Healthy Waterways Action Plan

November 2022 –

Zone Committee was briefed on CCC progress and is supportive.

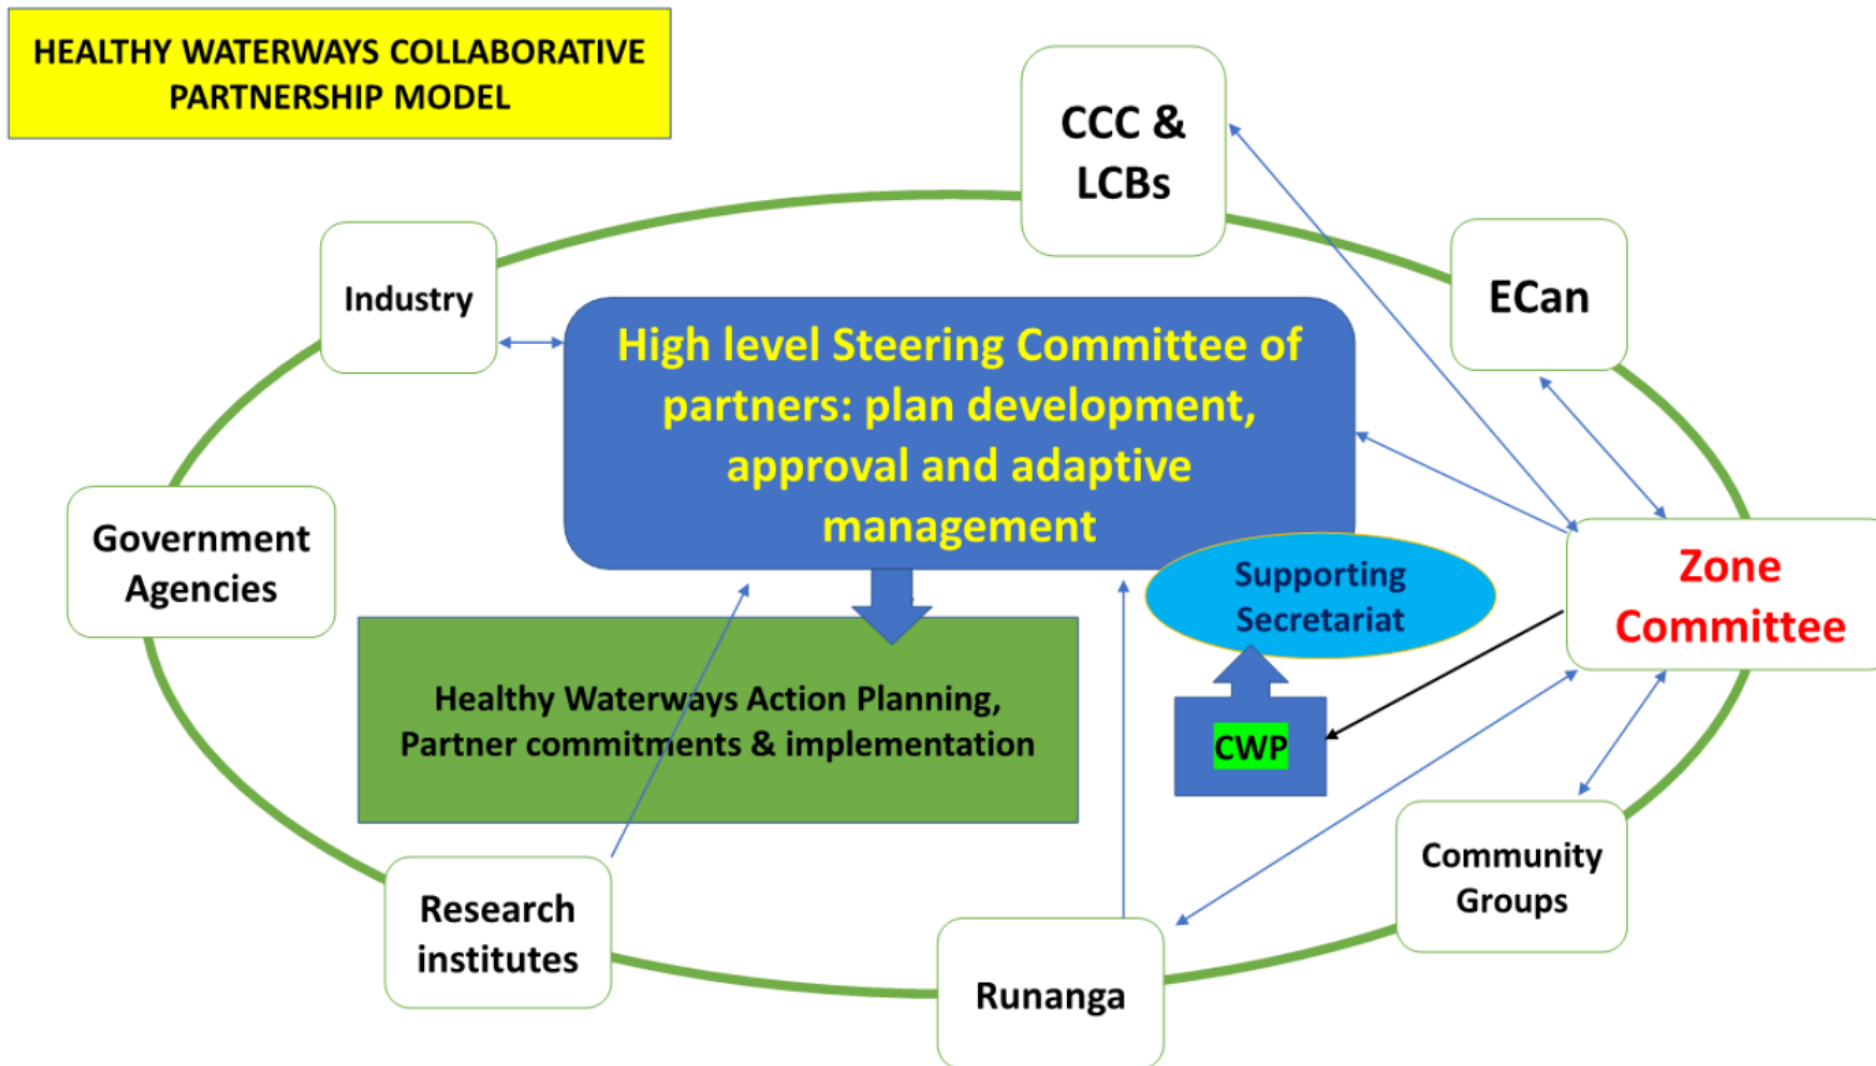

Zone Committee resolved to advocate for a Collaborative Partnership and collaborate with partners in the Community Waterways Partnership

April –May 2023

CCC propose to present progress on the draft Healthy Waterways Action Plan to a CWP workshop, amongst other matters.

What could a HWAP Collaborative Partnership look like ?

What could be the role of the Zone Committee?

Possible roles for Zone Committee

- Advocate for a Collaborative Partnership approach.
- Engage with the Community Waterways Partners, including community groups, CCC, ECan, Research organisations, business in Action Plan development.
- Have representative(s) on the High Level Steering Group.
- Align our Action Plan 2023-25.
- Contribute targeted resources.
