### **Part B**

There were no public forum presentations.

## **5. Deputations by Appointment Ngā Huinga Whakaritenga**

### **Part B**

#### **5.1 David Gardner – Slow Speed Neighbourhood – Papanui, and Cranford Street Parking Restrictions**

David Gardner spoke to the Board regarding Item 7, Slow Speed Neighbourhood - Papanui. He also spoke to Item 9, Cranford Street near McFaddens Road - Proposed P10 and No Stopping Restrictions.

Mr Gardner thanked the organisation for progressing the slow speed neighbourhood, describing it as helpful for cyclists with children, and approving of the extension of the slow speed zone further to the consultation. However, he considered that there was still an issue on Rutland Street with the placement of the speed transition from 30km/h to 40km/h right before the kindergarten and cycleway crossing, and near the corner with Tomes Road and its entrance to the school.

Mr Gardner suggested that the speed transition should instead be close to Mays Road. Mr Gardner referred to his slides (attached), the second of which, taken from the transition point, indicated with a green circle the kindergarten where parents are likely to cross the road with their children. Mr Gardner expressed concern that motorists would be starting to accelerate from the point of the kindergarten, to support his belief that the 30 km/h zone should start close to Mays Road.

Mr Gardner suggested that the squeeze point close to Mays Road with the cycleway crossing, shown on his third slide, would be a more natural and appropriate point for the speed transition.

Mr Gardner also considered it would be good to reduce the speed on Papanui Road and Main North Road, given the number of pedestrians who cross those roads. Mr Gardner further discussed issues around Main North Road near St Joseph's School and continuing on Main North Road outside Northlands Mall in relation to vehicle interactions with cyclists.

Mr Gardner finally spoke approvingly of the parking restrictions proposed in Item 9, suggesting similar restrictions would be of benefit outside Placemakers on Cranford Street in regard to sight lines for motorist-cyclist interactions, as would removing further vegetation in this vicinity to avoid it becoming overgrown and hindering those sight lines.

Mr Gardner also noted the pub in this vicinity placing their portable sign on the shared path taking up some of its width from its proper purpose.

After questions from members, the Chairperson thanked Mr Gardner for his presentation.

### **5.2 Susan Peake – Slow Speed Neighbourhood - Papanui**

Susan Peake spoke to the Board regarding Item 7, Slow Speed Neighbourhood - Papanui.

Ms Peake was supportive of the slow speed proposal and began her presentation by observing that there had been an increase in rat running in the area.

Ms Peake's presentation then focused on difficulties with the intersection of Grants Road, Gambia Street and Rayburn Avenue, and also her concern over signalled development in the area, particularly in Cranford Basin, and the resulting traffic impacts.

After questions from members, the Chairperson thanked Ms Peake for her presentation.

### **5.3 Fiona Bennetts - Slow Speed Neighbourhood - Papanui**

Fiona Bennetts spoke to the Board regarding Item 7, Slow Speed Neighbourhood - Papanui.

Ms Bennetts was supportive of the slow speeds proposal, though favoured speed reductions also being applied to the main roads / arterial routes, such as Main North Road, Papanui Road and Harewood Road.

Ms Bennetts also clarified, upon being questioned on the point, that she favoured adding a speed reduction for Sawyers Arms Road, at least to the rail crossing, noting her observations of how busy the Domain there gets, and the traffic going to Northlands Mall and the Graham Condon Centre.

After questions from members, the Chairperson thanked Ms Bennetts for her presentation.

#### **5.4 Joanna Gould - Shirley Community Reserve**

Joanna Gould spoke to the Board regarding the Shirley Community Reserve as a matter discussed in Item 13, the Community Board Area Report, with a related memo attached to that Report.

Ms Gould spoke to her attached supporting links, focusing on her case that Shirley Library should be relocated and upgraded to the Shirley Community Reserve (10 Shirley Road) site, among other needs and benefits for the community that could be fulfilled through the site.

After questions from members, the Chairperson thanked Ms Gould for her presentation.

## **6. Presentation of Petitions Ngā Pākikitanga**

### **Part B**

There was no presentation of petitions.

## **7. Slow Speed Neighbourhood - Papanui**

Charlotte French of GHD lead the presentation of the report to the Board, with the support of the Council's Engagement Advisor speaking to the consultation undertaken, and the Council's Senior Transportation Engineer assisting.

The Board received the deputations at the meeting on this item from submitters, David Gardner, Susan Peake and Fiona Bennetts.

### **Board Comment**

The Board broadly accepted the Officer Recommendations as noted in the Report, except that further to its consideration of the submissions and deputations on the proposal, and staff reconsideration at the meeting further to hearing those deputations, where staff clarified that a variable 30 km/h school speed zone on Main North Road for St Joseph's School, and further speed reductions on viable parts of Sawyers Arms Road and Rutland Street, could be accommodated, the Board decided to recommend that:

- A variable 30 km/h speed limit be installed on Main North Road (School Zone) commencing at a point 38 metres south of its intersection with Cranford Street and extending in a southerly direction for a distance of 200 metres, with times of operation evidenced on the sign detail (Board recommendation 2 is accordingly additional to the Officer Recommendations).
- A greater length of Rutland Street, from Tomes Road to nearer Mays Road, be set at 30 km/h, instead of 40 km/h (clauses 1zzzz and 1aaaa of the Officer Recommendations in the Report

are accordingly different as to the distances noted there compared to what the Board decided to recommend);

- A length of Sawyers Arms Road, slightly more extensive than between the rail crossing and Sisson Drive, be set at 30 km/h, instead of the existing 50 km/h (Board recommendations 3-6 are accordingly additional to the Officer Recommendations).

The Board received advice from staff at the meeting that extending a 30km/h zone on Sawyers Arms Road to Main North Road could not be accommodated under the relevant Rule, and that the extension of the 30km/h zone on Rutland Street could not (as a legality) be justified under the Rule by the location of the pre-school there, but could be justified by the clear change point in the nature of the street at the reconsidered speed transition point close to Mays Road.

The Board's Minutes Attachments for this item are: the Proposed Speed Limit Map (Attachment A to the Report) as updated to reflect the Board's recommendations to the Council; and staff's earlier advice in response to a Board request, which was shared at the meeting to explain the exclusion of Main North Road from the slow speed neighbourhood.

The Board also agreed (in Board recommendations 9 and 10) to make and highlight note to the Council of:

- The Board's request to staff to progress toward the business area of Papanui, Harewood and Main North Roads being reduced to 30 km/h when funding becomes available.
- The submissions from the Northcote suburb and from the opposite side of Harewood and Papanui Roads, and the Board's will to see these areas become a slow speed neighbourhood.

### 14. Elected Members' Information Exchange Te Whakawhiti Whakaaro o Te Kāhui Amorangi

#### Part B

The Board exchanged the following information:

#### 14.1 Police Data

The Board discussed concern at the level of petty crime in the Board area apparent from social media reports, including sourced from video surveillance footage, and expressed interest in information from Police about the level of petty crime in the area, particularly in St Albans, and particularly car break-ins. The Board requested to receive a [link](#) indicated in the discussion to review the Police data, and to invite a local Police update on the issues.

#### 14.2 Area Wide Traffic Management Report

In response to the deputation from Susan Peake, the Board requested staff to advise on commencing an area-wide traffic movement report for the living streets around Grants Road, noting the impacts of the housing intensification in the area, the impacts of the future housing development in the Cranford Basin, and the increased rat-running and speeding in the area.

### **14.3 Shirley Library Engineering Report**

The Board requested a copy of the most recent engineering report for Shirley Library, and that staff include a summary of information relating to any potential repairs/rebuild requirements.

### **14.4 Transport issues raised through Slow Speed Neighbourhood - Papanui consultation**

The Board requested that staff forward a list of the issues they identified through the Slow Speed Neighbourhood – Papanui consultation to the Transport Unit, so those issues can be picked up. The Board noted that doing these sorts of consultation can helpfully identify a range of issues in a community.

The Board also requested information come back to it from Transport staff about the additional issues arising from the Slow Speed Neighbourhood - Papanui consultation.

### **14.5 Cycle Counter - Rutland Reserve**

It was shared that it had been reported that the Cycle Counter in the Rutland Reserve area may not be working, and the Board requested that staff check whether it is functional. The Board queried that no counter appeared to be on the map in this area.

### **14.6 Edgeware Road Drainage / Kerb Assessment**

It was noted in relation to advancing the information relevant to assessing Edgeware Road drainage and kerbing outside Edgeware Village, which is being sought further to a flooding issue occurring in weather events affecting the butchery, that this has been delayed by a staff resourcing issue.

The Board asked for clarification on the nature and purpose of the investigations being undertaken, that staff ensure existing questions from Board members are answered, and that clarity be provided on what the planned whiteboard session with the Board will achieve.

### **14.7 Community Service Awards**

The Board shared information on the start of its schedule for presenting the Community Service Awards recently agreed by the Board to recipients at a series of personal visits by Board members held in the community in front of recipients' peers.

### **14.8 Pavement Condition - Rutland Reserve**

It was raised that there is an issue coming out of Rutland Reserve, onto Rutland Street, with the bad state of the transition down for cyclists, that the Board requested staff improve when working in the area.

### **14.9 Overgrown Foliage**

It was requested that staff follow up the work completed to address overgrown foliage around the Trafalgar Pump Station; it being indicated that the resident who raised the issue still has an issue with foliage on their fence-line. The Board requested this work be revisited.
