# Background

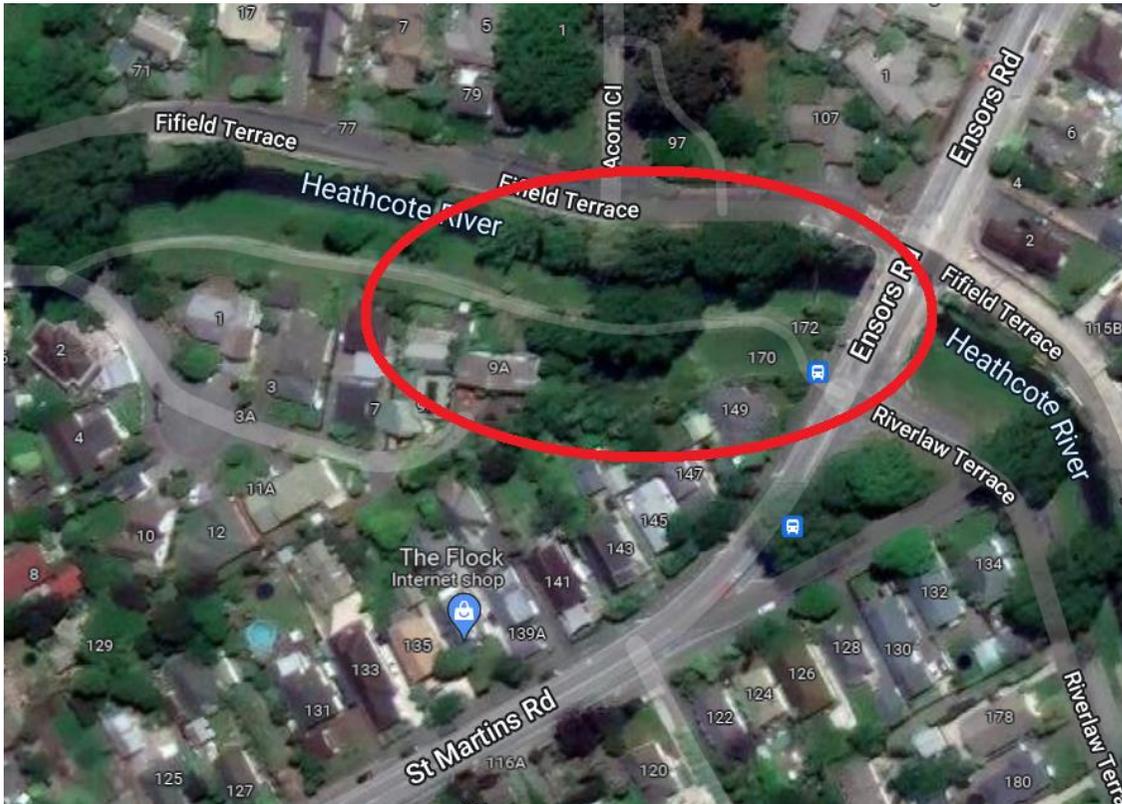

Friends of Riverlaw Esplanade Reserve is a new group aiming to care for these three local purpose reserves

•Started to form in August, been delayed

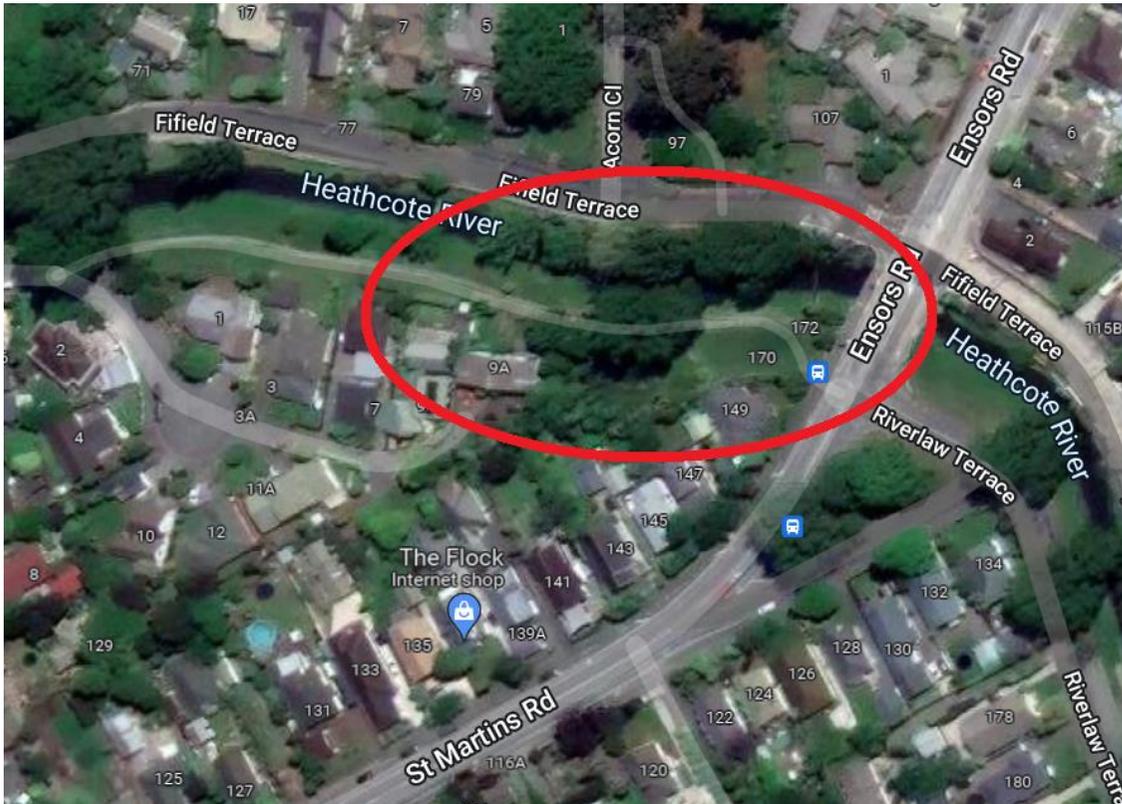

•Mainly residents, linked in with OHRN, CCC parks team, & potentially partnered with a local school

•The reserves are located at 172 Riverlaw Tce, between St Martins Rd & Riverlaw Tce

•They have snappy names like “Local Purpose Reserve Esplanade Heathcote River, Water Retention Reserve Heathcote River, & Local Purpose Reserve Water Retention St Martins”

# What it's like now

- Pretty uncared for beyond basic maintenance
- Mainly grass, with a sealed but bumpy shared path running between Riverlaw Tce and St Martins Rd
- Features a picturesque drain with a wooden footbridge
- Surrounding this drain is a small stand of trees, flax, and other plantings.

# What we're planning

•Monthly working bees on the first Sunday of each month, initially focusing on the stand & area between it and St Martins Rd

•Weeding, planting, general tidying, plus some longer-term goals:

•Increasing the number of trees in the stand to create a tiny forest

•Planting flax & other low plants along the river bank for stabilisation

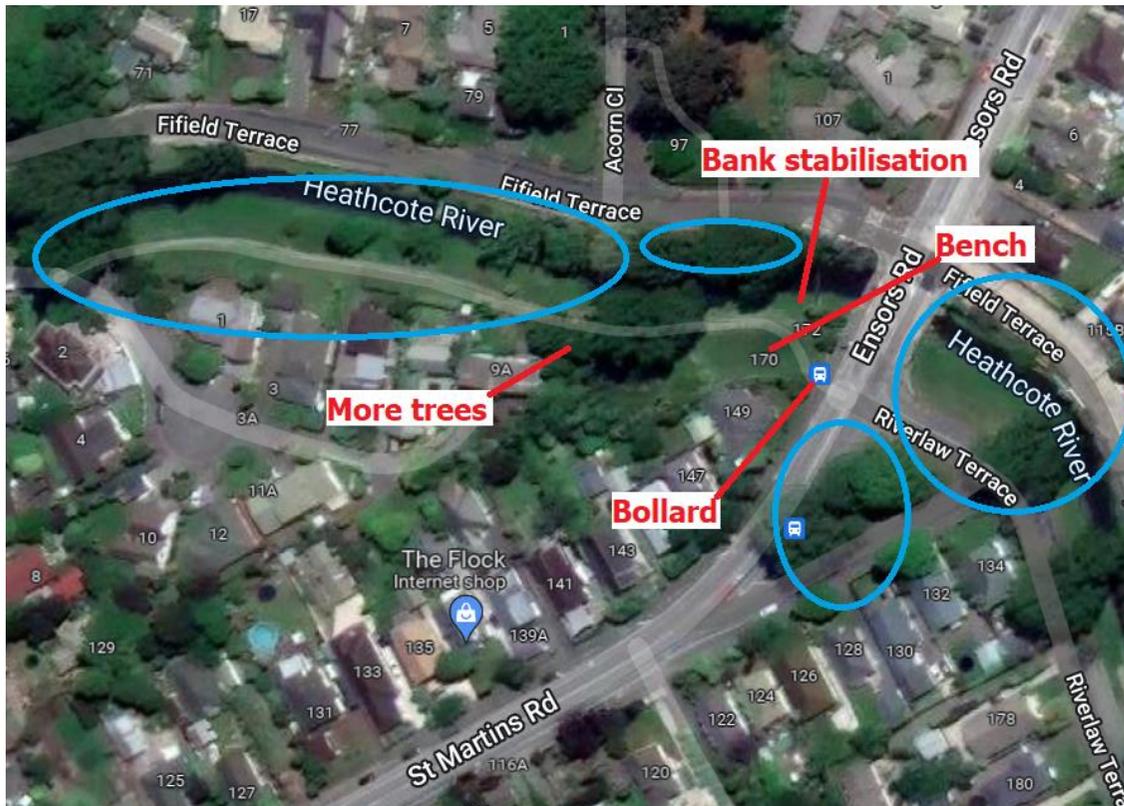

•Bench for sitting, removable bollard to stop cars from driving down into the reserve

•Approaching mana whenua to determine an appropriate name
