decision against the criteria set out in the Council's Significance and Engagement Policy.
 - 2.1.2 The community engagement and consultation outlined in this report reflect the assessment.

3. Staff Recommendations

That the Parking Restrictions Subcommittee:

1. Approves that any previous resolutions pertaining to parking or stopping restrictions made pursuant to any bylaw to the extent that they are in conflict with those below are revoked.
2. Approves that the stopping of vehicles be prohibited at any time on the south side of Salisbury Street commencing at its intersection with Durham Street South and extending in a westerly direction for a distance of 38 metres.
3. Approves that the stopping of vehicles be prohibited at any time on the south side of Salisbury Street commencing at a point 67 metres west of its intersection with Durham Street South and extending in a westerly direction for a distance of 14 metres.
4. Approves that these resolutions take effect when the parking signage and/or road markings that evidence the restrictions described above are in place (or removed in the case of revocations).

4. Key Points

- 4.1 This recommendations in this report are consistent with the anticipated outcomes of the Traffic Safety & Efficiency Service Plan in the [Councils Long Term Plan \(2018 - 2028\)](#)
- 4.2 The following feasible options have been considered:
 - Option 1 - Install a no stopping restriction (preferred option)
 - Option 2 - Do Nothing
- 4.3 Option Summary - Advantages and Disadvantages (Preferred Option)
 - 4.3.1 The advantages of this option include:

- Improves safety for the motoring public when exiting the car park.

4.3.2 The disadvantages of this option include:

- Removes one unrestricted car parking space.

5. Context/Background

- 5.1 A significant off street car park (approximately one hectare) has been developed within the block bounded by Salisbury Street, Durham Street South, Peterborough Street and Victoria Street. Refer Attachment A.
- 5.2 This is a time limited car park, very close to the city centre /retailing area of Victoria Street, with barrier controlled entry /exit points. The result is a high frequency of vehicle movements in and out of the site.
- 5.3 The site management has requested improvements to sight lines when exiting onto Salisbury Street, which has a 50 km /h speed limit. The removal of one car space is requested. The relatively steep road camber contributes to poor visibility, due to the lower level for the motorist when exiting.

6. Option 1 - Install No Stopping (preferred)

Option Description

- 6.1 Install No stopping (broken yellow lines) for one car park length on the immediate approach side of the Salisbury Street exit.

Significance

- 6.2 The level of significance of this option is low and is consistent with section 2 of this report. Engagement requirements for this level of significance includes the consultation with the owner and occupier of any property likely to be injuriously affected by the option.

Impact on Mana Whenua

- 6.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

- 6.4 This is a request from the management of the site. No other property owners are affected.
- 6.5 The Team Leader Parking Compliance supports this option.

Alignment with Council Plans and Policies

- 6.6 This option is consistent with Council's Plans and Policies.

Financial Implications

- 6.7 Cost of Implementation - \$100 for the installation, plus \$750 for consultation and the preparation of this report
- 6.8 Funding source - Traffic Operations Budget.
- 6.9 Maintenance / Ongoing Costs - Covered under the area maintenance contract and effect will be minimal to the overall asset.

Legal Implications

- 6.10 Part 1, Clauses 7 and 8 of the Christchurch City Council Traffic and Parking Bylaw 2017 provides Council with the authority to install parking and stopping restrictions by resolution.
- 6.11 The Parking Restrictions Subcommittee has delegated authority from the Council to exercise the delegations as set out in the Register of Delegations.
- 6.12 The installation of any signs and/or markings associated with parking and stopping restrictions must comply with the Land Transport Rule: Traffic Control Devices 2004.

Risks and Mitigations

- 6.13 There are no risks identified with this preferred option.

Implementation

- 6.14 Implementation dependencies – Committee approval.
- 6.15 Implementation timeframe - Approximately two weeks once the area contractor receives the request.

Option Summary - Advantages and Disadvantages

- 6.16 The advantages of this option include:
- Improves safety.
- 6.17 The disadvantages of this option include:
- Removes one unrestricted car park.

7. Option 2 - Do Nothing

Option Description

7.1 Retain existing situation.

Significance

7.2 The level of significance of this option is low and is consistent with section 2 of this report.

Impact on Mana Whenua

7.3 This option does not involve a significant decision in relation to land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Ngāi Tahu, their culture and traditions.

Community Views and Preferences

7.4 This option is inconsistent with the request from the car park management.

Alignment with Council Plans and Policies

7.5 This option is inconsistent with Council's Plans and Policies.

7.5.1 Inconsistency – does not address the road safety concern.

7.5.2 Reason for inconsistency – reducing road crashes on the network.

Financial Implications

7.6 Cost of Implementation - \$750 for consultation and the preparation of this report.

7.7 Maintenance / Ongoing Costs - \$0.

7.8 Funding source – Existing staff budgets.

Legal Implications

7.9 There is not a legal context, issue or implication relevant to this option.

Risks and Mitigations

7.10 None identified.

Implementation

7.11 Implementation dependencies - Not applicable.

7.12 Implementation timeframe - Not applicable.

Option Summary - Advantages and Disadvantages

7.13 The advantages of this option include:

- Has no impact on-street parking.

7.14 The disadvantages of this option include:

- It does not address the restricted sightlines at the car park exit and therefore the safety risk is not dealt with.
