14. Elected Members' Information Exchange Te Whakawhiti Whakaaro o Te Kāhui Amorangi

Part B

Board members exchanged information on matters of interest, including in relation to:

- Congratulated Simon Britten on his appointment as Co-Chair of the Community Board Executive Council of LGNZ, and acknowledged his coordination of feedback around the representation for the regional Zone 5 in that forum.
- Acknowledged the well-attended ANZAC service in Papanui, where Board members laid a wreath on behalf of the Board.

- Noted that Dr Viviana Zanetti has moved into a new role and acknowledged her important service to Phillipstown Community Centre Charitable Trust over her time as manager. The Board will send her a formal letter of recognition of that service.
- Shared about attendance at an ethnic community funding hui.
- Noted:
 - Progress on the Council's consideration of its Draft Annual Plan, with the hearing of submissions having been completed, and workshops scheduled.
 - The Council's 'Cool not Cruel' campaign, designed to support frontline staff by reminding the public that it is not OK for anyone to have to deal with verbal abuse, harassment, or physical assault.
 - The Council's Residents Survey results have been briefed to Councillors ahead of release.
 - The Council is holding hearings in regard to the city wide tranche of Safe Speed Neighbourhoods that were consulted on.
 - The upcoming AGM for Neighbourhood Trust.
 - Community acknowledgement of the great job on the St James Park path renewal work.
 - Ticket logged by resident in respect of Paddington Reserve sporting amenities.
 - Connection made with Norwest Sport and Community Hub.
 - Councillor resident meetings well attended, highlighting Snap Send Solve app.
 - That a resident with insightful enthusiasm around seeing more tree planting within cycleway designs, offered advice of the opportunity to feed into the Annual Plan and Plan Change consultations.
 - Anti-social driving behaviours observed by residents around Farquhars Road, St James Ave and Harris Crescent.
 - Discussion with Engagement about large print option for Long Term Plan engagement.
 - That the hard surface for cycling around Redwood Springs comes to an abrupt end in the vicinity of the CNC, with residents' interest in its extension.
 - Connection made with Ukrainian refugees, inviting any suggestions of relevant services.
 - Interaction with St John cadets on civic education, who were well engaged young people, and fed back on the relevance to youth of Tik Tok especially as a platform.
 - Approach from Selwyn House about suggestions for students' community problem solving group.
- Discussed the Waimāero Fendalton-Waimairi-Harewood Community Board's consideration of a report on 'Heaton Street Safety Improvement – Safe Crossing for Schools', since the school's catchment crosses the boards' boundaries.
- Shared about attendance at Kāinga Ora Shirley Reference Group meeting.
- Highlighted the Community Board's monthly presentation at the last Council meeting.

14.1 Community Issues

The Board exchanged information on community issues as follows raised to it for consideration:

- a. Noting a resident expressing safety concerns at English Park, it was queried whether there could be a possibility to work with the club holding the lease there in respect of cameras to address safety.
- b. Noting feedback on the Community Board Plan relating to better lighting for the amenities at MacFarlane Park, it was requested to receive some staff advice on the feedback.
- c. It was noted that staff involved with the Downstream Effects Management Plan project are responding to the Board's present questions around the project, and requested that information also be provided on the handover of the CNC/NAE area to the Council, with clarification of who is maintaining the area.
- d. It was suggested to include information about community patrols in the community newsletter, noting the public forum presentation received on Police matters.
- e. Noting issues with items disposed of around the clothing bin at the corner of Abberley Crescent and Springfield Road, and the poor state of that corner, noting a water leak there also, it was requested that staff investigate the issue neighbours have previously complained about there, with suggestion that the case be made that the clothing bin is no longer needed there with the new St John store established nearby.
- f. It was requested that staff advice be followed up regarding safety outside St Albans School following parking changes.
- g. A resident's issue with the street trees at Severn Street was discussed.

Report of / Te Pou Paul Lowe, Manager Resource Consents (Paul.Lowe@ccc.govt.nz)

Matua:

General Manager / Mary Richardson, General Manager Citizens & Community

Pouwhakarae: (Mary.Richardson@ccc.govt.nz)

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Waipapa Papanui-Innes-Central Community Board to approve the proposed road names at 115 Philpotts Road, Mairehau.
- 1.2 The report is staff generated resulting from a naming request received from the subdivision developer.

2. Officer Recommendations Ngā Tūtohu

That the Waipapa Papanui-Innes-Central Community Board:

1. Approves the following new road names for 115 Philpotts Road (RMA/2021/3694):
 - a. Road 1 - Rosevale Close

3. Detail Te Whakamahuki

Introduction Te Whakatkinga

- 3.1 A road naming request has been submitted by the developer. A preferred name and alternative names have been put forward for the road.
- 3.2 The recommended road names have been checked against existing road names in Christchurch and bordering districts, for duplication, alternative spelling, or other similarities in spelling or pronunciation to avoid the potential for confusion. The proposed names are considered sufficiently different to existing road names.
- 3.3 The recommended road names have been checked against the Council's Roads and Right-of-Way Naming Policy dated 2 November 1993 and are considered to be consistent with this policy except as outlined below.
- 3.4 The recommended road names have also been checked against the Australia and New Zealand Standard AS/NZA 4819:2011 Rural and Urban Addressing. The names are considered to be consistent with the Standard unless otherwise stated below.
- 3.5 Under the Roads and Right-of-Way Naming Policy, the names considered must be requested by the developer. There is not an ability to consider alternative names without first checking whether there are any duplications or similarities with other road and right-of-way names.
- 3.6 Consultation has been undertaken with Land Information New Zealand who have raised no concerns with the proposed road names.
- 3.7 The names requested have been accompanied by an explanation of the background to the names, which is summarised below, along with correspondence with the applicant.

Assessment of Significance and Engagement Te Aromatawai Whakahirahira

- 3.8 The decision in this report is of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.

- 3.9 The level of significance was determined by the number of people affected and/or with an interest.
- 3.10 Due to the assessment of low significance, no further community engagement and consultation is required.

Proposed Names

- 3.11 The proposed roads are shown in **Attachment A**.
- 3.12 The names are themed for local history.
- 3.13 Road 1 - Preferred name: Rosevale Close

Rosevale for Rose Mairehau Hutton (nee Rhodes), who was the daughter of Arthur Rhodes, Mayor of Christchurch in 1901 - 1902, and a major local property owner. The suburb of Mairehau was also named for Rose in 1916 after Rose Rhodes married George Hutton with the announcement serving as inspiration for the district, along with the Rhodes family's local influence.

Alternative Names

Staff Assessment

The Friends of Edmonds Factory Garden Incorporated are a voluntary group who promote, support, and protect Edmonds Factory Garden to encourage interest and appreciation for its historic features.

The Friends of Edmond's Factory Garden are planning a free event at the Edmond's Factory Garden in February 2024. There will be music, local school performances, outdoor children's games, kai stalls and information gardening stalls where participants can ask any gardening questions. Past events have attracted up to five hundred people of all ages, abilities, and ethnicities for the surrounding local community.

Each year there are new people attending, fostering the community spirit, and local ownership. The Friends of Edmond's Factory Gardens committee hope people attending the event will take the opportunity to find out more about the Gardens history and how they can become a volunteer.

Friends of Edmonds Gardens are seeking funding for event related costs, koha for performers, new signage promoting the event and park and marketing costs. Any profits obtained from sales of cups of tea will go towards maintaining the rose garden working bees and replacement gardening gloves and tool repairs.

Rationale for Staff Recommendation:

- Project aligns to the Place pillar of the Strengthening Communities Together Strategy, particularly the objective of encouraging communities to create and sustain a sense of local identity and ownership.
- The Friends of Edmond's Factory Garden are enthusiastic, dedicated, hardworking volunteers who promote and enhance Edmond's Factory Garden by providing highly valued, enjoyable events for the wider community.

Organisation Description/Objectives:

The Christchurch Disc Golf Club is a charity, whose purposes are to promote, maintain and develop the sport of Disc Golf. We are focused on the improvements that disc golf brings to the health and well-being of players, families and communities; the benefits it brings to wider society, the potential for a wide uptake of the sport (including young and old, girls and boys, men and women, the fit and the less fit); and ease of access to play.

Alignment with Council Strategies and Policies

- Physical Recreation and Sport Strategy
- Strengthening Together Communities Strategy
- Children's and Youth Strategies

Alignment with Council Funding Outcomes

- Support, develop and promote capacity
- Increase community engagement
- Provide community based programmes
- Reduce or overcome barriers

Outcomes that will be achieved through this project

Encouraging and promoting people to be involved in Disc Golf is one way to bring a community together, by participating in Disc Golf, or supporting participants.

Joining together as a community has vast benefits, not only to individuals, also for the community. A sense of camaraderie is fostered, and community spirit is lifted when communities come together.

Disc golf is a more accessible and family-friendly option and encourages greater participation in sport.

Engaging in physical activity in beautiful surroundings is beneficial for a player's mental health and wellbeing, as well as their physical health.

There is a huge potential for participation in Disc Golf, the ease of access to play and low cost makes it an activity that people all ages, genders and abilities can participate in and support.

How Will Participants Be Better Off?

Disc Golf supports a player's physical health and wellbeing, providing upper and lower body conditioning, aerobic exercise, and promoting a combination of physical and mental abilities that allow very little risk of physical injury.

Concentration skills increase by mastering shots and negotiating obstacles.

Players of limited fitness levels can start slowly and gradually increase their level of play as their fitness improves.

Staff Assessment

Christchurch Disc Golf Club (CDGC) is a Charitable Trust whose purposes are to promote, maintain, and develop the sport of Disc Golf. A sport that can be played from school age to old age.

Being such an easy sport to learn, no one is excluded from the opportunity to take part in a mainstream activity; players merely match their pace to their capabilities and proceed from there. Disc Golf is played much like traditional Golf, however instead of a ball and clubs, players use a flying disc, and throw it at elevated metal baskets.

CDGC established a Disc Golf course in Jellie Park in 2015. It was very successful and regularly gets 300-500 players on a busy Sunday. To increase participation across Christchurch, in 2021 they received permission from Christchurch City Council to install new courses in suburban parks close to residential areas.

CDGC are seeking funding towards replacing nine baskets at the 18-hole Disc Golf course at Jellie Park, due to theft (one basket was stolen), wear and tear, and vandalism.

Rationale for staff recommendation:

The project aligns strongly with the Physical Recreation and Sport Strategy Goal 1. Facilities and Environment and Goal 2. Availability and Accessibility.

The grant will directly impact the provision of essential facilities and services needed to participate in the sport.

CDGC is continuing to actively promote Disc Golf in Christchurch and New Zealand, to encourage people of all ages, genders, and fitness levels to be involved, bringing communities together, and benefitting individuals with improved health and wellbeing.

There is a huge potential for participation in Disc Golf, the ease of access to play and low cost makes it an activity that people all ages, genders and abilities can participate in and support.

This project increases the capacity of the Club to deliver quality recreation experiences for the children, youth and adults.

Organisation Description/Objectives:

To provide both Association and Golf Croquet to its members and engage with our local Community.

To offer sport and coaching to croquet members and interested community with Fun Days and Open Days (both have been on hold during the pandemic).

Alignment with Council Strategies and Policies

- Physical Recreation and Sport Strategy
- Equity and Access for People with disabilities
- Ageing Together Policy
- Strengthening Communities Together Strategy

Alignment with Council Funding Outcomes

- Support, develop and promote capacity
- Community participation and awareness
- Increase community engagement
- Provide community based programmes
- Reduce or overcome barriers

Outcomes that will be achieved through this project

Members volunteer their time to contribute to the upkeep and running of the club.
Participants will increase their physical and mental well-being.
Have at least two club days per week and ongoing competitions with other clubs.

How Will Participants Be Better Off?

Physical activity will be enhanced through match play throughout the week.
Older Adults will renew and develop social connections through Club and Inter-Club play.
Mental Health issues will be addressed through the breaking down of isolation.

Staff Assessment

Edgeware Croquet Club (the Club) is a small club based in St Albans Park. The Club has been in existence since 1913 and currently has twenty-two members. The average age of club members is approximately 75 years old. The numbers have declined over the last few years and have correlated with the COVID pandemic. As things get back to normal, the Club intends to run promotional fun days and open days to increase their profile and hopefully attract new members. The Club competition days are Thursdays and Saturdays.

The Club has three croquet lawns and a small historic clubhouse. A significant ongoing cost for the Club is the maintenance of the clubhouse and lawns to keep them suitable for playing. The Club members spend approximately eight hours a week during the season to ensure the lawns are in good playing condition, however their ability to conduct maintenance is reducing because of age, disability and the small pool of members to call on.

The Club is well established and has a proven history of providing for the recreation needs of its members and community in a fiscally prudent manner. The Club provides for those on low and or fixed incomes, providing a place where the community can meet, reducing social isolation amongst older adults.

The rationale for the staff recommendation is that:

The project aligns strongly with the Strengthening Communities Together Strategy, Council's Community Outcome of Resilient Communities.

Celebration of our identity through arts, culture, heritage, sport and recreation and Equity and Access for People with Disabilities Policy.

This project is about the Club maintaining its capacity to deliver quality recreation experiences for its members and increasing recreation participation.

Staff Assessment

The Belfast Sports and Community Centre Inc. (the Club) is based at Sheldon Park. The clubrooms provide a community hub and are the administration arm for Belfast Rugby Football Club and Belfast Touch. The Club has a close association with Waimak Gaels Gaelic Football Club, Rotary Club of Belfast/Kaiapoi and the Eclipse Marching Club. This year the Club has approximately 207 Juniors and 68 Seniors registered to play rugby, these players are complemented by 17 volunteers including Junior Rugby Coaches and Managers, Belfast Junior Rugby Committee members, and the Belfast Rugby Open Grade Coaches and Managers. Player registration income is directed towards replacing training and playing equipment. Subscriptions are kept to an affordable level for families.

The Club kitchen and the oven are vital for the delivery of hot food, for after match and club functions and for use by other local organisations. The kitchen is used by open grade rugby teams, visiting rugby teams, Rotary Club, Belfast touch modules, and the Belfast Netball Club. The purchase of a new oven would improve the preparation of food and meals for all who use the Club. The present oven is 15 years old, has been repaired three times and is not working well.

The Club is also seeking support for its volunteers via a request towards volunteer recognition. The amount of time, mileage, expertise, advice and mentoring to young players is vitally important to the Club and to the wider community.

The rationale for staff recommendation is that:

The project aligns strongly with the Strengthening Communities Together Strategy. The grant will directly support the Club's renewal of ageing equipment and will support, recognise, and contribute towards the volunteer's ongoing commitment.

We provide members with exercise, mental stimulation and social connectedness in an inclusive, convenient and safe environment	Staff Assessment The Bishopdale Table Tennis Club (Club) is comprised of a group of mainly older adults who play social table tennis twice a week at the Bishopdale YMCA. The Club membership features a diverse range of ethnicities including Māori, Chinese, Korean, Japanese and European. The Club also caters for members who are recovering from strokes and with other medical conditions. The Club has been operating with no financial difficulties for many years but have recently been adversely affected by a combination of increased rental charges by the YMCA and reduced attendance caused by COVID. This caused a financial loss last year of \$2,300 and therefore threatens ongoing viability. In response they have increased the playing fee by 20% to \$6 a session. This will nearly half the projected operational loss for this year although any increase beyond this will have a negative impact on attendance. The Club seeks a contribution towards the increased annual costs of hiring the Bishopdale YMCA. The Rationale for staff recommendation is that: The project aligns strongly with the Goal 1. Physical Recreation and Sport Strategy and Goal 2. Availability and Accessibility, especially in supporting older adults and migrant communities. The project provides members with exercise, mental stimulation and social connectedness in an inclusive, convenient and safe environment. Waimāero Fendalton-Waimairi-Harewood recommendation - \$800

Staff Assessment

The Village Community Centre - Papanui (Village) is located in a largely hospitality/retail-focused area. The Village aims to foster friendships and build community amongst the diversity of the neighbourhood residents. The Village aims to strengthen and support families, children, and older adults through various groups and classes and drop in opportunities including preschool music, parenting groups, The Creative Nest - art and craft space, children's art classes, art for the disabled, and floral art, badminton, indoor bowls, social dance, Falls Prevention classes and Women's Toastmasters.

The Village has acquired a Café grade coffee machine and seeks funding to install and run the machine to facilitate further connection building over excellent quality beverages. Cheap coffees will encourage participants to stay and chat with others during and/or following their group/class thus building and engendering further connections and community within a relaxed environment.

The rationale for staff recommendation is that:

The project will complement the services provided which strengthen connectedness within the community, and sense of belonging.

The Christchurch High School Old Boys' Old Collegians Cricket Club (the Club) was established in 1977 and is located at Elmwood Park and is a member of the Elmwood Club Sports Hub.

The Club are seeking funding assistance towards coaching expenses for their coaching and development programmes.

Their coaching, development, and competition programme encompass supporting 55 junior teams with training and match play, school taster sessions, the Have-a-Go programme, Kiwi Teams coaching and training, the Schools Link Programme and Women's Club coaching.

The Club supports more than 650 members and are one of the largest clubs in New Zealand with six men's teams, two women's teams and 55 children's teams (500 members) who compete throughout Christchurch. The Club provides dedicated opportunities for youth, girls and women to develop their sports and life skills and delivers the necessary training and team management to allow these players to participate in sport for health and recreation.

The rationale for staff recommendation is that:

The project targets and works with several marginalised groups including youth, girls and women.

Investing in qualified and supportive coaches has shown to be more effective in encouraging new participation and keeping players involved in the sport for longer and therefore contributing to the sustainability of the sport.

The project offers a supportive base so children can feel that they are valued and included, which results in ongoing participation.

Staff Assessment

The Merivale Papanui Rugby Football Club Inc. (the Club) are based on Nunweek Park in Avonhead. They currently have 120 playing members and volunteers to support their teams.

They are a small, family-oriented rugby club who try and recruit and support new players who are unable to afford subs, boots or uniforms.

A large proportion of their community are from varying ethnicities, and they want to provide a community/family orientated rugby that children can participate in and that is affordable.

Rationale for staff recommendation:

The project aligns strongly with the Physical Recreation and Sport Strategy Goal 1. Facilities and Environment and Goal 2. Availability and Accessibility.

Support will help the Club keep costs down for participating families, especially those that have more than one child involved.

An affordable rugby club will encourage and support everyone in the community to play sport for the camaraderie and fun of playing.

Staff Assessment

The Albion Softball Club (Club) was established in 1984 and Incorporated in 2004, the Club aims to promote, foster, and develop the game of softball. Its home ground is located at Middleton Park. Previously, the Club used the Riccarton Workingmen's Club as their clubrooms but following their sale, they no longer had dedicated facilities.

To address this, the Club has partnered with Shirley Rugby League to establish its clubrooms there. This collaboration is beneficial as it allows opportunities for sharing resources and attracting new members.

Last season the Albion Softball Club consisted of one premier team, five senior teams, and one junior team. To support this project and maintain effective club operations, the Club is applying for assistance for support with accountancy, administration services and volunteer recognition.

A significant portion of the Club's membership comprises individuals from low-income families who often face difficulties in paying subscription fees. Supporting this project will enable the Club to keep them to a minimum, thereby removing barriers for children and families to participate in softball by offering affordable memberships.

Additionally, recognising and appreciating the efforts of volunteers is crucial in building and retaining a strong volunteer base for the Club. Volunteer recognition initiatives will help achieve this goal and ensure the Club's continued success.

The rationale for recommending for staff recommendation is that:

The project aligns strongly with the Strengthening Communities Together Strategy.

The grant will directly impact the provision of volunteer opportunities within the community.

Staff Assessment

The Riccarton Knights Netball Club are located on Crosbie Park in Avonhead. They have 80 playing members and volunteers to support each of their teams that play in the Christchurch Netball Competition. Riccarton Knights Netball are a member of the local sports hub situated at the park along with rugby league and softball with the parent body being Riccarton Leagues Club. All codes cater for children's, youth and adult sport.

The Club are requesting funding towards essential equipment, balls, uniforms, and First Aid supplies to cater for the growth they have experienced in their membership. Playing equipment is essential to be involved and these costs can be prohibitive for families that may have three or four children involved and the Club want to keep subs as low as possible.

Rationale for staff recommendation:

The project aligns strongly with the Physical Recreation and Sport Strategy, Goal 2. Availability and Accessibility.

The project aligns with Pillar 1 of the Strengthening Communities Together Strategy - Actively promote a culture of equity by valuing diversity and fostering inclusion across communities and generations. The project also includes key target groups such as children, girls and youth to develop their sports and friendships in a supportive and inclusive environment.

The Koha we ask for at our meeting covers the tea coffee and biscuits we provide.

Staff Assessment

The Avon Sequence Club (Club) has been operating for 14 years, providing a space for individuals to engage in sequence dancing, a form of ballroom dance characterised by couples following a predetermined sequence of steps. The Club organises regular dance sessions every Thursday and every third Saturday of each month, where members can enjoy dancing and socialise with fellow participants. Currently, the Club utilises Hei Hei Hall as its venue for these dance sessions. Members are encouraged to contribute a Koha (a voluntary donation) to fundraising for each session. The Koha collected helps cover the costs of providing refreshments such as a cup of tea and biscuits.

The Avon Sequence Club plays an essential role in providing a space for dance enthusiasts to gather, connect and enjoy the art of sequence dancing. With its informal and inclusive nature, the Club offers a supportive environment where members can develop their dance skills while forming friendships within the community.

This project seeks assistance with the rental costs of Hei Hei Hall.

The rationale for the staff recommendation is that:

The project aligns strongly with the Strengthening Communities Together Strategy. The Club provides a place where the community can meet and reducing social isolation amongst older adults.

Staff Assessment

Abberley Park was named by Thomas James Maling who built an original homestead in the 1860s and named it after his home village of Abberley in Worcestershire, England. After a series of different owners, the Council was offered the land in 1939 and it was decided to remove the homestead and turn the area into a public park and playground and make every attempt to retain the original 19th Century character of the parkland style gardens.

Friends of Abberley Park was formed in 2016 and is a voluntary community group who care about the use and protection of Abberley Park's environment and heritage. The aim is to improve the current state of the park and have it looking at its best for its 100th birthday in 2040.

St Albans Residents' Association Incorporated (SARA) Inc. has a number of mechanisms to reach and connect with the St Albans community. SARA supports the Friends of Abberley Park group through the provision of SARA's community resources and ensuring financial accountability for any funding they may receive.

Friends of Abberley Park is seeking funding to host four community events throughout the year: Halloween, the park's birthday, Easter, and Arbor Day. The group also organise a watering roster in the summer months, are involved in research on the park and the St Albans Creek as well as a waterway restoration project in the park, rat trapping, education of park users and consult with Council staff.

Rationale for Staff Recommendation:

Project aligns to the People, Place and Participation pillars of the Strengthening Together Strategy, particularly the objective of supporting the community activation and kaitiakitanga of public places and spaces.

3.4 Participation in and Contribution to Decision Making

3.4.1 Report back on other Activities contributing to Community Board Plan

- **Neighbourhood Trust AGM**

The Board Chair, Deputy and staff attended the Neighbourhood Trusts Annual General Meeting on Sunday 21 May 2023. The Member of Parliament for Christchurch Central also attended.

The Meeting was well attended with the highlight being a question-and-answer session with key staff which explored the work they do and stories of the impact the services have on clients.

Issues highlighted for clients and staff included, staff working intensively with clients on issues ranging from vulnerable housing, employment barriers, and the mitigation of the impact of the cost of living on families.

Positive impacts when working with clients included, one-on-one counselling with children and families, peer support by families giving back and supporting other families, the impact of high volunteer support to enable programs and the expansion of the OSCAR Programmes.

- **Meeting at Phillipstown Hub**

The Board held its meeting on 11 May 2023 at Phillipstown Hub, which was well attended with the Chair of the Charleston Neighbourhood Association particularly taking the opportunity to present to the Board.

The meeting began on a special note with Ava White (as pictured) displaying the trophy won representing New Zealand as part of the U21

Women's team at the ICF Canoe Polo World Championships in Saint - Omer France. Ava received a grant from the Board's Youth Development Fund toward the cost of competing, and the Board was very proud to offer this support.

- **Papanui Bush Pathway Construction**

Further to the Board contributing to the construction of a pathway and walkway bridges for Papanui Bush (Bridgestone Reserve), work is well underway on site as shown:

1.1.1

- **Shirley 'Bird Song' Trail Planting Day**

On the morning of Saturday 27 May, the rich Shirley soil keenly yielded to the mahi of a dedicated group assisted by Parks staff and Shirley Community Trust in the next stage of planting and mulching for the creation of the Shirley Birdsong Trail along the southern reach of MacFarlane Park. The weather could not have been better for it, and the cheerful morning of collective community effort had a truly rewarding result.

- **Community Liaison Meeting**

Community Governance staff facilitated a Papanui-Innes-Central Community Liaison Meeting at Kohinga St Albans Community Centre on 8 June 2023. The meeting was well attended, with Board members also in the room to participate in the valuable sharing of community mahi and initiatives going on at present, providing insights around current challenges, particularly in the space of food banks and food security.

3.4.2 Council Engagement and Consultation

- **Waipapa Papanui-Innes-Central Community Board Plan**

The Board adopted the Waipapa Papanui-Innes-Central 2023-25 Community Board Plan at its meeting at Phillipstown Hub on 11 May 2023 subject to final amendments after considered the community feedback on the draft Plan, so it is at [this link](#) in its final form.

3.5 Governance Advice

3.5.1 Christchurch North Community Patrol

Noting the interest in information on community patrols, the Christchurch North Community Patrol is part of a network of over 150 community patrols around New Zealand, and part of the larger organisation, Community Patrols of New Zealand (CPNZ). Their key focus is on creating safe, resilient communities by: Patrolling residential, business and industrial areas to deter and discover criminal activity, reporting signs of suspicious activity, recording and gathering information for Police, assisting at accident and crime scenes, watching out for stolen cars, among other valuable service to the community.

Where suspicious vehicles and behaviour are observed this is passed on to the Police. The organisation also collaborates closely with the community who provide information about crime in their area particularly on social media. When this happens, these locations are added to routine patrols.

Volunteers have specialist training which means they can assist during vehicle crashes, major incidents, and disasters. Many volunteer patrollers are retired, and some are Police recruits. Patrollers are members of the public wanting to do their bit to keep communities safe from crime and they contribute around 14,000 hours of volunteer time to the organisation in a year.

Community Patrols are independent from the Police but receive regular Police guidance, training, tasking, and the Police meet most of their fuel costs. Over the past 29 years the Christchurch North Community Patrol have patrolled the largest area of all the patrols in New Zealand. The area covered includes Harewood, Belfast, Bishopdale, Burnside, Fendalton, Bryndwr, Strowan, Merivale, St Albans, Northwood, Casebrook, Redwood, Northcote, Mairehau, McLeans Island and the airport.

New Murals

Artist: Kophie Hulsbosch

A special commission for a friend, in conjunction with Urban Regeneration and 2degrees.

"Two Realities"

It touches on the two realities that we live in when it comes to racism
