We want every child to know:

What you have inside is greater than any obstacle.
Our story.

Founded by Kiwi legends, Sir Graeme Dingle and Jo-anne Wilkinson, in response to NZ’s woeful youth statistics (some of the worst in the OECD), we’ve walked alongside and strengthened the mental fitness of young Kiwis for the past 24 years.

We’re positive, upbeat, with a can-do, ‘glass-half-full’ attitude, and we believe our vision is possible, but only through collaboration.

Our vision: By 2050, NZ will be the best place in the world for kids to grow up.

Why would someone park at the Sign of the Kiwi

- Go for a walk
- Look at the view
- Go to café
- Go for a run
- Use toilets – only ones in vicinity
- Get away from the city
- Peaceful area / reduce stress (Mental Health)
- Work in café
- Any combination of the above
  - Perhaps cycling, but likely to park elsewhere
  - Rock climbing and para-gliding park elsewhere
Factors that affect number of vehicles

- Time of day
- Day of week – Sundays, Saturdays, weekdays, statutory holidays, school holidays
- Seasons – Winter, Spring, Summer, Autumn
- Weather – warm, freezing, wet, sunny, snowing, windy, still
- Closeness to café and opening hours
- Nearby tracks – convenient starting point
- Longer tracks – convenient starting point
- View
- Toilets nearby
- Personal safety – varies depending on numbers around
- Vehicle safety – varies depending on numbers around
Who might be in the vehicles - can describe in different ways

- Local people familiar with the area – regular visits
- Local people not familiar with Port Hills
- Tourists

- Able adults / children
- Less able adults / children w/out mobility card
- Adults / children with mobility card
Approved Parking Restrictions at the Sign of the Kiwi – Nov 2018
Query: Can 9 vehicles still park in area B now that there are yellow - - - both sides of the road where the tree is? How many cars can park on each side of the road in Area B? Does area C begin the other side of the yellow - - - ?
Pedestrian paths marked in red, but without contour lines. Sugarloaf is steep, so next easiest parking spaces to Kiwi are west along Summit Road.
Sign of the Kiwi area
Information query

Zone A – When there are spaces, was the disabled space occupied?

Zone B – now has yellow - - - - - . Where are 9 parks? (2 Sign of Kiwi side of road, 5 between cattle stop and - - - - - ? Are 9 possible?)

Zone C – all parks on city side of Summit Road. Are Sign of Kiwi café staff parking in Zone C?

Were any motorcycles in the two spaces allocated to them? No signage
Observations do not
• Indicate the effect of seasonal change as only Sept and March days. Do not indicate weather on surveyed days
• Indicate whether disabled parking space used when not 100% capacity in area A
• No indication from this data whether the length of the restriction is optimal (does it need to be until 5pm?)
• Whether zone C is being used for café staff parking
• Realistically after A, B & C zones, best parking in zones D & E for access to Sign of Kiwi amenities as closer & more accessible than zones G, H & I
Just before midday on Thursday, 1st August 2019
Disabled parking

- Disabled park to be 3rd or 4th from cattle-stop to allow view while seated in vehicle
- Is it possible to have a disabled park that can be used by others for up to 5 or 10mins who may have just wanted to stop to look at view or for toilets?
Car parks accessibility – west on Summit Road

- 5 mins walk along path by road to first (9 spaces) or walk both ways on city side of road
- 10 mins walk along path by road to second (22 spaces) or walk both ways on city side of road
- Some steps just before Sign of Kiwi on path – erect handrail
- As mainly be used in Summertime retain natural character
- Superb views of harbour along path just before first parking place
- Will require seating along roadside / paths for those requiring a rest along way
- Safety / security concerns when less people in area
Area E

Parking
Spaces = 22

9% = 2 vehicles

Not seen from Sign of Kiwi or Dyers Pass Road
Area D
Parking Spaces = 9
22% = 2 vehicles
67% = 6 vehicles

Not seen from Sign of Kiwi or Dyers Pass Road
**Opening Hours**

**Mon – Fri 8:30am – 4:30pm**

**Sat – Sun 8:30am – 5pm**

(closes early on rainy days)

**Current parking restriction is 9am – 5pm (can park longer between 4pm – 10am)**

**Harry Ell:** A network of scenic reserves along the Port Hills with regularly spaced rest houses for the refreshments of walkers

www.signofthekiwi.co.nz/opening-hours
11:55am Thursday, 1st August, 2019
weather – windy but not raining
Thursday, 1st August, 2019

Christchurch Airport

Wind: 69km/hr SW
Temp: 0 – 11C
Rainfall: 4.2mm
Signage at car park – zone A

I’m just a little carpark and sometimes more people want to park here than there is space. It all depends on the seasons and the weather. If I look busy and you can walk 5 or 10 minutes, please consider parking at Parks D & E. D is only 5mins walk and there are great views over the harbour. E is a much bigger space, but will take 10 minutes to walk to the Sign of Kiwi, and you can stop and look at the views at D. It will be well worth it. There is a seat for those who need a rest.

Not everyone can walk that far, so if you can walk and I’m nearly full please park elsewhere and walk so those less able can use this space. If the weather is lousy and I’ve got lots of room, you’re free to park here too.
Please consider:

• P60 only in months October to March and only to 4:30pm so parents can park there if drive children up straight after school
• There are many who do not qualify for a mobility card, but who cannot walk 5 minutes on the hills.
• Sign at car park asking more able to park elsewhere and walk when car park busy
• Is it possible to permit others to park for just 10mins in disabled park?
• Roadside path required from parks D & E as present paths include steps. Seats along way required. Consider also where mountain bikers enter and exit Summit Road
• Possibility in future of CCTV being used to issue parking tickets for revenue
Other car parks accessibility – Sugarloaf car park

- 15 minutes walk (30 car spaces)
- Uninterrupted views of the city
- View of city, mountains, sea and estuary
- Requires ability to manage rocky steps
- Natural path with exposed volcanic rock and many steps
- Signage needs improving especially from car park
Coronation Hill Track round 2nd bluff

- Dangerous rocks – path requires closing until made safe
- Overgrown path requires trimming
11:55am Thursday, 1\textsuperscript{st} August, 2019
weather – windy but not raining although had been
Consideration of parking nearby

• Are there plans to restrict other nearby parking?
• Will parking on the other side of cattle-stop be affected? (time restriction, parking formally marked – zone B
• Will parking along roadside continue to be permitted – zone C? Are there safety concerns?
• Signage from other parking areas – no sign at Sugarloaf carpark and path is below carpark so not seen from where park
• Paths left in present state, close to natural as possible - not upgraded to remove steps, metres wide, loose shingle, remove grass, wooden edging
Proposal P60 every day from 8am – 6pm

• This allows to park longer provided left by 9am and arrive after 5pm
• Very busy days – 60 minute parking restriction will still leave insufficient space for all who wish to park, even for less than 60 minutes
• Not possible to go for a walk and café. Café may suffer less patronage
• Always conscious of the time you have – anxiety and stress
• Times when very few people around forced to park away to a less visible area than this park is, while this parking area is 99% not full. Will be more frequent than when full.
• Person / vehicle safety, less convenient
• In the middle of winter, covers through to sunset, only one hour after dawn
Time required for activities

- Look at the view – 10 minutes
- Eat at café – 10 minutes to buy ice cream, much longer for café
- Walk circuit of Coronation Hill – 30 minutes
- Walk a circuit of Sugarloaf – 70 minutes
- Longer walking / running – 1+ hours
- Combination – short walk & café – 1 ½ to 2 hrs
- Longer walking / running & café 1 ½ + hours
The Winter Tale – William Shakespeare

· Jog on, Jog on, the footpath way.
   And merrily hent the stile-a.
   A merry heart goes all the day.
   You sad ties in a mile a.

Harry Ell: A network of scenic reserves along the Port Hills with regularly spaced rest houses for the refreshments of walkers.
Survey data available – Sunday 9th Sept with vehicles parked longer than 120 mins removed

## Permit vehicle parking for up to 120 minutes

using data from observations on Saturday, 9th September 2017

(remove vehicles parked for longer in Area A and replace with vehicles from other areas)

| Park # | 08:00 | 08:15 | 08:30 | 08:45 | 09:00 | 09:15 | 09:30 | 09:45 | 10:00 | 10:15 | 10:30 | 10:45 | 11:00 | 11:15 | 11:30 | 11:45 | 12:00 | 12:15 | 12:30 | 12:45 | 13:00 | 13:15 | 13:30 | 13:45 | 14:00 | 14:15 | 14:30 | 14:45 | 15:00 | 15:15 | 15:30 | 15:45 | 16:00 | 16:15 | 16:30 | 16:45 |

- **Yellow**: Vehicles parked in Area A for no more than 120 minutes
- **Green**: Vehicles parked in Areas B & C for no more than 120 minutes moved to Area A
- **Blue**: Vehicles parked in Area D for no more than 120 minutes moved to Area A
- **Purple**: Vehicles parked in Area D for no more than 120 minutes that cannot be in Area A
Possible effects of P60 restriction from 8am to 6pm

- People deterred from parking here, just in case their walk / run takes longer than intended.
- No time to visit café after a walk / run
- Car park near empty but forced to park elsewhere
- Changes – automatic ticketing, even when carpark near empty
- What should have been an enjoyable day in the Port Hills becomes stressful because of a parking fine
4. Key points

4.2 The following feasible options have been considered

Option 1: P60 as described
Option 2: Do nothing

Why not consider:

- Making people aware – asking for consideration to self-regulate
- P120 but only on busy days and times in summer
Alternatives

Parking permitted for longer, only days that are deemed likely to be busy, less of the day

- On really busy days still no spaces in car park because all those who will be less than an hour will park there
- Those less able to walk a distance cannot park and walk to cafe
- Councils tend to cover more days / times than are necessary
- Cannot know in advance of putting up notices, what the weather will be like (nor-west Sunday in Winter, wet windy day in Summer)
- May have only intended to walk / run for so long but enjoying it and would have gone further, but have to turn back to leave car park in case get ticket.
- Denied parking in car park with better personal and vehicle safety when car park is empty or nearly empty
- Not able to change into dry, warm clothes after long walk / run before getting into car
- Always conscious of the time / stress over how long it will take to get back to vehicle especially if doing a circuit
Polite Notice – Self regulate Option One

Design a notice pointing out that sometimes this car park is really busy, but at other times there is plenty of space. Ask for consideration on busy days, especially if you are fit and able to park and walk from nearby car parks (marked on a map with times to walk) which will be a more enjoyable experience too. But welcome those who are less able to walk and for those who have very limited time to stop.

When not busy, if concerned for personal or vehicle safety, or convenience, park there.

Write notice so it’s appealing, perhaps witty and fun to read.

But finish that if the car park is not self-regulated, parking restrictions will be imposed.
