20/5/2019

Dear Faye Collins and Community Board Advisors,
I am writing on behalf of all the residents of Units 34, 36, and 38 Athelstan Street Spreydon, who wish to apply for a speed restriction to be applied along Athelstan Street.
Currently we have an area of extremely high traffic flow, in conjunction with limited visibility, due to cars being parked on either side of our drive ways.
We have the Barrington Mall car park entrance directly opposite our drive ways, and cars entering from Simeon Street at great speed trying to catch the green light at the Barrington Street end of Athelstan Street. Into the mix we have a Safe Island, which is used by many elderly people and families, very busy Bus Stops, both sides of Athelstan Street, a busy Medical Centre, the two entrances to the Mall and a Taxi Stand, making Athelstan Street a very busy Hub for the Barrington, Spreydon and Somerfield community.

We would appreciate your serious consideration into these matters. We believe it would not only enhance the safety of the residents of Athelstan Street, but would make it a much safer environment for the community as a whole.
We note there are many speed restrictions now successfully applied around Malls all over Christchurch and also our Central City.

We have residents requiring ongoing visits from Nurse Maude and other care providers on a daily basis, off street parking is very tight and limited for the 8 units, and causes some frustration and stress for caregivers and residents alike.
Making more available, on street parking for these providers and other short term users, would be much appreciated by our community.
Once again we wish to thank you and the Community Board Advisors for taking the time to consider our requests.

Kind Regards
