Strategic Framework
The Council’s Vision – Christchurch is a city of opportunity for all.
Open to new ideas, new people and new ways of doing things – a city where anything is possible.

Whiria ngā whenu o ngā papa
Honoa ki te maurua tāukiuki
Bind together the strands of each mat
And join together with the seams of respect and reciprocity.

The partnership with Papatipu Rūnanga reflects mutual understanding and respect, and a goal of improving the economic, cultural, environmental and social wellbeing for all.

Overarching Principle
Partnership - Our people are our taonga – to be treasured and encouraged. By working together we can create a city that uses their skill and talent, where we can all participate, and be valued.

3. **Key Points**

3.1 Public consultation was carried out through standard channels with the period of time allowing for objections to be received meeting the minimum time period of one week. The application was publicly notified on 17 June 2019 with objections closing on 25 June 2019. There were no objections received.

3.2 The purpose of the proposed closures is to facilitate public access and egress to Rugby Matches, held at Orangetheory Stadium, for the Mitre 10 Cup rugby matches 2019.

3.3 Road closures for Rugby Matches have previously been approved by the Road Closure Subcommittee at this location in the proposed format.

3.4 There is only one direct vehicle access way onto the section of Jack Hinton Drive proposed to be closed, Park Lane Retirement Village. This property has alternative access from Whiteleigh Avenue that will be unimpeded by the proposed closure.

3.5 The proposed closures include the closure of Twigger Street which has residential properties on it. Resident access is proposed to be maintained by way of a pass system where vehicle access will be maintained via the Wrights Road entry to the Stadium and Raceway complex when Twigger Street is closed. The proposed closures include a scheduled reopening of Twigger Street that facilitates resident access during matches, after kick off until part way through the second half of matches, to reduce the restriction on access to Lincoln Road from Twigger Street. The reopening of Twigger Street was developed as a way to facilitate access for residents who were concerned with regards to restrictions imposed during the closure of Twigger Street. The deployment of staged closures and reopening has received favourable feedback from the residents of Twigger Street when deployed for other events already undertaken.

3.6 To mitigate the impact of the proposed closure of Twigger Street, a drop off zone will be established on Lincoln Road between Lindores Street and Twigger Street, when Twigger Street is closed.

3.7 The event organisers have contacted the local residents, via letter drop, to provide details of the proposed closures and to provide an opportunity to engage with them should residents have any issues. The event organisers will supply information to the Subcommittee regarding the feedback they have received.

3.8 The Christchurch Transport Operations Centre supports the proposed closures and believes the proposed closures will not unreasonably impact traffic.
