B. Waitai Coastal-Burwood-Linwood Community Board 6 May 2024 Petition Presentation - Thomson Park Playground	70

Community Liaison Group

CWTP Monthly Update – May 2024

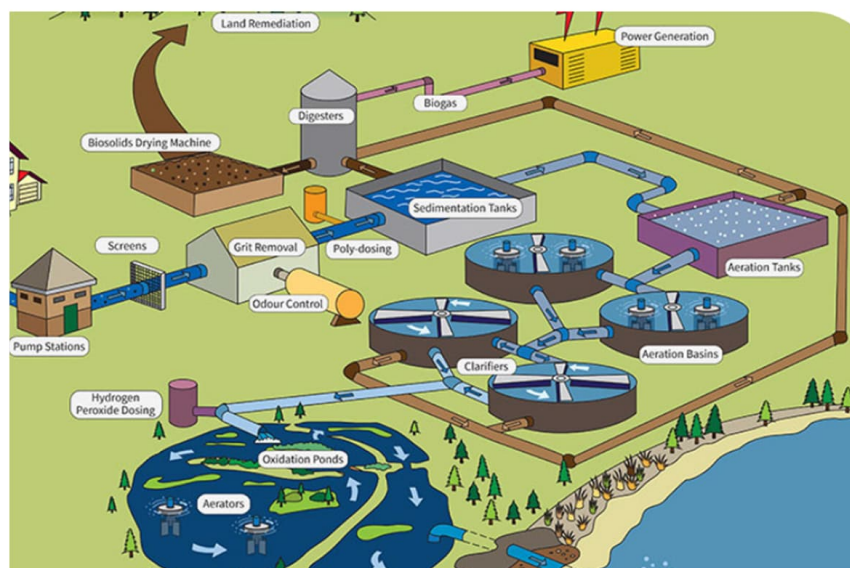

Caveat

- This Briefing will not include updates on insurance, progress on the permanent replacement solution or the improving engagement with the East project.

Agenda

- Update of Odour Management Action Plan
- Oxidation Ponds – Move to winter mode
- Oxidation Pond - Fence line update
- Any Questions;
 - Future topics

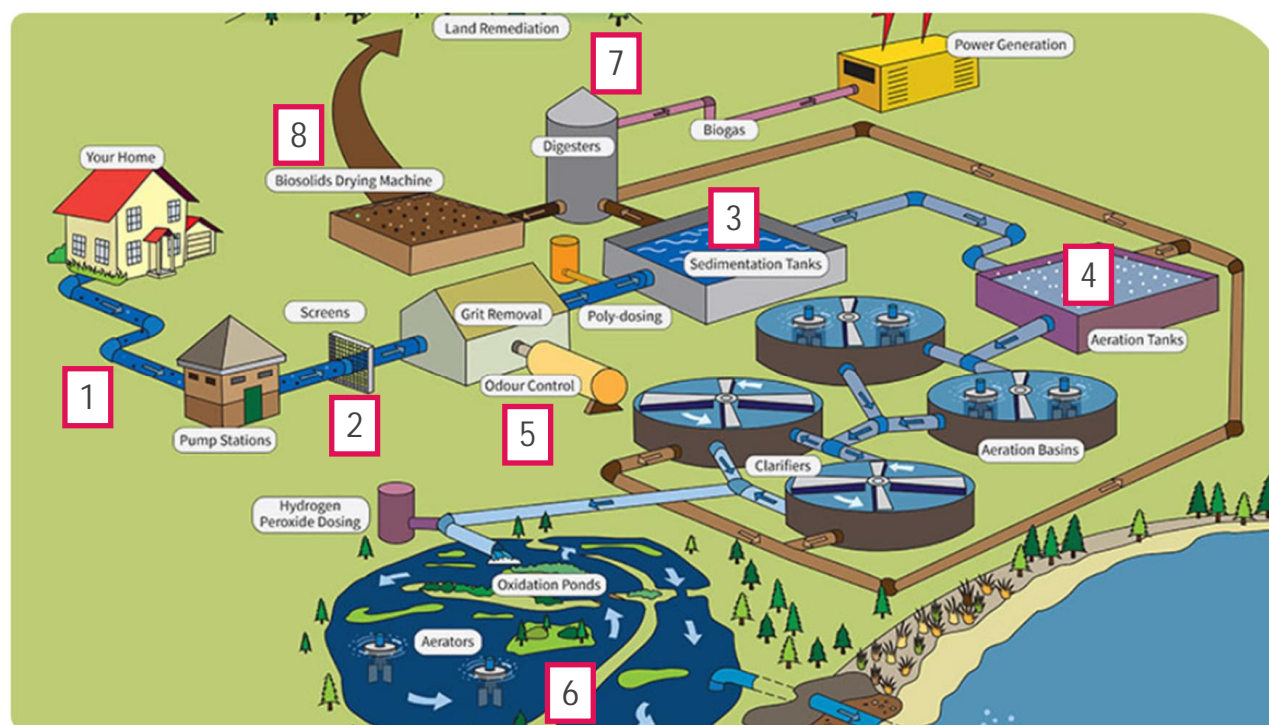

Intensive odour investigation

- Over summer (23/24) there was a notable increase in the amount of odour coming from the CWTP
- Site investigation found the odour sources to be intermittent, of varying strength and from varying sources
- To assist with resolving / reducing the odours, a consultant with access to specialised equipment was engaged to assist with on-site monitoring for past few months
- Based on the result of the monitoring the Odour Management Action Plan was created

7 May 2024

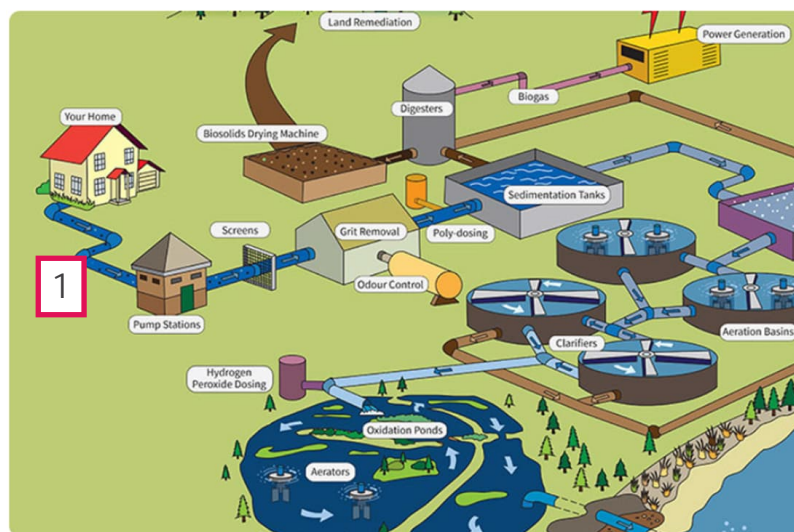

Identified odour sources

1. Tradewaste
2. Screen Room
3. Sedimentation Tanks
4. Temporary Secondary Treatment
5. Odour control system
6. Oxidation ponds
7. Digester
8. Sludge dryer

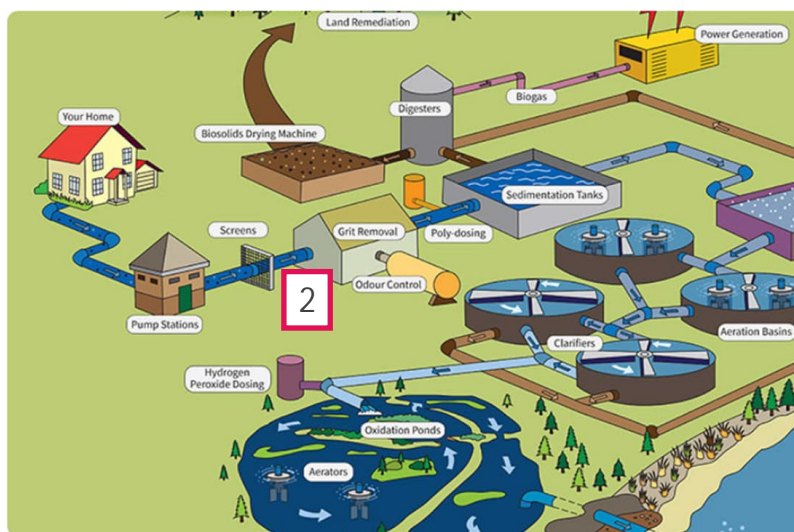

Key for following slides:
Green - completed
Orange – underway

1. TradeWaste

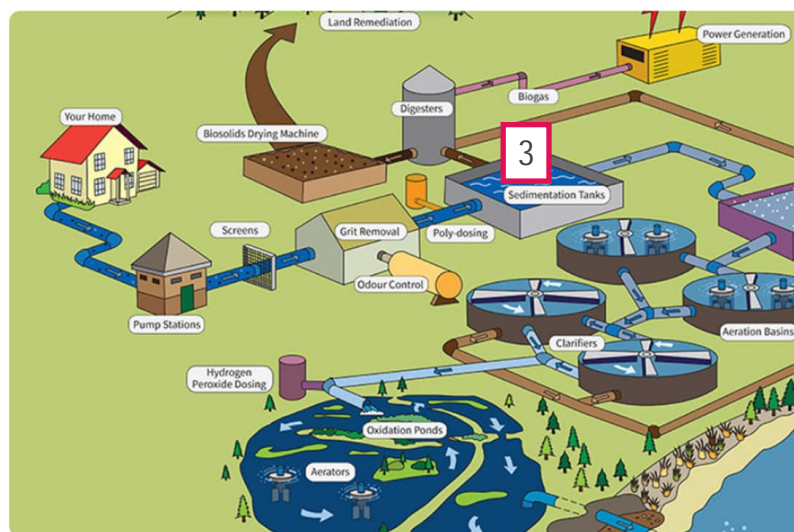

- We have been continuously working with the Trade Waste team to establish if this is a possible source of odour.
- Currently, no potential source of Trade Waste odour has been identified.

2. Screen Room

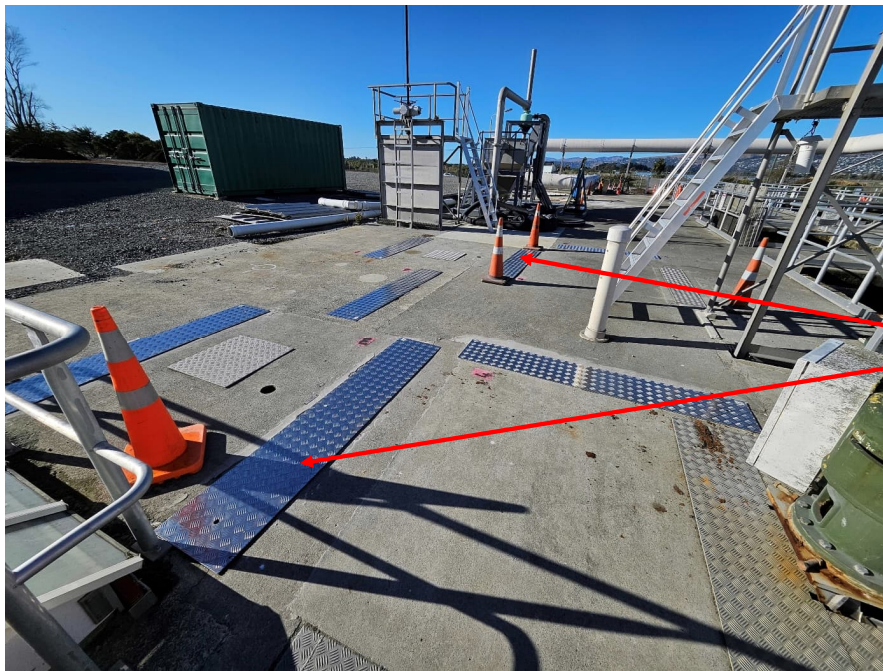

- Temporary ventilation system has been installed
- Approval given to enhance this system further
- A new permanent ventilation system has been identified as being required (Awaiting outcome of LTP)

3. Primary Settlement Tank

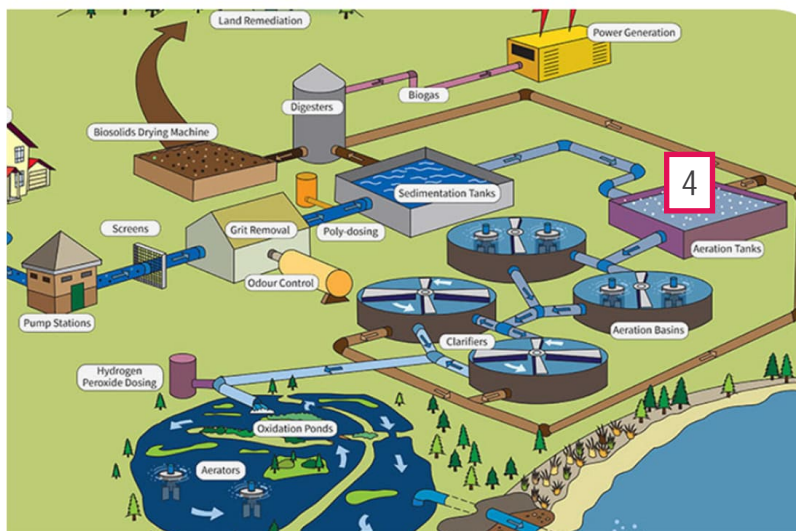

- Reduce the number of primary tanks in service (now operating 6 out of 7).
- Undertake scum removal daily through manual hosing down.
- Assess whether contractor could be used to remove the scum utilising specialist machinery.
- Engaged with contractor for odour containment system.
- Cover chambers where there is significant surface disturbance completed.
- The need for an improve automatic water spray scum removal has been identified as being required (Awaiting outcome of LTP).

3. Primary Settlement Tank

New solid checker plate covers installed, which were previously open gratings (new looking shiny ones)

4. Temporary Secondary Treatment

- Consultant has been engaged to review the design parameters and provide operational, troubleshooting documentation and optimisation.

4. Temporary Secondary Treatment

Jacobs

CWTP Operational Optimisation Plan

Document no: IA319300-0000-GN-RPT-0001
Version: A

Christchurch City Council
CWTP Interim Post Fire Secondary Treatment Optimisation

- First draft of the Plan has been received and feedback given at meeting earlier today.

5. Odour Control System

- Increase the odour control system suction.
- More proactive maintenance monitoring to ensure the sub-optimal system.
- Engaged contractor to renew the remaining bed media (completed)

5. Odour Control System

- Contractor completed the media replacement late last week.
- This completes the last section of the biobed replacement which was completed just before the November 2021 fire

6. Oxidation ponds

- Staff are working closely with the contractor to ensure the pond aerator reliability improves and that all aerators are available to be operated at the maximum design capacity.
- All 16 aerators have been operating continuously with 100% availability for past 18 days
- Contract has advised that w/c 13th May, they will be taking every aerator offline for 20-30 minutes for routine maintenance check

6. Oxidation ponds – Move to Winter Mode

- Standard Operation Procedure (SOP) to minimise the potential for odour generation from Ponds during summer/winter transition has been implemented.

7 May 2024

6. Oxidation ponds – Move to Winter Mode

- Standard Operation Procedure (SOP) to minimise the potential for odour generation from Ponds during summer/winter transition has been implemented.
- Yellow arrow shows the full / summer mode route

7 May 2024

6. Oxidation ponds – Move to Winter Mode

- Standard Operation Procedure (SOP) to minimise the potential for odour generation from Ponds during summer/winter transition has been implemented.
- Red arrow shows the shortened / winter mode route

7 May 2024

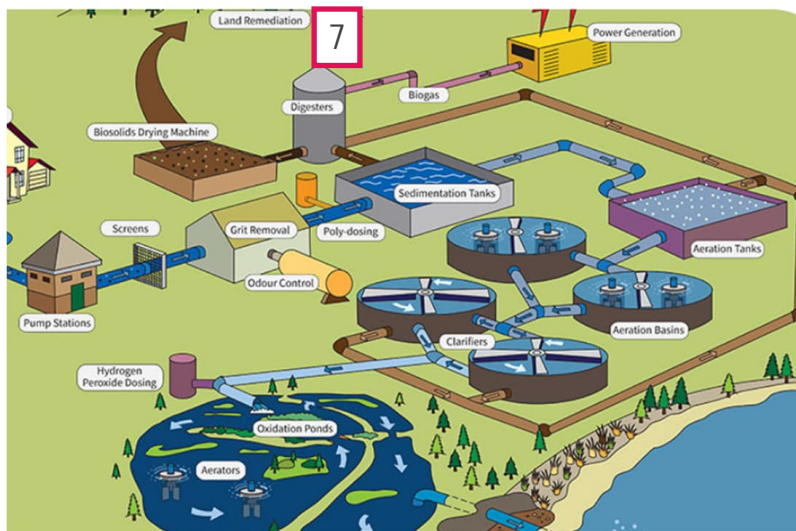

6. Oxidation ponds – Move to Winter Mode

- Photograph showing the gates open which are usually shut

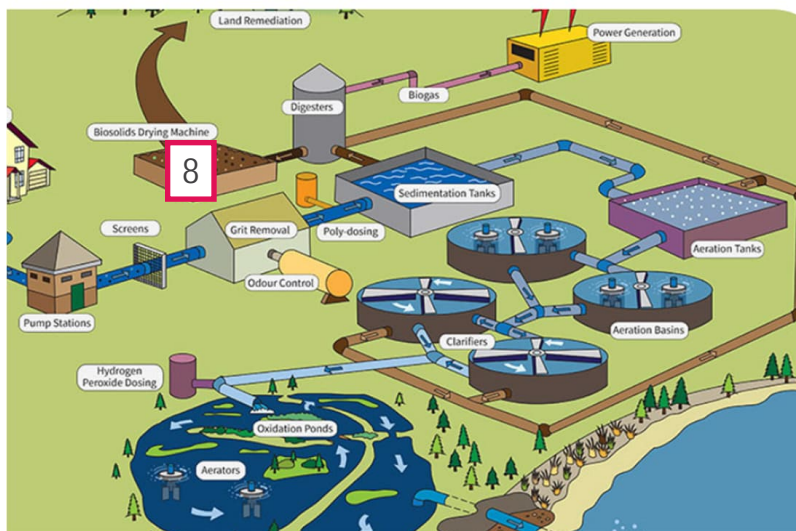

7. Digesters

- There is currently a biogas project to upsize the biogas conveyance pipework (est. physical works start FY25).
- Undertake a proactive maintenance schedule to regularly clean the pressure release valves to minimise the amount of biogas being released.

8. Sludge dryer

- The sludge dryers will undergo an extensive maintenance overhaul following their installation 12 years ago (the project starts this year).

Odour Management Action Plan Summary

- A number of activities completed and number of activities ongoing
- There has been both anecdotal and measurable reduction in odours over past couple of weeks
- On-site monitoring will continue
- Off-site monitoring at the community site will continue
- Focus has shifted from CWTP to the Oxidation Ponds

7 May 2024

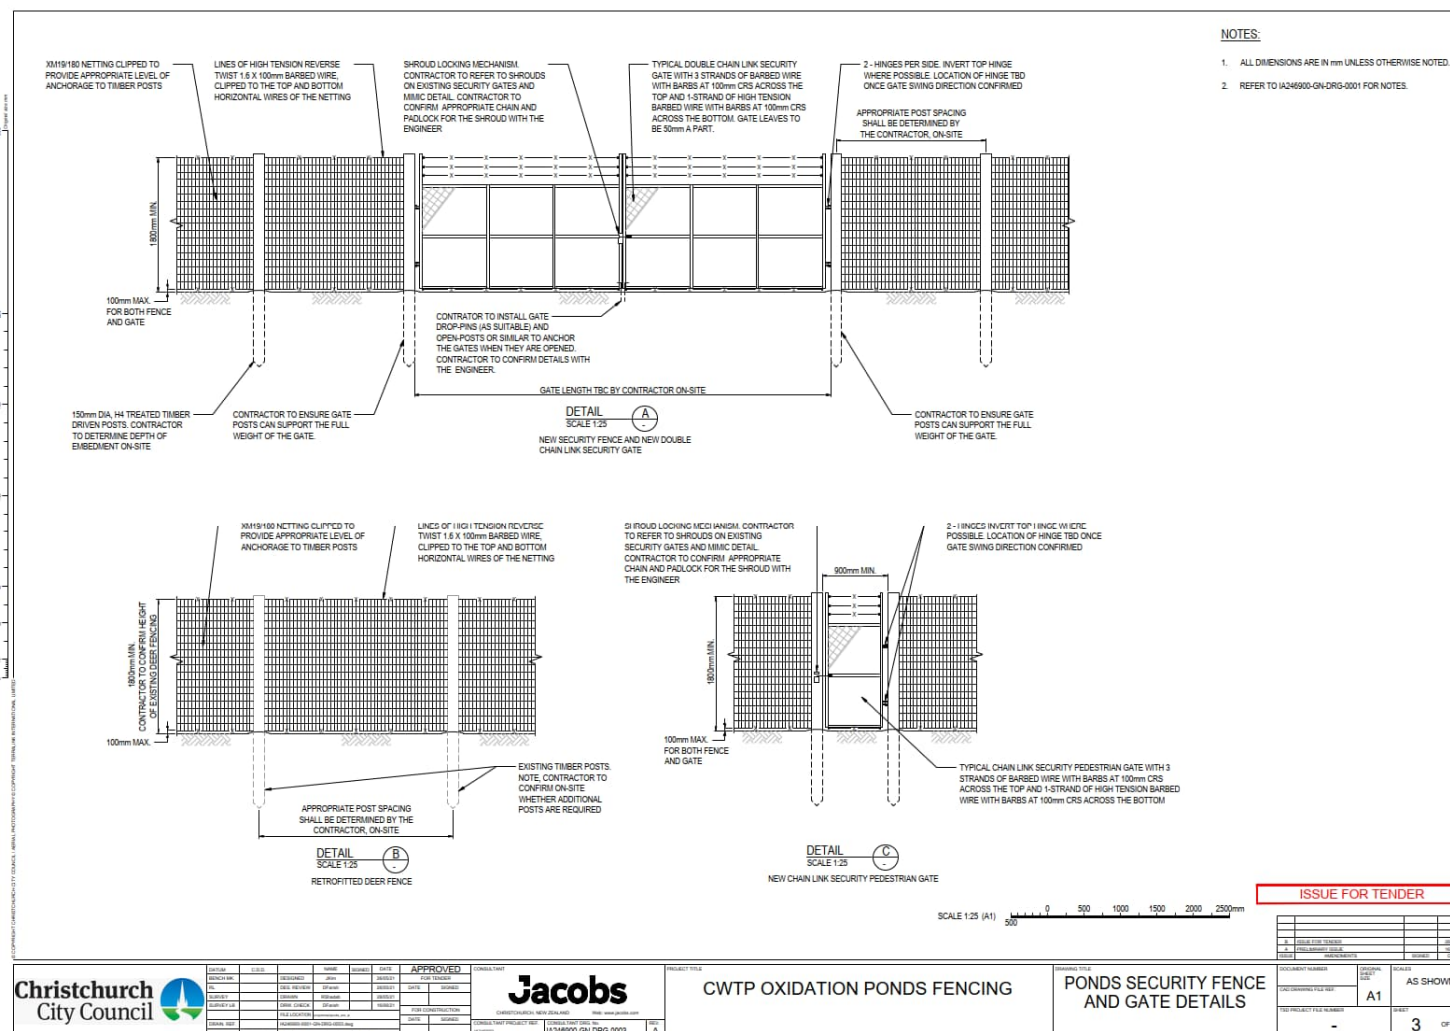

Oxidation Pond – New Security Fence Line

- Fence line was installed 2023 in response to a security/access review following the tragic drowning at Gore WWTP
- Photo shows old NZTA fence line in front, with new security fence line behind it

Fenceline

- 1.8m high
- 150mm H4 wooden posts
- Close knit mesh
- Topped with barbwire
- Vehicle / pedestrian gates for access

Creating a PowerPoint presentation

Fenceline

- Security fence line is set back from NZTA's 7-wire fence, and is on the CCC/NZTA Boundary
- Fence line has been aligned as close as possible with ponds without impacting operations

Creating a PowerPoint presentation

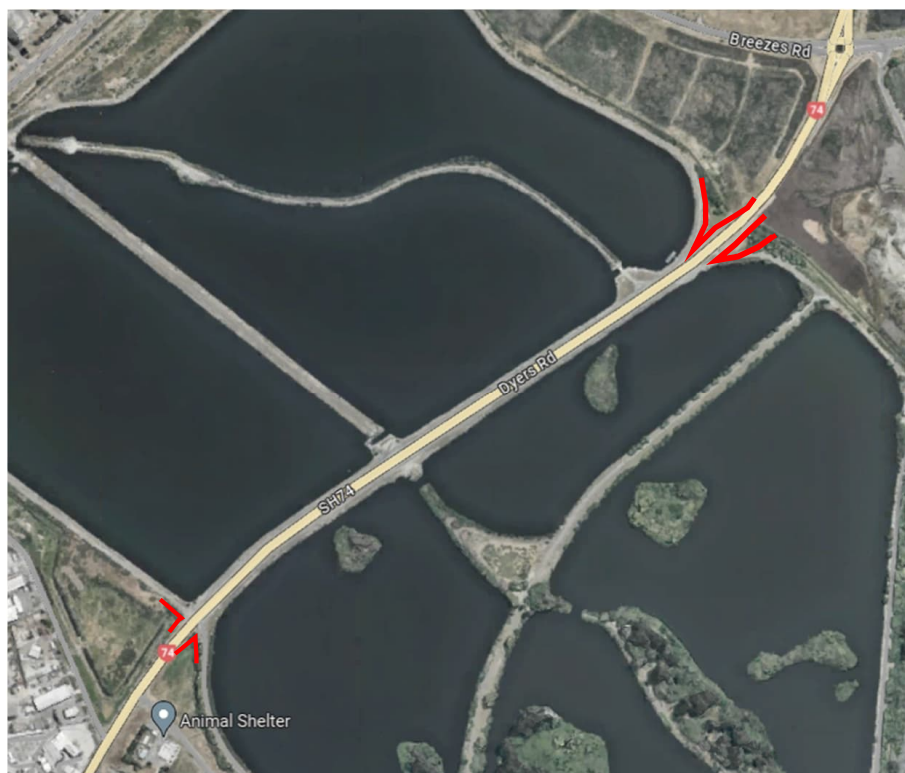

Fence line - Issues

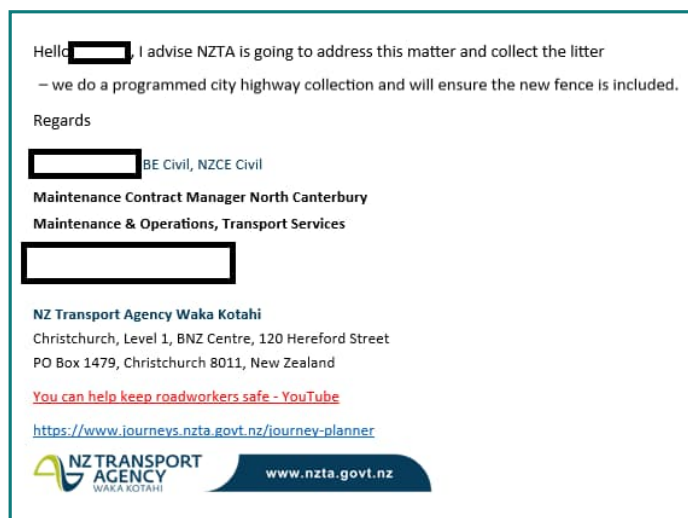

- Unforeseen & under-estimated issues;
 - Anecdotal increase in number of vehicle accidents (recent one as pictured, plus two more over weekend)
 - Geese stranded between the fence line and the State Highway
 - Do-gooders cutting the fence line and pulling to one side to let geese through
 - Rubbish accumulation far higher than previous due to significant reduction on gap-size (previously went into ponds)

Fenceline

- To resolve the issues stranded geese on the State Highway and do-gooder vandalising the fence as a result;
- Additional fencing has been installed at the locations shown to try and stop the geese coming from the paddocks being channelled on to the State Highway
- Anecdotally the number of geese seen on the state highway has dropped, but will be continued to be monitored (especially next moult season)

Fenceline – Rubbish Accumulation

- To try and reduce the rubbish accumulation;
- CCC's landscape maintenance contractor had undertaken a rubbish collection, but not technically our responsibility as on NZTA land, also significant H&S risk
- Multiple contacts have been made with NZTA, their contractor and sub-contractors to try and resolve responsibility and action

Questions?
Topics for next time?

Waitai Coastal-Burwood-Linwood Community Board Better Off Fund Applications

6 May 2024

- ❖ The Board has previously allocated \$30,000 towards the Waitai Youth Board Project.
- ❖ The Waitai area has also been allocated an additional \$200,000 to coordinate and deliver community safety, development and cohesion initiatives in the East and delegated authority to the Community Governance Manager to implement the Council's decision. (\$100,000 for New Brighton and \$100,000 for Woolston / Eastgate)
- ❖ Following further workshops with the Board, the Board requested Project Briefs for each of the following projects.
- ❖ The staff recommendations for each project follows along with the remaining balances.
- ❖ Staff are available for any questions the Board has.

Staff Recommendations Today

Coastal	Burwood	Linwood	
\$35,000 Green Lab	\$15,000 Dallington RA	\$21,000 Woolston Gala	
\$30,000 Pukeko Centre	\$20,000 All Saints	\$41,394.25 Kawai Rangatahi	
\$32,000 NB Foreshore	\$32,470.40 ACTIS		
\$30,000 NB Santa Parade	\$84,052.40 A Town		
\$26,000 NB Museum			Could be considered Board Wide
\$30,000 Parklands United			
\$183,000	\$151,522.80	\$62,394.25	

Balances Remaining

Current Better Off Fund Balance	\$470,000
Remaining Balance if Recommendations Adopted	\$73,082.95
Metro Safety Funds – New Brighton:	\$100,000 (NB Guardians potentially)
Metro Safety Funds – Eastgate/Woolston	\$100,000

**SAVE
OUR
PLAYGROUND**

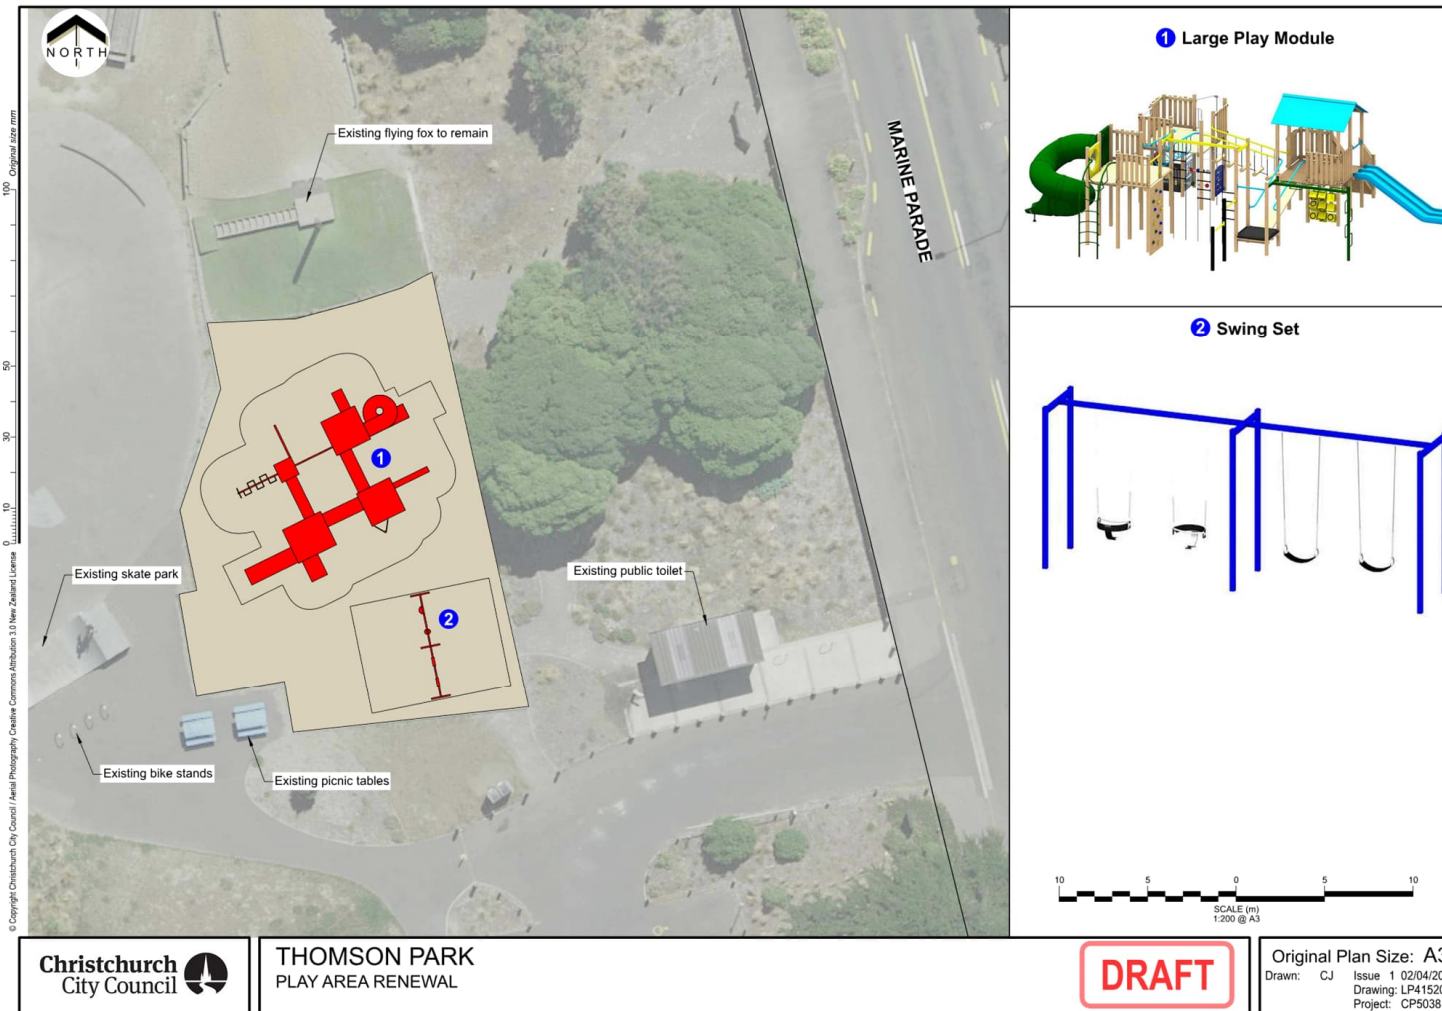

Deputation

BACKGROUND

Built in the 70's
Eastside Staple for Generations
Destination 'fort', brings people in
Massive use, due to large footprint.

SAVE
OUR
PLAYGROUND

NEW DESIGN

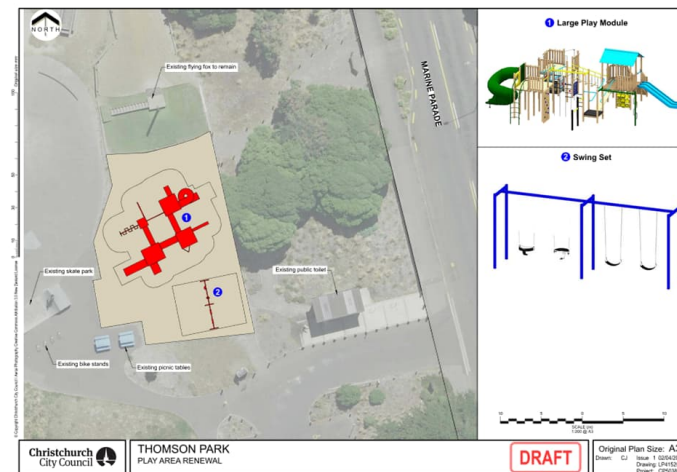

Significant decrease in footprint.

Not 'like for like'.

Drastically reduced double slide

No tunnels

Doesn't cater for original age groups

SAVE
OUR
PLAYGROUND

CONCERNS

Holiday programmes can't utilise the new design

Won't bring people in anymore.

Less room, so less kids can play

Parents cannot play with their children anymore

Less developmental options: Naughts and Crosses vs a tunnel

SAVE
OUR
PLAYGROUND

PETITION

I launched “Save our Playground” to address these concerns.
Asked Community Organisations to Co-Sign
Launched on Wednesday the 10th of April
Overnight it gained 200 Signatures.
Significant Media Attention, due to local’s concern.

SAVE
OUR
PLAYGROUND

PETITION STATS

Over 1500 Signatures

Over 1,660 Comments specifically referencing the new Playground design across 4 Facebook pages.

3 Star Media videos, 2 Pegasus Post articles, 1 Radio New Zealand Article

The petition was in Radio New Zealand News Bulletins in every town across New Zealand

it is safe to say, that people across the country are watching this decision today.

SAVE
OUR
PLAYGROUND

THE ASK

That The Board receives the petition regarding Thomson Park; and,

- a. Requests the Parks staff work with the Board to create a larger footprint for the replacement playground to accomodate a custom module (in addition to those already purchased);
- b. Requests staff prepare a report with options for funding the additional module;
 - i. That these options (b) include reordering of playground renewals within the Coastal Ward.
 - ii. That the advice also includes the schedule of renewals for the Local Play Space Renewal Budget in the Coastal Ward, the amount allocated, and the year allocated.
