**Nine applications were presented to and discussed by the Panel:**

Discretionary Response Fund Applications:

Funding Request Number	Applicant Name and Project Name	Amount recommended by staff	Discussion of the Metropolitan Discretionary Response Fund Panel	Recommendation of the Discretionary Response Fund Staff Panel
00067613	18 Avon Squadron Branch of the Air Training Corps Assn NZ Inc  Replace Worn Out Tents	\$3,500	Presented to the panel by: John Slaughter <ul style="list-style-type: none"> <li>The rationale for this recommendation being supported is:</li> <li>This organisation and its activities are in alignment with Council's Strengthening Communities Together strategy,</li> <li>This Corps (18 Avon Squadron) is exclusive to those who live in the greater Christchurch area,</li> <li>Having this equipment will enable bushcraft skills and experiences as well as leadership opportunities to Rangatahi involved.</li> <li></li> </ul> <p>Discussion around table was asked where these tents would be stored for future use and there appears to be no other source of funding for the balance of the tents.</p>	\$3,000
00067651	Family Drug Support Aotearoa New Zealand  Telehealth delivery of support services for Impacted family/whanau members	\$7,167	Presented to the panel by: John Slaughter <ul style="list-style-type: none"> <li>This organisation's objectives align well with Council's Strengthening Communities strategy especially through, working with volunteers, enhancing community safety and helping reduce social isolation associated with having a family member with a drug or alcohol problem.</li> <li>This organisation runs on a very tight budget, so funding to buy extra equipment is vital for their continued operation.</li> <li>They have a good reputation in assist people with alcohol or drug issues.</li> </ul> <p>Discussion around the table was had they approached CCC Computers to Community, apparently they would not be suitable. What % of Chch did they assist/support, as cover all of NZ but they are based here in Chch at Community House.</p>	\$3,667
00067420	Otautahi Eritrean Association Incorporated  Eritrean Community in Christchurch	\$3,246	Presented to the panel by: Viviana Zanetti <ul style="list-style-type: none"> <li>The project develops the strength of the Eritrean community to provide connections for their refugees and address issues of social exclusion through celebrating their heritage, aligning with the People Pillar in the Strengthening Communities Together Strategy.</li> <li>The project aligns with Goal 4 of the Multicultural Strategy, Otautahi, Christchurch is a city of cultural vibrancy, diversity, inclusion and connection, supporting and giving greater exposure to the cultural and linguistic diversity of the city.</li> </ul>	\$3,000

			<ul style="list-style-type: none"> <li>The project celebrates the social heritage of the Eritrean Community, connecting to Council's Heritage Strategy's kaupapa of weaving our stories together, making a stronger cultural 'rope' and showing respect for all cultures.</li> </ul> <p>Discussion around table about budget including football field costs, when could use football fields near Multi cultural centre and if having a bouncy castle – would need an event permit for this. With using multi cultural centre, do not need to hire crockery etc.</p>	
00067087	Green Effect Trust  Expansion of Services	\$20,,000	<p>Presented to the panel by: John Slaughter</p> <p>Rationale for supporting this funding application, is that firstly they align strongly with a number of Council Strategies and secondly that the cost of living increase was unexpected and could not have predicted in their SCF application made in 2023.</p> <p>Discussion around the table was they had accessed Sustainability funding in the past and last time applied to SCF was 2017. They supply plants to CCC for parks and reserves. Suggested to CDA – John to make contact with CCC Parks – Toby Chapman to discuss relationship between CCC and Green Effect Trust. Would they benefit from business mentoring.</p>	\$20,000 Priority 1
00067785	The Christchurch Foundation  Short Term Funding support	\$20,000	<p>Presented by Rose Crossland</p> <p>Seed The Change is also financially underwriting this project to support these rapid transition initiatives, no other short-term funding applications are pending. TCF does intend to make an application into the Long Term Plan but this will be focussed principally on delivering tangible, long-term outcomes.</p> <p>Financial support for this transition phase assists Council's ongoing financial and active support of the community sector and the urgent need for the sector to be financially sustainable into the long term. It also provides opportunities for a stronger relationship between Council and TCF staff for the mutual benefit of the wider community and supporters.</p> <p>Further information from Rose as she only meet with them yesterday, there is a new board in place, currently not built up enough funds to be self sustaining, current model has not been working. They are essentially an arm of the council and core funded by CCC.</p>	\$20,000

Place Partnership Fund Applications:

Funding Request Number	Applicant Name and Project Name	Amount recommended by staff	Discussion of the Metropolitan Discretionary Response Fund Panel	Recommendation of the Discretionary Response Fund Staff Panel
00067739	Paradox Poppups  A Popup Escape Room	\$500	Presented to the panel by: Brindi Joy <ul style="list-style-type: none"> <li>This informal group of volunteers aims to temporarily transform underutilised community spaces (through pop up escape rooms) for future community use. This group previously supported a property owner in Linwood Village to clean and improve an unused space, which they used for an escape room pop-up. That space is now multi-purpose and used by community groups and not-for profits.</li> <li>The group's second pop-up escape room will be located at the creative co-lab community hub, the Exchange in Waltham, improving an unused space that will be used as a tool lender following the pop-up.</li> <li>The Exchange escape room will run for 4 weeks from 25 May, with 16 sessions, anticipating 220 people. The escape room fee is \$80 per group. The project aims to break even, with a total project cost to build and deliver: \$6,645.</li> </ul>	\$500
00067483	Risingholme Community Centre Incorporated  Have a Go Day	\$2,000	Presented to the panel by: Brindi Joy <ul style="list-style-type: none"> <li>Have a Go Day will go ahead without Council funding or by scaling back the event</li> <li>Risingholme has financial reserves</li> <li>Recommend to not support promotional activities: <ul style="list-style-type: none"> <li>ie goodie bags that contain promotional items</li> </ul> </li> <li>Discount on future courses. Instead of providing grant funding for this, Risingholme can absorb the lost revenue</li> </ul>	\$2,000
00067345	Photosynthesis  Photosynthesis – Interim Rent	\$5,000	Presented to the panel by: Brindi Joy <ul style="list-style-type: none"> <li>Access and inclusivity: allows photographers from various backgrounds to explore and develop their creativity</li> <li>Community building: studio serves as a hub for photographers and videographers to come together, share ideas, collaborate, and learn</li> </ul>	\$5,000

			<p>from one another, supporting networking, mentorship, and support systems</p> <ul style="list-style-type: none"> <li>• Skill building: provides educational resources and opportunities for individuals to enhance technical skills, creativity, and confidence in visual storytelling</li> <li>• Financial accessibility: by subsidising studio use for non-commercial projects, Photosynthesis ensures financial constraints do not hinder photographers and videographers from pursuing creative efforts</li> </ul> <p>Additional information building community interest. They have a current SCF application for rent and power \$15,000. Could benefit from business support. Partnership approach</p>	
00067305	<p>David Caines</p> <p>Broad Park, New Brighton Community Mural</p>	\$1,806	<p>Presented to the panel by: Brindi Joy</p> <ul style="list-style-type: none"> <li>• Enlivening and graffiti deterrence: transform the blank, graffiti-attracting wall into a colourful mural, which will deter further graffiti and enliven the park for visitors</li> <li>• Local identity: celebrate local identity and foster a sense of local pride</li> <li>• Supporting local artist: provide opportunity for local artist to create a public work and contribute to the vibrancy and identity of his community</li> <li>• Maintenance: providing funding for anti-graffiti coating supports ongoing maintenance, clean-up will be easier if the mural is tagged</li> </ul> <p>Discussion around table due to being approved by the community board, approval is given.</p>	\$1,806

	18 Avon Squadron Branch of the Air Training Corps Assn NZ Inc	<p><b>Replace Worn Out Tents</b></p> <p>18 Squadron are a youth-based development group, who have operated in the Christchurch area for many years. They provide both training and learning experiences for youth as well as leadership opportunities for many.</p> <p>As part of their programme, they provide bushcraft training and activities for teenage cadets in the South Island high country. The existing tents the squadron owns have reached the end of their life and need to be replaced.</p> <p>The squadron would like to buy 2-person tents suitable for tramping (lightweight and able to withstand heavy mountain rain). The squadron wishes to buy enough tents to accommodate 24 cadets (12x 2-person tents).</p>	<p>Nil</p> <p><b>Other Sources of Funding</b> None</p>	<p><b>Total Cost</b> \$ 6,912</p> <p><b>Requested Amount</b> \$ 3,500 <b>51% percentage requested</b></p> <p><b>Contribution Sought Towards:</b> Equipment/materials \$3,500</p>	<p><b>\$ 3,000</b></p> <p>That the Head of Community Support Governance and Partnerships approves a grant of \$3500 from its 2023/24 Metropolitan Discretionary Response fund to the 18 Squadron Air Corps towards purchasing outdoor camping equipment.</p>	<b>2</b>

<p><b>Organisation Details:</b></p> <p>Service Base: Wigram, Christchurch</p> <p>Legal Status: Incorporated Society</p> <p>Established: 19/07/1960</p> <p>Staff – Paid:</p> <p>Volunteers:</p> <p>Annual Volunteer Hours: 2000</p> <p>Participants: 60</p> <p>Target Groups: Children/Youth</p> <p>Networks: Branch of the Air Training Corps Association of New Zealand Incorporated</p> <p><b>Organisation Description/Objectives:</b></p> <p>To provide Christchurch teenagers with an adventure-based and educational training programme, designed to foster responsibility, self-confidence, discipline, leadership and a sense of voluntary service in the cadets.</p>	<p><b>Alignment with Council Strategies and Policies</b></p> <ul style="list-style-type: none"> <li>Christchurch City Council Strengthening Communities Together Strategies:</li> <li>Te Pou Tuatahi:Te Tangata</li> <li>Pillar 1: People</li> <li>Objective 1.4: Harness the strengths of diverse communities and address issues of social exclusion.</li> <li>Objective 1.5: Support groups involved in providing access to arts, culture, heritage, recreation and those who care for the environment.</li> <li>Youth Policy (1998)</li> <li>Youth Action Plan and Memorandum of Understanding with the Christchurch Youth Council</li> <li>Council Strategic Frame Strengthening Communities Together</li> <li>Equity and Inclusion Policy</li> </ul> <p><b>Outcomes that will be achieved through this project</b></p> <p>Cadets will experience overnight camps and tramps in the South Island high country</p> <p>On overnight camps and tramps, cadets will receive survival training: river crossing, emergency shelter preparation, bush navigation</p> <p>On overnight tramps, cadets will experience activities designed to increase their self-reliance: carrying their own gear, preparing campsites and meals</p> <p><b>How Will Participants Be Better Off?</b></p> <p>Cadets from less well-off families will be able to participate in overnight camps and tramps, without the need to purchase expensive tents. Being able to attend such activities fosters self-reliance and self-confidence.</p> <p>An example: One of the 18 Squadron cadets was from a family that often could not afford the yearly subscription. The subscription was waived for him because he was so enthusiastic. Over his time with cadets, his self-confidence and skills grew and he blossomed as an individual. He has developed excellent organisational and leadership skills in his time with the squadron and is now a trainee squadron officer.</p>	<p><b>Staff Assessment</b></p> <p>Air Training Corps have a long-standing tradition of working with rangatahi in Christchurch and opportunities many would not get through their families. They are important in developing young people especially instilling leadership.</p> <p>This organisation is almost exclusively supported financially through subscriptions of members and donations. Volunteers are a critical part of the operation and while the organisation is financial, their savings are minimal.</p> <p>This request is made on a one-off basis, to allow this Corps to upgrade their equipment as currently they are reliant on borrowing tents etc. and this is not reliable.</p> <p>This request supports the Council's Strengthening Communities Together strategy pou of People, Objective 1.5: Support groups involved in providing access to arts, culture, heritage, recreation and those who care for the environment.</p> <p>The rationale for this recommendation being supported is:</p> <ul style="list-style-type: none"> <li>This organisation and its activities are in alignment with Council's Strengthening Communities Together strategy,</li> <li>This Corps (18 Avon Squadron) is exclusive to those who live in the greater Christchurch area,</li> <li>Having this equipment will enable bushcraft skills and experiences as well as leadership opportunities to Rangatahi involved.</li> </ul>

00067785	<b>Organisation Name</b>  The Christchurch Foundation	<b>Name and Description</b>  <b>Short Term Funding Support</b>  The Christchurch Foundation (TCF) is an independent charitable trust dedicated to supporting the Christchurch community through philanthropy.  They have recently undergone a complete refreshment of its board and management team and are seeking funding to facilitate, in time for the 2025/25 financial year, the transition from its initial establishment phase to a second-generation organisation with a revised strategic focus and financial model.  This funding application is to help maintain the momentum and efficacy of TCF's transition team and the rapid completion of these fundamental tasks, ensuring the maximum benefits to the wider community are achieved in the shortest possible time.  This funding will result in a more robust organisation in the long-term, a stronger alignment and working relationships with community organisations, businesses, the Christchurch City Council and funders.	<b>Funding History</b>  <b>Other Sources of Funding</b> Seed the Change - \$50,000	<b>Request Budget</b>  <b>Total Cost</b> \$70,000  <b>Requested Amount</b> \$20,000 <b>29% percentage requested</b>  <b>Contribution Sought Towards:</b> Salaries and wages - \$10,000 Administration - \$10,000	<b>Staff Recommendation</b>  <b>\$20,000</b>  That the Christchurch City Council approves a grant of \$20,000 from its 2024/25 Discretionary Response Fund to The Christchurch Foundation towards salaries, wages and administration.	<b>Priority</b>  <b>1</b>

Stronger connections into Christchurch City Council, current and potential supporters and the wider Christchurch and Banks Peninsula community  <b>How Will Participants Be Better Off?</b>  Community organisations will benefit from having increased access to funding opportunities at the earliest opportunity.  Supporters and organisations will be able to make a direct impact on areas meaningful to them  Residents will enjoy the direct benefits of funds being deployed across a wide range of social, cultural and environmental outcome areas.	<b>Staff Assessment</b>  The establishment of The Christchurch Foundation (TCF) in 2017 was motivated by the Christchurch earthquakes and a global trend for cities to provide the ability for individuals, organisations and businesses to support their community through major gifts and business partnerships.  In its establishment phase, TCF concentrated principally on the immediate passing through of all funds received to the recipient organisations nominated by its donors (an example being the funds transferred to the mosque attack victims, for which TCF took no fee). This approach maximised the time value of philanthropy in the short term for those recipients but meant that TCF has no operational surpluses with which to fund the extra-ordinary and unavoidable costs associated with its current transition to a financially sustainable operation.  TCF is now transitioning to a second-generation organisation with the complete refreshment of its board and management team just completed. The next step in this planned transition is the induction of new trustees, an assessment of progress and learnings to date, a review of the community and economic context in which it operates, the consequent review and realignment of strategy and related operational capacity requirements, the establishment of stronger alignments with delivery agencies and organisations and the deepening of working relationships with the Council, financial advisers and funders from inside and outside the region.  Achieving short- and medium-term financial sustainability in the shortest possible time is the new board's principal focus so that it can, in turn, increasingly concentrate on its core business of providing significant multi-generational funding support to the community.  Seed The Change is also financially underwriting this project to support these rapid transition initiatives, no other short-term funding applications are pending. TCF does intend to make an application into the Long Term Plan but this will be focussed principally on delivering tangible, long-term outcomes.  <b>Rationale for Recommendation</b>  Financial support for this transition phase assists Council's ongoing financial and active support of the community sector and the urgent need for the sector to be financially sustainable into the long term. It also provides opportunities for a stronger relationship between Council and TCF staff for the mutual benefit of the wider community and supporters.

All volunteers will gain a sense of community acceptance and also a sense of being involved. Some may go onto further education or remain in education rather than becoming involved in crime.	<b>Staff Assessment</b> Trees for Canterbury was founded in 1990 and has developed into a fully functional nursery and welfare-providing organisation. Many of the native plants grown are utilised in community and revegetation projects; the remainder are sold at the nursery to provide a degree of self-funding. Trees for Canterbury is strongly linked to the local community, providing environmental education, native plants and undertaking planting with community organisations and schools throughout Canterbury. They have 3 goals: Employ; establishing a sense of involvement in the community for disadvantaged people and to train those who may wish to develop in this industry. Educate; working with educational institutions, providing assistance in the teaching of environmental awareness. Regenerate; cultivating native plants for community planting and our own revegetation projects using plant material eco-sourced from local areas. Trees for Canterbury, work closely with Council Parks and Reserves Teams to supply trees and assist planting on Council lands. There is a well-established history and relationship as a result. Rationale for supporting this funding application, is that firstly they align strongly with a number of Council Strategies and secondly that the cost of living increase was unexpected and could not have predicted in their SCF application made in 2023.

The studio aims to make visual storytelling accessible by lowering social, financial, and skill barriers for photographers and videographers, build confidence and technical skills, showcase and celebrate user's work, and develop a sense of community and belonging. The studio and equipment is available to photographers and videographers working on commercial and non-commercial projects, with the latter being subsidised.  Interim funding is sought to support rent and power expenses for the studio and office, covering May 2024 - Oct 2024, after which Photosynthesis aims to supplement income with Rātā and Strengthening Communities funding, and gaming proceeds.  External funding support means Photosynthesis does not have to rely solely on revenue from the studio hire, and focus on activities that build community through workshops, events, exhibitions, residencies, speaker series and the fully subsidised scheme, which allows free studio use for projects involving participation of those historically under-represented in fine art.  Recommendation rationale <ul style="list-style-type: none"><li>Access and inclusivity: allows photographers from various backgrounds to explore and develop their creativity</li><li>Community building: studio serves as a hub for photographers and videographers to come together, share ideas, collaborate, and learn from one another, supporting networking, mentorship, and support systems</li><li>Skill building: provides educational resources and opportunities for individuals to enhance technical skills, creativity, and confidence in visual storytelling</li><li>Financial accessibility: by subsidizing studio use for non-commercial projects, Photosynthesis ensures financial constraints do not hinder photographers and videographers from pursuing creative efforts</li></ul>

CLASS (Community Learning Association through Schools)

### Organisation Description/Objectives:

Risingholme exists at the heart of wider learning communities. Our mission is to promote community spirit through developing and delivering a range of community education courses that are enjoyable, accessible, and promote people's well-being. We work within a network of active relationships with other community groups to create a learning city that enhances social connection and cohesion.

### Alignment with Council Strategies and Policies

- Christchurch City Council Strengthening Communities Together Strategies:
- Te Pou Tuatahi: Te Tangata
- Pillar 1: People
- Objective 1.4: Harness the strengths of diverse communities and address issues of social exclusion.
- Objective 1.5: Support groups involved in providing access to arts, culture, heritage, recreation and those who care for the environment.
- Youth Policy (1998)
- Youth Action Plan and Memorandum of Understanding with the Christchurch Youth Council
- Council Strategic Frame Strengthening Communities Strategy
- Strategic Framework
- Toi Otautahi Arts Strategy
- Place Partnership Fund

### Staff Assessment

Risingholme will run their 'Have a Go Day' from two locations, Risingholme Park and Riccarton High School. Fifteen courses will be on offer including sewing, Te Reo, guitar, cooking, etc. These courses are for community members who have not attended a Risingholme course before. The intention is to bring the community together to promote the benefits of lifelong learning. It is proposed that all participants will be offered 10% discount on a future Risingholme course and to go into the draw for a free course.

100 attendees are expected on the day across 15x 1 hour 'taster' courses. The event will be marketed through flyers and postcards.

### Recommendation rationale

Recommend supporting the purpose/outcomes which is to encourage and support lifelong learning and access to learning, and to reach new audiences

### Reduced recommendation

- Have a Go Day will go ahead without Council funding or by scaling back the event
- Risingholme has financial reserves
- Recommend to not support promotional activities:
- ie goodie bags that contain promotional items
- Discount on future courses. Instead of providing grant funding for this, Risingholme can absorb the lost revenue
