11<sup>th</sup> June 2019

Chairman  
Waipuna – Halswell Hornby Riccarton Community Board  
Christchurch City Council

Mr Chairman, Elected Members,

We, the Aidanfield Christian School Board of Trustees, would like to thank the Council for your fantastic and speedy delivery of the traffic safety improvements on Aidanfield Drive over the recent school holiday period. The parking bays are working well and have made it much safer for parents dropping their children at our school while passing traffic is less impeded. With less bus traffic on the school site it has improved safety on site as well.

During the process there was a suggestion made that the Council and their traffic engineers would be open to assisting with reviewing parking and traffic movement on and around our school, we would be keen to take this offer up and engage together with the Council and the traffic engineering team in this process.

Yours sincerely,

Mark Peters – Trustee  
On behalf of Aidanfield Christian School, Board of Trustees
