7. Hearings Panel report to the Council on the Wheels to Wings Papanui ki Waiwhetū Major Cycle Route

Mayor Dalziel introduced the report as Chair of the Hearings Panel.

Following this Council staff gave a presentation on the proposal (Attachment A) and the Council then considered the Hearings Panel Recommendations.

Council Resolved CNCL/2022/00057 Hearings Panel Recommendations accepted without change.

West Section – Waimakariri Road to Nunweek Boulevard

That the Council:

1. Approves the revised scheme design of the Wheels to Wings - Papanui ki Waiwhetū Major Cycle Route, as detailed in Attachment A, and including amendments listed below:
 - a. For the section from the Johns Road underpass to the western end of Nunweek Park to be a shared path, noting this design includes signals at Wooldridge Road (design concept 1).
 - b. For the section from Kilmuir Lane to the central section at Nunweek Park to be a two-way separated cycleway on south side of the road (design concept 1).
 - c. For the section from the western end of Nunweek Park to Kilmuir Lane, request staff to further investigate the viability of having a shared path through Nunweek Park, including additional angled parking adjacent to the park, and report back to the Council on the viability of this option.

- i. Notes that if the option to have a shared path through Nunweek Park is viable further targeted consultation would be required.
 - ii. Notes that the Hearings Panel recommends in principle the approval for this section to be a shared path through Nunweek Park, subject to viability and targeted consultation.
 - iii. That if the option to have a shared path through Nunweek Park is not viable or approved by the Council, that for the section from the western end of Nunweek Park to Kilmuir Lane be a shared path as detailed in Attachment A (design concept 1).
- d. Notes the following will be undertaken through the detailed design process:
- i. That red markings will be investigated and a high friction surface will be included in the lead up to the signalised crossing opposite Harewood School.
 - ii. That the raised safety platform at the signalised crossing opposite Harewood School be built for a 50km/h speed limit.
 - iii. That 'look right' or similar markings will be applied at the signalised crossing opposite Harewood School.
 - iv. Staff to investigate the possibility of planting trees at 541R and 541E Harewood Road, noting that consultation with the adjacent property owner would be required.

East Section – East of Greers Road

That the Council:

2. Approves the revised scheme design of the Wheels to Wings - Papanui ki Waiwhetū Major Cycle Route, as detailed in Attachment A, and including amendments listed below:
 - a. For the section east of Greers Road to be a two-way separated cycleway on the north side of the road (design concept 1).
 - b. For staff to investigate if a raised safety platform to be built for a 50km/h speed limit can be installed at the signalised pedestrian/cycle crossing between Matsons Avenue and Chapel Street, and report to the Council in time for consideration of the Hearings Panel report.
 - c. Notes the following will be undertaken through the detailed design process:
 - i. Mitre 10 access - Staff to investigate treatment details around the Mitre 10 vehicle access to optimise rider safety at this location, in consultation with Mitre10. This will include options to make changes to the cycleway design, such as raising it past the access, along with finer design details such as active/more signage and speed bumps and measures to prevent encroachment of exiting vehicles into the cycleways when looking for gaps in traffic.
 - ii. Staff to look at other options for a high visibility alert system at the Mitre10 entrance/exit and if necessary consider a trial.
 - iii. Staff to continue to work with the business owner at 182 Harewood Road to investigate options to address concerns with drop off/pick up/waiting and crossing the road with students.
 - iv. For visible wayfinding to be installed at Wilmot Street for directions to Northlink.

Central Section – Nunweek Boulevard to Greers Road

That the Council:

3. Approves the revised scheme design of the Wheels to Wings - Papanui ki Waiwhetū Major Cycle Route, as detailed in Attachment A, and including amendments as listed below:
 - a. For the section from Nunweek Boulevard to the Bishopdale roundabout to be a one-way separated cycleway on each side of the road next to the kerb (design concept 1).
 - b. For the section from the Bishopdale roundabout to Greers Road be a two-way cycleway on the north side of the road (design concept 1).
 - c. For the partial signalisation of the Bishopdale roundabout.
 - d. For the signalisation of the Breens Road and Gardiners Road intersection.
 - e. Notes the following will be undertaken through the detailed design process:
 - i. That only one tree may need to be removed at the Bishopdale roundabout.
 - ii. That the Bishopdale Court median will be widened to provide space for vehicles turning right-out to wait clear of traffic.
 - iii. Staff to investigate opportunities for replanting trees noting this will be dependent on service locations.
 - iv. Staff to investigate warning signage and markings to address cyclist speed outside the Charity Hospital.

Other

That the Council:

4. Approves extending an existing 40km/h school speed zone on Waimakariri Road and Whitchurch Place, as detailed in Attachment A.
5. Approves the time restricted parking, as detailed in Attachment A.
6. Approves the new traffic signals, intersections and mid-block crossings, as detailed in Attachment A.
7. That the detailed traffic resolutions required for the implementation of the project are brought back to the Council or relevant Committee for approval at the end of the detailed design phase, prior to the beginning of construction.
8. Notes that red surfacing and high friction surfacing requirements will be investigated for all crossings and raised crossings along the route.
9. Notes that staff will apply lessons learnt from other projects across the city to ensure that solutions address safety concerns.
10. Given the feedback received through the process, for staff to continue to prioritise advance bus detection and to investigate the installation of a right turn arrow from Main North Road into Harewood Road.
11. Requests staff to ensure that other transport projects in the area within the wider network are aligned through the draft Annual Plan process, including:
 - a. Greers Road/Langdons Road signalisation
 - b. Greers Road/Sawyers Arms Road/Northcote Road intersection upgrade
 - c. Hoani Street/Sails Street intersection
 - d. Highsted Road/Sawyers Arms Road

- e. Breens Road/ Wairakei Road
12. Requests staff to gather feedback from residents and local businesses along previously constructed Major Cycleway Routes to provide evidence of the effects of the cycleway.
 13. Requests staff to review the detailed design to give effect to potential Ministry of Transport Accessible Streets rule changes if approved.
 14. Approves extending an existing 50km/h speed restriction further northeast along Waimakariri Road, as detailed in Attachment A.
 15. Approves the parking removal, as detailed in Attachment A.
 16. Approves a reduction from four lanes to two lanes on Harewood Road between Crofton Road and Greers Road, as detailed in Attachment A.
 17. Approves access restrictions at Hoani Street, Sails Street and Chapel Street, as detailed in Attachment A.
 18. Approves the tree removal, as detailed in Attachment A, noting that with planting there is a net increase of trees along the corridor.

A division was requested and the division was declared **carried** by 11 votes to 6 votes the voting being as follows:

11. 5 Worcester Boulevard / Rolleston House - Future Use Update

Council Resolved CNCL/2022/00061 Officer Recommendation accepted without amendment.

That the Council resolves to:

1. Revoke the previous Council resolution relating to the disposal of 5 Worcester Boulevard/Rolleston House resolved on 21 June 2021 as part of the adoption of the Council's Long Term Plan 2021-31 as noted:
"M19Aii: That the Council undertake an EOI process within six months for 5 Worcester / Rolleston House, calling for heritage sympathetic, adaptive reuse proposals that can be undertaken at no cost to Council (other than through an existing contestable funding scheme or similar), do not require either a capital or ongoing operating subsidy and that ensures ongoing protection of the heritage values of the building. Proposals could be on the basis of sale or long term lease."
2. Note the intention to use 5 Worcester Boulevard / Rolleston House as a community arts venue (the *Toi Auaha Rolleston House Creative Spaces initiative*);
3. Note that proposed use is broadly consistent with the Council's original direction (ie heritage sympathetic, adaptive reuse proposals that can be undertaken at no cost to Council).
