# Path between cemetery and Studholme Street

Before

After

## Is this new path an improvement?

- The surface is harder for pedestrians
- It goes through the middle of the playground, but will encourage faster speeds by cyclists and those on e-wheels
- Has been widened, bringing it closer to play equipment and more asphalt in the park
- With wooden edges, possible to sprain an ankle on this hard surface
- Path has been raised reducing likelihood of grass remaining flush with edging
