**4.2 Pedestrian Access at Hackthorne / Dyers Pass Roads Intersection**

Andy Beck, resident and business owner, spoke about a proposal to have steps installed from his property, the former Masonic Lodge, through to the pedestrian crossing point at the intersection of Hackthorne / Dyers Pass Roads. The crossing services Cashmere Primary School. It is noted that the steps would extend onto Council owned land.

Mr Beck requested Council support in getting the steps installed on the section of land owned by the Council.

A Board member noted that there were wider safety issues in the area, particularly for Cashmere Primary School pupil and parent movements.

A Board member asked if a site meeting could be held with Mr Beck and the Board.

A Board member suggested asking for staff advice on the process required to implement the proposal, including ways to make the corner safer for pedestrians.

The Board thanked Mr Beck for his presentation.

### **4.1 History of Marylands**

Gareth Wright, secretary of the Addington Neighbourhood Association, spoke regarding the history of the land where the former Marylands School was located.

The land was purchased in 1857 by Sir John Hall, former Premier of New Zealand, naming it Riseholme. Ownership transferred to the Sisters of Nazareth in 1916 who established St Joseph's Boys Home on the site in 1921. From 1952 the home was reformed into a home for older boys under the new ownership of a religious order known as the Order of the Picpus Fathers. They renamed the home Marylands and subsequently taken over in 1955 by the Hospitaller Order of the Brothers of St John of God.

In the late 1950s, part of the land was sold for the development of a proposed motorway, with the remainder of the site sold to Waimairi County Council. The school relocated to the former Mt Magdala site in Halswell which had been run by the Sisters of the Good Shepherd. The old Middleton buildings and cemetery were decommissioned and Marylands Reserve developed on the site.

Mr Wright proved feedback on possible name change suggests for street and reserve names associated with Marylands School, should this option be considered.

Board members asked questions regarding the origin the names of streets and parks in the area.

A Board member expressed interest in finding out more from Mr Wright on the area of Addington around the Court Theatre.

The Board thanked Mr Wright for his presentation.

### **Part B**

#### **5.1 Howard / Simeon Street Intersection**

Rebecca Finch, resident, spoke about the Correspondence – Howard / Simeon Street Intersection report in this agenda.

Ms Finch is proposing a project that involves native tree plantings in Howard Street and changes to the Howard / Simeon Street intersections to improve safety.

Ms Finch indicated that her proposed project aligned with Council's commitment to partnership with Ngāi Tahu in incorporating mana whenua values.

A Board member asked if Ms Finch has had other conversations with Council about this. Ms Finch replied that she has communicated about plantings in Simeon Park.

A Board member suggested that this could be a candidate for Waka Kotahi's Streets for People programme.

A Board member asked if Ms Finch was limiting the scope of her project to the Howard / Simeon Streets intersection, or extending to trees on Howard Street as well. Ms Finch replied that she would like to see an upgrade of Howard Street and Hillier Place to form a corridor of native planting. She expressed concerns with the quality of footpaths and the current deep dish channels.

A Board member asked if Ms Finch would be amenable to interim measures such as narrowing the intersection with planter box installations. Ms Finch replied that she was not in favour of interim measures and planter boxes as she preferred permanent solutions and trees with long lifespans.

A Board member indicated support for native tree planting on streets in Addington.

A Board member note that the Council has limited budget for streetscape improvements.

The Board thanked Ms Finch for her deputation.

## **7. Correspondence - Howard / Simeon Street Intersection**

- Waka Kotahi may be more open to such changes.
- Addington is a built up area with narrow streets with a large population, particular children and older people.
- The Addington area has high building density.
- Similar 30 kilometre speed zones have been introduced into other parts of the city.

Board members suggested asking for staff advice on the introduction of a 30 kilometre per hour speed reduction in Addington.

## 9. Proposed Bus Stop Markings - Bus Stop 22380 (Rose Street)

### Board Comment

The Board heard from staff who outlined key points from the report. Staff noted the proposed bus stop markings have emanated from Cashmere High School due to congestion issues on Rose Street before and after school.

Consultation was undertaken in October 2021 on two aspects, line marking and the installation of a bus shelter. The bus shelter issue has previously been considered through a hearing panel and the Board made a decision on this at its previous meeting. This report is considering the line marking aspect only.

There has been one objection due to parking loss outside their property. Staff advised that parking has been retained outside that property.

**Community Board Resolved SCCB/2022/00016 (Original officer recommendation accepted without change.)**

**Part C**

That the Waihoru Spreydon-Cashmere Community Board:

**10. Waihoru Spreydon-Cashmere Community Board Area Report - April 2022**

**Board Comment**

The Board heard from staff, who shared key points from the report.

Staff noted that the Draft Annual Plan was open for consultation and the Board may wish to submit on the Draft Annual Plan to Council and to delegate the final approval to the Chair and Deputy Chair.

Staff shared key points from the community capacity checks. It was noted that as the spread of COVID has taken hold in Christchurch, groups are operating as well as they can. Groups have been communicating issues with rising costs and the loss of fundraising revenues.

A Board member noted witnessing increased distribution of food parcels by community organisations.

A Board member asked if there as demand for food parcel assistance from Māori, Pacific and refugee communities. Staff replied that they were unaware of any specific needs expressed in this regard.

A Board member asked if funders were providing additional funding to recognised the fundraising loss. Staff replied that this is unknown at this stage.

Staff noted that the Community and Youth Service Awards close on 14 April 2022. An update on the numbers would be available after the closing date.

A Board member noted that the Landsdowne Play Centre has been very resilient and encouraged other Board members to visit the centre.

A Board member asked how staff were coping with the current situation. Staff replied that one of the biggest challenges has been not being able to meet with the community in person. This has put limitations on projects where staff would prefer to gather people in person. Staff have been able to be creative to look at alternative solutions.

A Board member paid tribute to the Community Governance Manager, following her resignation from the role. The member thanked her for her knowledgeable and thoughtful influence on the Board and spoke of the positive work she had done with the Board. The sentiment expressed was agreed by Board members.
