Context

There are four Rūnanga whose takiwā or territories lie within the Christchurch City Council’s area of jurisdiction. Two, Te Taumutu Rūnanga and Te Ngāi Tūāhuriri Rūnanga, have boundaries that include Christchurch City but also extend beyond the City Council’s jurisdiction.

Representatives from each Rūnanga come together to form Te Kāhui Kahukura, a body which has the authority to exercise decision making powers on behalf of Ngā Papatipu Rūnanga. Through its various regulatory functions, such as District Planning and others prescribed by the Resource Management Act, the Christchurch City Council has a direct relationship with Te Kāhui Kahukura.

In this context, the Christchurch City Council established Te Hononga Council - Papatipu Rūnanga Committee, which includes representatives from the Council and the six Rūnanga, to further enhance the relationship between the Council and Ngāi Tahu.

There are three intrinsic values which are fundamental to Ngā Papatipu Rūnanga. These are protecting and enhancing water quality, protecting Māori Reserve Land, and safeguarding the interests of future generations. These are closely aligned with three equivalent values held by the Christchurch City Council. The Council has statutory responsibility for meeting the needs of future generations, providing safe

drinking water and protecting its parks and reserves. The committee will work to seek alignment of these values and work towards them for the benefit of everyone in Christchurch and Banks Peninsula. The takiwā of the six Papatipu Rūnanga was described Schedule 1 of the Te Rūnanga o Ngāi Tahu Act 1996, which has since been superseded by the Te Rūnanga o Ngāi Tahu (Declaration of Membership) Order 2001:

Te Ngāi Tūāhuriri Rūnanga: The takiwā of Te Ngāi Tūāhuriri Rūnanga centres on Tuahiwi and extends from the Hurunui to Hakatere, sharing an interest with Arowhenua Rūnanga northwards to Rakaia, and thence inland to the Main Divide.

Rapaki Rūnanga: The takiwā of Rapaki Rūnanga centres on Rapaki and includes the catchment of Whakaraupo and Te Kaituna.

Te Rūnanga o Koukourārata: The takiwā of Te Rūnanga o Koukourārata centres on Koukourārata and extends from Pohatu Pā to the shores of Te Waihora including Te Kaituna.

Wairewa Rūnanga: The takiwā of Wairewa Rūnanga centres on Wairewa and the catchment of the lake Te Wairewa and the hills and coast to the adjoining takiwā of Koukourārata, Onuku Rūnanga, and Taumutu Rūnanga.

Te Rūnanga o Ōnuku: The takiwā of Te Rūnanga o Ōnuku centres on Ōnuku and the hills and coasts of Akaroa to the adjoining takiwā of Te Rūnanga o Koukourārata and Wairewa Rūnanga.

Taumutu Rūnanga: The takiwā of Taumutu Rūnanga centres on Taumutu and the waters of Te Waihora and adjoining lands and shares a common interest with Te Ngāi Tūāhuriri Rūnanga and Te Rūnanga o Arowhenua in the area south to Hakatere.

7. Building in the Papakainga/Kāinga Nohoanga Zones

Reference: 19/624311

Presenter(s): Gabrielle Huria – Principal Advisor Ngai Tāhu Relationship

1. Purpose of Report

- 1.1 The purpose of this report is to present to the Committee a booklet on building in the Papakainga/Kāinga Nohoanga Zones.
- 1.2 The Papakainga/Kāinga Nohoanga zones are outlined in Chapter 12 of the Christchurch District Plan and were intended to enable the use and development of [Māori land](#) for a range of [residential activities](#) and non-residential activities in accordance with tikanga Māori, including kāinga nohoanga and mahinga kai, to support the social, cultural and economic aspirations of mana whenua.
- 1.3 The Committee discussed building within the Papakainga/Kāinga Nohoanga at two meetings in 2017. During those discussions, Rūnanga representatives advised that they needed further information to understand the consenting requirements to build in the Zones.
- 1.4 Council Officers in partnership with Te Rūnanga o Ngāi Tahu have produced booklets to explain the Papakainga/Kāinga Nohoanga zone provisions for each Māori reserve as well as other relevant resource consent considerations. The booklets are **Attachments A – D** to this report. .

2. Staff Recommendations

That the Te Hononga Council - Papatipu Rūnanga Committee:

1. Receive the information in the report.
2. Request staff to work with Rūnanga to enable development on the Papakainga/Kāinga Nohoanga zones.
3. Requests the Chief Executive to adopt the correct Ngāi Tahu name when referring to Māori Reserves in the South Island in Christchurch City Council documents. The correct name is 'Kāinga Nohoanga'.

3. Key Overview of Building within the Papakāinga/Kāinga Nohoanga Zone booklets

- 3.1 Ngāi Tahu use the term Kāinga Nohoanga to describe their traditional areas of living on tribal lands. There are many such Māori Reserves in the Canterbury Region. They are important because they originate from the deeds of purchase made in the Canterbury region in the 1800s. Kāinga Nohoanga were places set aside for townships, residences and places of subdivision where Ngāi Tahu could live. They were also mahinga kai areas of trade and industry.
- 3.2 Papakāinga is a term from the North Island used to describe traditional forms of Māori communal living on ancestral or tribal lands. Papakāinga can also be a government programme to support housing development on Māori land.

- 3.3 The District Plan uses both terms and specifically highlighted five areas as Papakainga/Kainga Nohoanga zones. These are;
- 3.3.1 Koukourārata (MR874)
 - 3.3.2 Rāpaki (MR875)
 - 3.3.3 Ōpukutahi (MR885)
 - 3.3.4 Ōnuku (MR886)
 - 3.3.5 Wairewa (MR887)
- 3.4 The plan aims to create an enabling framework to provide for development and seeks to help the Council decide if a resource consent is needed. The booklets outline the rules that cover each zone and which activities are permitted providing they also meet the requirement of an Activity Specific Standard. For example; residential dwellings are permitted but are also required to comply with Activity Specific Standards such as, flood protection activities or built form standards such as a maximum building height of nine metres. The booklets explain what is required to build within these zones.
