**4. Confirmation of Riccarton and Fendalton Christchurch Regeneration
Acceleration Facility (CRAF) programme**

Joint Board Comment

The Joint Boards discussed the recommendation for an area-wide speed restriction, noting that this would not include any traffic calming measures to reduce speed. The Boards decided not to accept Officer Recommendation 1e. relating to an area-wide speed restriction. The Boards' rationale for this was they preferred to assess the impact of the CRAF projects on local speeds after they are completed, to provide an evidence base for the need for speed restrictions that could be considered as part of the Slow Speed Neighbourhoods Programme.

Clause 1d. was put to the vote separately.

Officer Recommendations Ngā Tūtohu

That the Waipuna Halswell-Hornby-Riccarton Community Board and the
Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Jointly approve the following Christchurch Regeneration Acceleration Facility (CRAF) projects for the Riccarton-Fendalton CRAF programme, for investigation and delivery by staff:

8. Relocation of Existing Bus Stop - Somerset on Cavendish

Reference / Te Tohutoro: 22/589398

Report of / Te Pou
Matua:

Georgia Greene, Traffic Engineer, Georgia.Greene@ccc.govt.nz

General Manager /
Pouwhakarae:

Jane Davis, General Manager Infrastructure, Planning & Regulatory
Services, jane.davis@ccc.govt.nz

1. Purpose of the Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Waimaero/Fendalton-Waimairi-Harewood Community Board to consider the approval of the relocation of an existing bus stop (40135) outside Somerset Village on Cavendish Road (refer to Attachment A).
- 1.2 This report has been written in response to a request raised by residents at Somerset Village to improve the visibility of vehicles turning out of the village onto Cavendish Road.
- 1.3 The bus stop is proposed to be relocated to the parking bay closest to the intersection of Somerset Village and Cavendish Road, to provide increased visibility during the times the bus is not parked there.
- 1.4 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy. The level of significance was determined by consideration of the criteria set out in the Council's Significance and Engagement Policy.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board approve:

1. Pursuant to Clause 7 of the Christchurch City Council Traffic and Parking Bylaw 2017:
 - a. That all existing parking and stopping restrictions related to the existing bus stop 40135 outside 180/147 Cavendish Road, on the west side of Cavendish Road commencing at a point 101 metres north of its intersection with Sturrocks Road (measured from the prolongation of the northern kerb line of Sturrocks Road) and extending in a northerly direction for a distance of 32 metres be revoked.
 - b. That the stopping of vehicles is prohibited at all times, on the west side of Cavendish Road commencing at a point 133 metres north of its intersection with Sturrocks Road (measured from the prolongation of the northern kerb line of Sturrocks Road) and extending in a northerly direction for a distance of 28 metres.
 - c. That a bus stop be installed on the west side of Cavendish Road commencing at a point 161 metres north of its intersection with Sturrocks Road (measured from the prolongation of the northern kerb line of Sturrocks Road) and extending in a northerly direction for a distance of 14 metres.
2. That any previous resolutions pertaining to traffic controls made pursuant to any bylaw to the extent that they are in conflict with the traffic controls described in this report are revoked.
3. That these resolutions take effect when the traffic control devices that evidence the restrictions described in the staff report are in place (or removed, in the case of revocation).

3. Reason for Report Recommendations Ngā Take mō te Whakatau

- 3.1 Residents from the Summerset on Cavendish Retirement Village raised concerns with staff about visibility issues when exiting the village and turning on to Cavendish Road.
- 3.2 Plans to move the bus stop as part of the 28 bus route upgrade were proposed to go out for consultation next financial year. Residents at Summerset village felt the safety issues at this intersection were urgent and asked staff to move this report forward.

4. Alternative Options Considered Ētahi atu Kōwhiringa

Do nothing

- 4.1 Advantages of this option include:
 - 4.1.1 Avoids costs involved in the relocation of the bus stop.
- 4.2 Disadvantages of this option include:
 - 4.2.1 Does not address the safety issues identified at this location.

5. Detail Te Whakamahuki

- 5.1 The recommended visibility for vehicles turning out of Summerset Village is currently not met when vehicles are parked in the bay outside 184/147 Cavendish Road. Relocating the bus stop outside 180/147 Cavendish Road to the proposed site outside 184/147 Cavendish Road will meet the recommended site distance and provide increased visibility for vehicles turning out of Summerset village when the bus is not parked here.
- 5.2 The bus stop is serviced by the 28 bus route, which operates at a 30 minute frequency. The bus is only expected to pull into the bay for the time it takes to drop off and pick up passengers, and it is not expected to pull in every 30 minutes.
- 5.3 Relocating the existing bus stop will provide an extra two parking spaces down Cavendish Road outside the Summerset village. The existing bus stop will become available to accommodate up to six on street parks, the proposed location will remove four on street parks.
- 5.4 The proposed bus stop will be closer to the Summerset village entrance.
- 5.5 Plans include installing tactile pavers and a seat for passengers waiting at this stop.
- 5.6 The Summerset on Cavendish Village Manager and the village Residents' Association support this option. A report and traffic survey produced by the Residents Association is attached (refer to Attachment B and C).
- 5.7 Environment Canterbury supports this option.
- 5.8 The decision affects the following wards/Community Board areas:

Proposed Bus Stop relocation outside Summerset on Cavendish retirement village

Background: Residents of the village are concerned about the lack of visibility for drivers exiting the main entrance to the village. This has been the topic of conversation between residents and village management for some time. The main problem is lack of clear sight lines of approaching traffic from Cavendish Road. When finished Summerset on Cavendish will be one of the largest retirement villages in NZ with 270 villas, 56 serviced apartments, 43 care and 20 dementia units.

Traffic survey: A traffic survey of all movements into and out of the village was conducted on Thursday 2 December 2021. An average of 60 traffic movements an hour in and out of the entrance were recorded between 8 am and 5:30 pm on what was a normal school day.

Bus service: During the four-hour survey (8 – 9 am, 11:30 – 12:30 pm, 2:30 – 3:30 pm and 4:30 – 5:30 pm) very few buses stopped at the existing bus stops during the times stated. Northbound buses stopped 3 times, southbound buses twice. The # 28 weekday bus timetable is currently a half hour service. The northbound bus stop is located within a bus bay a considerable way south of the village entrance. A vehicle parking bay for up to 4 cars is located immediately south of the village entrance. A pedestrian refuge island is located midway between the bus bay and the parking bay.

The problem: The section of Cavendish Road between the roundabout at Sturrocks Road and the T-intersection of Barnes Road is relatively short; the village entrance is in between. Many drivers turning north from the roundabout and some turning south out of Barnes Road are still accelerating as they approach the village entrance. With limited opportunity to identify and react to traffic turning onto Cavendish Road from the village entrance serious conflicts arise between drivers travelling along Cavendish Road and drivers exiting the village. Conflicts arise daily, and we are aware that at least one crash has occurred between a car right turning out of the village entrance and a northbound vehicle on Cavendish Road.

Recommended solution: That the northbound bus stop be moved from its present location forward to the present vehicle bay immediately south of the village entrance. The existing bus bay would be available to accommodate up to 5 cars. As a safety measure this proposal has the backing of Summerset on Cavendish management and the village residents' association.

Safety outcome: The relocated bus stop would provide excellent visibility for all traffic entering the conflict zone at the main entrance to the village. We have demonstrated that few of the scheduled buses will stop outside the village. We have measured the time it takes to pull in, load or discharge passengers, and pull out of a bus stop (30 to 40 seconds) which amounts to a total of only a few minutes a day for this bus stop. Intervisibility for all drivers entering the Cavendish Road/Summerset Village intersection would be greatly improved. The health and safety of drivers entering and exiting the intersection from the village is paramount and would be achieved if the bus stop was relocated.

Summerset on Cavendish Residents Association

TRAFFIC SURVEY

The Summerset on Cavendish Residents Committee carried out an intersection count on Thursday 2 December 2021. The information gathered will be used to provide guidance to village management and the Christchurch City Council on traffic safety issues associated with traffic flow and conflicts occurring at the main entrance to the village.

The association has drawn up a traffic management plan that, if implemented, would provide village residents and staff a solution to their concerns about traffic flow through the village and the lack of visibility when entering and exiting the village via the main entrance.

Aim: The aim of the survey was to gather traffic flow data through the intersection of Cavendish Road and the village entrance, to make observations of driver behaviour and to record bus stop patronage.

The survey: Surveys were carried out between 8 and 9 am, 11:30am and 12:30pm, 2:30 and 3:30pm and 4:30 and 5:30pm. The 4 hours chosen on a mid-week school day are considered typical and provide a sample of what road users can expect when travelling in the area.

The results: Total traffic volumes through the intersection:

Observations during the survey:

- Light drizzle during the first hour of the traffic count then overcast but fine for the rest of the day.
- North bound buses stopped 3 times. South bound buses stopped twice. 32 cyclists rode along the road.
- On one occasion a queue of 3 cars formed when turning left into the village.
- Some drivers approaching the village from the south appeared to be confused and stopped over the entrance before moving on. Others drove into the village then did a quick backing and filling manoeuvre before exiting left back onto Cavendish Road to continue their journey.
- There were, on average, 60* vehicle movements per hour in and out of the entrance.

1. Purpose of the Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is to seek the Waimāero/Fendalton-Waimairi-Harewood Community Board's approval to enter into a lease agreement with High Performance Sport New Zealand Limited (the Tenant) for the land located within Jellie Park on which the Apollo Centre sits.
- 1.2 This report is staff generated to provide for the continued occupation of the land by the Tenant until they relocate to Parakiore once that facility is completed.
- 1.3 The decision in this report is of low significance in relation to the Christchurch City Council's Significance and Engagement Policy. The level of significance was determined by taking into consideration the number of people affected, which as there will be no change to the current environment and Mana Whenua is minimal.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Recommends that the Council agrees to depart from policy and deal unilaterally with the proposed tenant, High Performance Sport New Zealand Limited.
2. Conditional on recommendation 1 above, the Waimāero Fendalton-Waimairi-Harewood Community Board:
 - a. Approve that public consultation be carried out in accordance with Section 119-120 of the Reserves Act for the granting of the lease.
 - b. Request that in the event any objections are received on the proposed lease that cannot be satisfied, staff follow the procedure under the Reserves Act 1977 to convene a Reserves Act Hearings Panel to consider any such objections and make a recommendation to the Waimāero Fendalton-Waimairi-Harewood Community Board for a decision.
3. Resolve in the event that there are no objections received on the proposed lease that cannot be satisfied, that the Waimāero Fendalton-Waimairi-Harewood Community Board:
 - a. Approves the granting of a ground lease under Section 54(b)and(c) of the Reserves Act 1977 to High Performance Sport New Zealand Limited for a term of four (4) years for the purpose of the use of the Apollo Centre and accompanying car parking on part of Jellie Park, which is a recreational reserve on Rural Section 40044, Certificate of Title CB12a, this part being an area of approximately 3399m² to be leased initially for an annual rent of \$6777.84 + GST as shown on the lease plan; subject to:

- i. The Chief Executive exercising the powers of the Minister of Conservation delegated to her to give consent to the proposed lease; and
- ii. The Manager Property Consultancy concluding and administering the terms and conditions of the lease.

3. Reason for Report Recommendations Ngā Take mō te Whakatau

- 3.1 The Tenant owns the improvements known as the Apollo Centre.
- 3.2 The previous authorisation to occupy the land pursuant to the Canterbury Earthquake (Reserves Legislation) Order 2011 granted to the Tenant has expired.
- 3.3 The Tenant is currently occupying the land without a formal lease agreement.
- 3.4 Formalising the lease allows the Tenant to carry on their current use without interruption to the High Performance Sport programme.
- 3.5 The tenancy is an interim holding extension for up to four (4) years until the Tenant's new premises within Parakiore is ready to occupy and they relocate.

4. Alternative Options Considered Ētahi atu Kōwhiringa

- 4.1 Publicly Tender a lease of the property - not recommended

Advantages – The land is cleared for an as yet undetermined use

Disadvantages – Not enabling the current Tenant to continue to deliver the high performance sport programme while they wait for construction delays beyond their control with the Parakiore facility could bring reputational risk to Council.

The Tenant would have nowhere to go in the interim and the proposed gifting of the improvements to a Community Based Recreation Services provider in conjunction with a parallel proposed leasing process would be in jeopardy.

- 4.2 Do Nothing - this would mean that the Tenant remains on the land without a formal lease agreement on a periodic basis and not have any certainty of tenure.

5. Detail Te Whakamahuki

The Apollo Centre Background

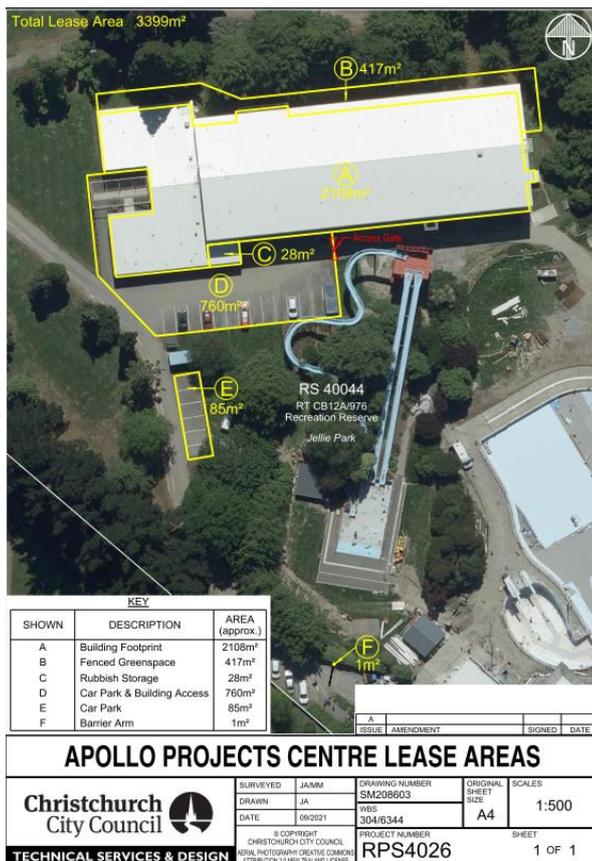

- 5.1 The Apollo Projects Centre (The Apollo Centre) was named after the main building contractor Apollo Projects to house the Tenant after they were displaced during the 2011 Earthquake sequence.
- 5.2 The original legal basis allowing the Tenant occupation of the land was by way of an Authorisation Pursuant to clause 5(c) of the Canterbury Earthquake (Reserves Legislation) Order 2011 which expired 30 June 2021 when the legislation ended.
- 5.3 The Tenant owns the improvements known as the Apollo Centre and is required to remove these on lease expiry.
- 5.4 Upon the expiry of any existing lease or licence agreement, the Council's Leasing Policy requires a new lease or licence agreement to be tendered through an open, transparent process such as a Request for Proposal (RFP).
- 5.5 The Tenant is working closely with Council and is willing to gift the improvements to a Council approved preferred applicant, under a new proposed lease to commence upon expiry of this

agreement. The RFP process is the subject of a separate Community Board report up for consideration "Apollo Projects Centre Request for Proposal and Grant of lease".

- 5.6 The new lease is on the same conditions as the previous Authorisation, updated only as to Council's latest lease terms and conditions.

Terms of the Lease

- Commencement date: 1 July 2021
- Term: 4 years
- Termination date: the earlier of 30 June 2025 or the giving of 3 months' notice of intention to terminate the lease by the tenant.
- It is acknowledged by the Landlord that all the improvements belong to the Tenant. It has been agreed between the parties that when the Tenant relocates to Parakiore, the Tenant will (subject to Council approving a new lease) gift the Tenant's improvements to a Council approved incoming tenant under a separate Deed of Gift.
- In the event that there is no incoming tenant the current Tenant is required to remove the improvements and services and make good the land.
- Existing annual land rental \$6777.84 + GST.
- Lease plan

5.7 Community views and preferences

- 5.7.1 The Council must consider any submission(s) received after the close of the one month statutory notification period of the new lease and a Reserves Hearings Panel may be established to hear the submission(s).

5.8 The decision affects the following wards/Community Board areas:

6.3 The decision does not involve a significant decision in relation to ancestral land or a body of water or other elements of intrinsic value, therefore this decision does not specifically impact Mana Whenua, their culture and traditions.

6.4 The matter has been referred to Ngāi Tahu through Mahaanui Kurataiao (MKT) and at the time of writing this report no concerns were expressed to officers regarding the awarding of a new lease.

Climate Change Impact Considerations Ngā Whai Whakaaro mā te Āhuarangi

6.5 A new lease will not affect climate change impact considerations. Retention of the building will provide for environmental benefits as the existing building use continues, rather than being demolished and going to landfill.

Accessibility Considerations Ngā Whai Whakaaro mā te Hunga Hauā

6.6 There is no change to accessibility as the Apollo Centre is currently located within Jellie Park and the building meets current legislative requirements for accessibility.

8.1 Council Delegations – Sub Part 1 – Community Boards

Reserves Act 1977 – Section 54 - To grant leases of recreation reserves in accordance with this section.

8.1.1 The lease will be granted in accordance with section 54(1) (b) and (c) of the Reserves Act.

8.2 The Chief Executive has been delegated the Minister of Conservation's authority to approve the lease.

8.2.1 In exercising the Minister's delegation, the administering body (i.e. the Council) must give consideration to those matters previously applied by the Minister, for example ensuring that:

- The land has been correctly identified;
- The necessary statutory processes have been followed;
- The functions and purposes of the Reserves Act have been taken into account in respect to the classification and purpose of the reserve as required under section 40 of the Act.
- The administering body has considered submissions and objections from affected parties and that, on the basis of the evidence, the decision is a reasonable one;
- Pursuant to the requirements of section 4 of the Conservation Act 1987, the administering body has consulted with and considered the views of tangata whenua or has in some other way been able to make an informed decision.
- Council officers are satisfied that the proposed lease will comply with the Minister's requirements.

8.3 Lease Policy - Dealing Unilaterally

8.3.1 The matter of dealing unilaterally and accepting an unsolicited proposal is reviewed in Attachment A.

8.3.2 Officers are supportive of the proposal to provide for the short term continuation of the existing use.

Other Legal Implications / Ētahi atu Hīraunga-ā-Ture

8.4 The legal considerations are:

8.4.1 Correct application of the provisions pursuant to section 8.1 to 8.3 above;

8.5 This report has not been reviewed and approved by the Legal Services Unit. The matter of the preparation of the lease is a routine matter on which the legal situation is well known and settled.

8.6 The lease documentation will be prepared by the Council's Legal Services team.

9. Risk Management Implications Ngā Hīraunga Tūraru

9.1 There is minimal if any risks associated with this decision, which until the expiry date of the Authorisation Pursuant to Canterbury Earthquake (Reserves Legislation) Order was anticipated within the Jellie Park Reserve Management plan and within the delegated authority of the Community Board.

Dealing Unilaterally -

- 1.1 The Council must consider and meet the requirements of section 14 of the Local Government Act 2002 (LGA) in particular:
 - (1)(a) Conduct its business in an open, transparent, and democratically accountable manner,
 - (1)(f) Undertake any commercial transactions in accordance with sound business practices.
 - (1)(g) Ensure prudent stewardship and the efficient and effective use of its resources in the interests of its district or region, including planning effectively for the future management of its assets.
- 1.2 The relevant Council policy as recorded in the Council's Policy Register as Property – Leasing Council Property is "where the Council recognises there is only one logical lessee for a public property, the Council will unilaterally deal with that lessee." This includes facilities linked to contracts including but not limited to buildings on parks and reserves and not for profit organisations.
- 1.3 In addition it is useful and supportive to consider the Ministry of Business, Innovation and Employment 'Unsolicited Unique Proposals - How to deal with uninvited bids'; guidance for government entities dated May 2013 that recommends when evaluating an unsolicited proposal it needs to be ensured that there is a sound business case to support the decision to accept the unique unsolicited proposal.
- 1.4 The purpose of the MBIE Guidance on Unsolicited Proposals is to provide a methodology for considering unsolicited proposals in a way that:
 - is transparent and fair to everyone;
 - encourages the supplier community to put forward good ideas;
 - promotes objectivity; and
 - Supports decisions based on sound fact and evidence.
- 1.5 Having given consideration to the above factors, it is felt that this is not an unsolicited proposal but rather a continuation of a prior lease and service relationship with CCC. It supports effective and efficient use of resources and the prudent management of the Council's assets.
- 1.6 Decision Making sections 76 – 82 LGA
 - Section 76 provides that "Every decision made by a local authority must be made in accordance with such of the provisions of sections 77, 78, 80, 81 and 82 as are applicable". In summary those sections provide:
 - Section 77 a local authority must, in the course of the decision-making process, seek to identify all reasonably practicable options for the achievement of the objective of a decision and in doing so assess the options in terms of their advantages and disadvantages.
 - Section 78 the views and preferences of persons likely to be affected by, or to have an interest in, the matter must be considered.
 - Section 79 provides that in considering how to achieve compliance with sections 77 and 78 they must consider the significance of the matter in accordance with its Significance and Engagement Policy.

- Section 80 sets out the matters that need to be clearly identified when making a decision that is inconsistent i.e. the inconsistency, reason for it and any intention of the local authority to amend the policy or plan to accommodate the decision.
- Section 81 provides contributions to decision making by Maori.
- Section 82 sets out the principles of consultation.

Section 78 does not require the Council to undertake a consultation process of itself but the Council must have some way of identifying the views and preferences of interested and affected persons.

- 1.7 The Council's "Leasing Council Property" policy adopted 10 December 2015 was developed to ensure that the Council was "consistent with the principles of legislation and the behaviours expected to prudently manage public property".
- 1.8 Where there is only one logical lessee for a property, the Council may deal unilaterally with that Lessee. This includes facilities linked to leases to not for profit organisations, community buildings and buildings on parks and reserves.

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Waimāero Fendalton-Waimairi-Harewood Community Board to consider applications for funding from its 2022-23 Discretionary Response Fund from the Youth Development applications listed below.

Funding Request Number	Organisation	Project Name	Amount Requested	Amount Recommended
00064615	Isla Kate Martin-McKenzie	2022 New Zealand Gymnastics Championships in Invercargill	\$300	\$150
00064607	Angus Gilbert	U23 Rowing World Championships in Italy	\$500	\$500

- 1.2 At the time of writing this report, the 2022-23 Youth Development Fund had yet to be established and staff are waiting on Discretionary Response Fund carry-forward from the 2021-22 year which is still being finalised.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

- Approves a grant of \$150 Isla Kate Martin-McKenzie towards expenses to compete at the New Zealand Gymnastics Championships in Invercargill from 13 to 16 July 2022.
- Approves a grant of \$500 to Angus Gilbert towards expenses to compete at the U23 Rowing World Championships in Italy from 28 to 30 July 2022.

3. Key Points Ngā Take Matua

Strategic Alignment Te Rautaki Tīaroaro

- 3.1 The recommendation is strongly aligned to the Strategic Framework and in particular the Community Outcome of Resilient Communities.

Decision Making Authority Te Mana Whakatau

- 3.2 The Community Board has the delegated authority to determine the allocation of the Discretionary Response Fund for each community.

3.2.1 Allocations must be consistent with any policies, standards or criteria adopted by the Council.

3.2.2 The Fund does not cover:

- Legal challenges or Environment Court challenges against the Council, Council Controlled organisations or Community Board decisions
- Projects or initiatives that change the scope of a Council project or that will lead to ongoing operational costs to the Council (though Community Boards can recommend to the Council that it consider a grant for this purpose).

Assessment of Significance and Engagement Te Aromatawai Whakahirahira

3.3 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.

3.4 The level of significance was determined by the number of people affected and/or with an interest.

3.5 Due to the assessment of low significance, no further community engagement and consultation is required.

Discussion Kōrerorero

3.6 The balance of this fund is based on the staff recommendations presented to the Board at this meeting for the 2022-23 Strengthening Communities Fund.

Total Budget 2022/23	Granted To Date	Available for allocation	Balance If Staff Recommendation adopted
*\$18,204	\$0	\$18,204	\$17,554

*Note - this amount is the expected carry-forward from the 2021-22 Discretionary Response Fund. The final budget for the 2022-23 Discretionary Response Fund will be known following the Board meeting on 15 August 2022 when the Board allocates its Strengthening Communities Funding.

3.7 Based on the current Discretionary Response Fund criteria, the applications listed above are eligible for funding.

3.8 The attached Decision Matrix provides detailed information for the applications. This includes organisational details, project details, financial information and a staff assessment (refer to **Attachment A**).

1. Purpose of Report Te Pūtake Pūrongo

This report provides the Board with an overview on initiatives and issues current within the Community Board area.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Receive the Waimāero Fendalton-Waimairi-Harewood Community Board Area Report for July 2022.

3. Community Support, Governance and Partnership Activity

3.1 Community Governance Projects

Activity	Detail	Timeline	Strategic Alignment
Talltree Avenue - Street tree engagement	A flyer has been delivered to residents of Talltree Ave regarding the request to plant more trees on the street. Depending on the feedback from residents, the Board will need to consider requesting funding for this project as part of next year's Annual Plan process. 3.2 Burnside Park Tennis Club

The Burnside Park Tennis Clubhouse was built about 40 years ago in Burnside Park. At that time the club was known as the Fendalton Tennis Club reflecting its original location on Memorial Avenue. However, in 2006 the club membership decided to change the name to Burnside Park Tennis Club.

As a result of general wear and tear over those 40 years the roof began to leak and the old lead flashings needed to be replaced. It was decided to replace the complete roof with support from the Waimāero Fendalton-Waimairi-Harewood Community Board's Discretionary Response Fund. The new roof blends in much better with the rest of the clubhouse and hopefully will last another 40 years.

Construction of new roof underway

Completed roof looking fantastic!

3.3 Fendalton-Waimairi-Harewood Community Liaison Meeting

The first in-person Community Liaison Meeting this year took place on Wednesday, 15 June, at St Christopher's in Avonhead. Reverend Michael Brantley welcomed everyone to St Christopher's and talked about the St Christopher's outreach programmes.

Joss Clarke, Well-being Advisor for Kāinga Ora, then spoke about the purpose of her role, which is to support the Housing Managers with the wellbeing of the tenants, and how it fits into the organisation and highlighted the importance of them building connections within the local community.

Local Community Governance staff ran a fun interactive activity, human bingo, which encouraged individuals to talk to each other to find out more about who they are and the activities, programmes and services of the organisation they represent.

The next meeting will be at 10:30am, Wednesday 17 August 2022 at Fendalton Library and Service Centre.

3.4 Summer with your Neighbours

A variety of local community events and street gatherings were held between October 2021 and June 2022 to celebrate Summer with your Neighbours. The time period was extended to June to acknowledge the impact of COVID and restrictions on gatherings. Great feedback has been received from those who took the opportunity to bring their neighbours together and create better connections within their neighbourhood.

Residents of Wardour Mews, Avonhead enjoying the sun and getting to know each other.

Due to COVID, the Hillcrest Place event did not go ahead. Instead, the organisers created little Easter packages and delivered them to the residents of the street.

3.5 Community Capacity Building - Speaker Series

The third workshop of the Speaker Series took place on Thursday, 9 June; Staying Safe Online. It was a zoom session delivered through Netsafe presented by Paula Wistrand (Netsafe, Education Advisor for the South Island).

A local community group, St Christopher's, opened its doors and streamed the workshop for 150 participants, providing the opportunity for those that didn't have the facilities to watch at home. There were another 20 online connections to the session, which included smaller groups watching together.

Workshop topics included privacy – passwords, terms and conditions, algorithms, personal and business, fake News, misinformation and what to look for, scams – what do we know and how do you protect yourself and the harmful Digital Communications act and Paula also talked about Netsafe and how they can help. A good cross-section of the community attended

the workshop, from those working and volunteering for local community organisations to residents. Feedback regarding the delivery, contents and length of the workshop from those that attended has been overwhelmingly positive with many saying it was, “Very informative and well structured” and “Good basic workshop. It was worth my time. I enjoyed it.”

Further to the feedback and in partnership with Netsafe and local community groups, staff are looking at hosting the workshop later in the year at various venues in the Fendalton-Waimairi-Harewood area.

3.6 Community Funding Summary

3.6.1 A status report on the Board's 2021-22 Discretionary Response Fund and Youth Development Fund as at 21 June 2022 is attached (refer **Attachment A**).

3.6.2 The Strengthening Communities Fund opened for applications on Monday 21 March 2022 and closed on Tuesday 26 April 2022. A workshop will be held with the Board on 25 July 2022 for the Board to consider the applications received and seek further information/clarification, if required. A full report with staff recommendations will be presented to the Board for a decision at their meeting in August 2022.

3.7 Participation in and Contribution to Decision Making

3.7.1 Council Engagement and Consultation

- **Te Kaha multi-use arena budget consultation**

Consultation regarding the Te Kaha multi-use arena budget was open from 10 June 2022 to 5 July 2022.

- **Playground Surveys**

The Council is currently running a survey on playgrounds that have recently been renewed. The intention is to find out how people are using the new playgrounds and how we can do better in the future.

Two playgrounds in our area are included in the survey - Annandale Park and Armitage Park.

- **Recreation and Sport Centres Survey** - The Council are seeking feedback from residents in regards to the opening of two new centres towards the end of 2023; Parakiore and the Hornby Centre.

This survey will help the Council understand what people want from our recreation and sports centres – our two new centres and our existing centres. It’s a chance for residents to have a say on the activities and programmes we offer and to suggest new ideas for us to consider.

The survey opened on 13 May 2022 and will close on 31 July 2022. Feedback can be submitted on the Council's Have Your Say page.

4. Advice Provided to the Community Board

- 4.1 Customer Service Request Report - Hybris monthly report for May 2022 attached, providing an overview of the number of Customer Service Requests that have been received, including the types of requests being received and a breakdown of how they are being reported (refer to **Attachment B**).
- 4.2 Fendalton-Waimairi-Harewood Graffiti Report - May-June 2022 (refer to **Attachment C**).

13. Resolution to Exclude the Public

Section 48, Local Government Official Information and Meetings Act 1987.

I move that the public be excluded from the following parts of the proceedings of this meeting, namely items listed overleaf.

Reason for passing this resolution: good reason to withhold exists under section 7.

Specific grounds under section 48(1) for the passing of this resolution: Section 48(1)(a)

Note

Section 48(4) of the Local Government Official Information and Meetings Act 1987 provides as follows:

- “(4) Every resolution to exclude the public shall be put at a time when the meeting is open to the public, and the text of that resolution (or copies thereof):
- (a) Shall be available to any member of the public who is present; and
 - (b) Shall form part of the minutes of the local authority.”
