
Banks Peninsula Water Management Zone Committee AGENDA

Notice of Meeting:

A meeting of the Banks Peninsula Water Management Zone Committee will be held on:

Date: Tuesday 17 September 2024
Time: 4:00 pm
Venue: Lyttelton Community Boardroom, 25 Canterbury Street, Lyttelton

Membership

Chairperson	Gina Waibl - Community Representative
Deputy Chairperson	Trudi Bishop - Community Representative
Members	Andrea Davis - Community Representative
	George Howden - Community Representative
	Elisa Knight - Community Representative
	Ben Manson - Community Representative
	Tyrone Fields - Councillor Christchurch City Council
	Paul Dietsche - Councillor Environment Canterbury
	Amber Moke - Te Hapū o Ngāti Wheke/Rapaki
	Rik Tainui - Te Rūnanga o Ōnuku
	Jaleesa Panirau - Te Rūnanga o Wairewa
	Vacancy - Te Rūnanga o Koukourāata
	Tori Peden - Advisory Member

Karakia Whakamutunga

Karakia Tīmatanga

Whakataka te hau ki te uru	<i>English translation</i>
Whakataka te hau ki te tonga	Cease the winds from the west
Kia mākinakina ki uta	Cease the winds from the south
Kia mātaratara ki tai	Let the breeze blow over the land
E hī ake ana te atakura	Let the breeze blow over the ocean
He tio, he huka, he hau hunga	Let the red-tipped dawn come with a sharpened air.
Tihei mauri ora!	A touch of frost, a promise of a glorious day.

1. Apologies

At the close of the agenda no apologies had been received.

2. Declarations of Interest

Members are reminded of the need to be vigilant and to stand aside from decision making when a conflict arises between their role as an elected representative and any private or other external interest they might have.

3. Updates from Banks Peninsula Zone Committee Members

An opportunity for members to highlight events/meetings/issues relevant to the Zone Committee.

4. Confirmation of Previous Minutes Te Whakaāe o te hui o mua

That the minutes of the Banks Peninsula Water Management Zone Committee meeting held on [Tuesday, 18 June 2024](#) be confirmed (refer page 6).

Note: The Banks Peninsula Water Management Zone Committee meeting scheduled for Tuesday 20 August 2024 failed due to a lack of quorum.

5. Deputations by Appointment Ngā Huinga Whakaritenga

There were no deputations by appointment at the time the agenda was prepared.

6. Identification of Urgent Items from Committee Members Te Tautohu i ngā Take Nonoi nā ngā Mema Komiti

Banks Peninsula Water Management Zone Committee OPEN MINUTES

Date: Tuesday 18 June 2024
Time: 4.14 pm
Venue: Lyttelton Community Boardroom, 25 Canterbury Street, Lyttelton

Secretarial note: Pursuant to Standing Order 7.5 the chairperson used their discretion to wait for a quorum, owing to a member travelling into the meeting. No business was conducted while waiting for the quorum to be reached.

All members present opened the meeting with a Karakia Tīmatanga.

The agenda was dealt with in the following order.

1. Apologies Ngā Whakapāha

Committee Resolved BPZC/2024/00007

That the apologies received from Jaleesa Panirau, Rik Tainui, Councillor Fields, Councillor Dietsche and Tori Peden and the apology for lateness from Andrea Davis be accepted.

Trudi Bishop/Gina Waibl

Carried

2. Declarations of Interest Ngā Whakapuaki Aronga

There were no declarations of interest recorded.

3. Updates from Banks Peninsula Zone Committee Members

Members highlighted events/meetings/issues relevant to the Zone Committee.

- A report will be going to Environment Canterbury next week relating to funding for catchment groups.
- The Coastal Hazards Adaptation Panel have reached the end of their review. A report containing the findings is being drafted, and will be presented to Christchurch City Council.
- Banks Peninsula Conservation Trust are carrying out biodiversity testing in Port Levy.
- Port Levy residents have continued to raise concerns around the local drinking water scheme.
- A lecture relating to catchments and ecology will be attended by a member.

4. Confirmation of Previous Minutes Te Whakaāe o te hui o mua

Committee Resolved BPZC/2024/00008

That the minutes of the Banks Peninsula Water Management Zone Committee meeting held on Tuesday, 20 February 2024 be confirmed.

Elisa Knight/Ben Manson

Carried

5. Deputations by Appointment Ngā Huinga Whakaritenga

There were no deputations by appointment.

6. Identification of Urgent Items by Committee Members Te Tautohu i ngā Take Nonoi nā ngā Mema Komiti

There were no urgent items identified.

Andrea Davis joined the meeting via audio/visual at 4:53pm during item 7.

7. Community Waterways Partnership

Committee Comment

- During the Community Waterways Partnership presentation, the question of the Committee joining the Community Waterways Partnership was put to the Zone Committee.
- Members asked questions to the officer relating to funding available, rural waterways focus, Healthy Waterbodies Action Plan monitoring work and the use of data.
- Members discussed their interest in joining the partnership and nominating a representative/s for the Community Waterways Partnership steering group.
- Members Elisa Knight, Trudi Bishop and Andrea Davis nominated themselves, unopposed, as joint representatives on the Community Partnerships Waterway steering group.

Officer Recommendations

That the Banks Peninsula Water Management Zone Committee:

1. Receives the information in the Community Waterways Partnership Report.

Committee Resolved BPZC/2024/00009

That the Banks Peninsula Water Management Zone Committee:

1. Receives the information in the Community Waterways Partnership Report.
2. Joins the Community Waterways Partnership and appoints Elisa Knight, Trudi Bishop and Andrea Davis as joint representatives of the Banks Peninsula Water Management Zone Committee on the Community Waterways Partnership steering group.

Ben Manson/Amber Moke

Carried

Attachments

- A Item 7 - Community Waterways Partnership presentation - Banks Peninsula Water Management Zone Committee - 18 June 2024

8. Wai Connection

Committee Comment

- Members asked questions relating to fish passage data collected during education outreach programmes, and its inclusion on priority matrices.
- The officer explained fish passage data is not collected during school education outreach programmes.
- The committee agreed unanimously to recommended Environment Canterbury fund a fish passage data collection programme for student summer internships.

Officer Recommendations

That the Banks Peninsula Water Management Zone Committee:

1. Receives the update on the Wai Connection and Wairewa Mahinga Kai Catchment Group.

Committee Resolved BPZC/2024/00010

That the Banks Peninsula Water Management Zone Committee:

1. Receives the update on the Wai Connection and Wairewa Mahinga Kai Catchment Group.
2. Recommends to Environment Canterbury that they employ summer student(s) to undertake fish surveys in Banks Peninsula and work with Christchurch City Council, Community Waterways Partnership and Wai Connection to scope the work.

Trudi Bishop/Andrea Davis

Carried

Attachments

- A Item 8 - Wai Connection presentation - Banks Peninsula Water Management Zone Committee - 18 June 2024

9. Facilitators report

Committee Resolved BPZC/2024/00011

Officer Recommendations accepted without change

That the Banks Peninsula Water Management Zone Committee:

1. Receives the information in the Facilitators report.
2. Confirms its support for the recommendation to Environment Canterbury that a prioritisation framework such as that utilised by Christchurch City Council is used to prioritise structures for remediation.

Gina Waibl/Elisa Knight

Carried

Gina Waibl closed the meeting with a Karakia Whakamutunga.

Meeting concluded at 6.18pm.

CONFIRMED THIS 20 DAY OF AUGUST 2024

**GINA WAIBL
CHAIRPERSON**

Unconfirmed

7. Supporting Groups to Realise their Fundraising Potential

Reference Te Tohutoro: 24/1590815

Presenter(s) Te Kaipāhō : Jaimee Grant, Zone Facilitator, Environment Canterbury

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Banks Peninsula Water Management Zone Committee to discuss a proposal for supporting groups to realise their fundraising potential, and to discuss and confirm the next steps.

2. Officer Recommendations Ngā Tūtohu

That the Banks Peninsula Water Management Zone Committee:

1. Receives the information in the Supporting Groups to Realise their Fundraising Potential Report.
2. Recommends to Environment Canterbury to use \$5000 of the Zone Committee Action Plan Budget towards evenly co-funding the total cost of the Workshop Series
3. Agrees to a set fee amount of \$50 incl. GST for all attendees.

3. Report Te Pūrongo

Funding challenges for groups

- 3.1 Securing funding has been identified as an obstacle for environmental groups and organisations to achieving their objectives. The reduction in available project funding, for various reasons, has heightened competition among groups and emphasises the need for groups to have robust proposals to maximise their chances of securing funding.
- 3.2 For some groups and individuals, there is a knowledge gap regarding the requirements for a successful application and the different funding streams available to them.

The Fundraising Agency

- 3.3 The Fundraising Agency's (formerly Barrer & Co's) vision is 'Giving Confidence. The company can help entities develop successful fundraising strategies and help navigate the funding application process.
- 3.4 A small group of Committee members met with the Fundraising Agency to discuss opportunities to support groups and organisations in Banks Peninsula to reach their funding goals. A proposal was drafted for the Committee's consideration and was provided to Committee members prior to this meeting.
- 3.5 The Fundraising Agency has offered to lead a series of fundraising workshops, aimed to address the gaps and opportunities for the local groups' projects to help improve freshwater and/or biodiversity outcomes. These workshops will have an associated cost with a maximum number of organisations that can attend.
- 3.6 An email to gauge community group interest was sent to several organisations and groups based in the Banks Peninsula zone. Six groups indicated they would be interested in attending. The majority noted paying attendance costs would be an obstacle.

- 3.7 A quote was provided for the Committee's consideration covering several scenarios. This quote is valid until 30 September 2024. If a decision is not made at this meeting, a new quote, likely at a higher cost, will be required.
- 3.8 Opportunities to co-fund the workshop series was investigated, and one foundation has agreed to co-fund the workshop series up to \$5000.
- 3.9 Direction is required from the Committee as to how it would like to proceed with the proposal.

Options

If the Committee wishes to work with the Fundraising Agency to provide these workshops at full, part or no cost, there are several options for the Committee to consider:

3.10 **Option 1:** The Committee agrees to

3.10.1 50/50 co-fund the full cost of the Workshop Series; and

3.10.2 Recommends \$5000 of the Zone Committee Action Plan Budget go towards Workshop Series

3.10.3 A set fee of \$50 for attendees.

3.11 Option 1 considerations:

- Removes most of the cost barrier therefore improving accessibility for groups and enhancing participation.
- A set fee of \$50 for attendees helps ensure commitment from individuals and encourage attendance.
- Strengthens relationships with other funding organisations and participating groups and organisations.
- The maximum cost using the Zone Committee Action Plan Budget (ZCAP) is \$5,000 plus GST.
- This leaves \$45,000 of ZCAP funds to be allocated.
- Action Plan Alignment – the Workshop Series will support multiple groups whose undertake work/projects that align with the Action Plan. Improving their ability to secure funds will help them deliver freshwater and environmental outcomes as per the Zone Committee Action Plan and CWMS.

3.12 This is the staff recommended option as it strikes a balance between cost and commitment for attendees. By keeping the fee low enough to avoid creating a significant financial barrier, yet ensuring attendees are still financially invested, this option effectively encourages commitment while making the event more accessible.

3.13 **Option 2:** The Committee agrees to

3.13.1 50/50 co-fund part of the Workshop Series cost; and

3.13.2 Recommends \$4700 of the Zone Committee Action Plan Budget go towards Workshop Series

3.13.3 A set fee of \$250

- 3.13.4 This option provides subsidised rates for the workshop service making it more cost effective for attendees however, it will reduce accessibility for groups who cannot afford the higher fee.
- 3.13.5 A set fee of \$250 is based on 12 attendees. Setting a fixed fee offers participants greater certainty regarding their expenses however, if there were less attendees, then the cost of those vacancies would need to be covered. Therefore, an additional \$1,000 is recommended to cover any unexpected vacancies and the total cost to the Committee would be **up to \$4,700**.
- 3.13.6 Strengthens relationships with other funding organisations and participating groups and organisations.
- 3.13.7 The maximum cost for the Committee could be \$5,000 plus GST if agree to pay 50% of the overall cost.
- 3.13.8 More cost effective for the Committee and/or co-funders.

3.14 Option 3: The Committee agrees to

- 3.14.1 50/50 co-fund the costs of the first workshop, at a cost of \$1,750 of the Zone Committee Action Plan Budget and organisations sign up for the rest of the workshop series at their own cost which are shared between groups and organisations; and
- 3.14.2 Recommends \$3,000 of the Zone Committee Action Plan Budget go towards Workshop Series.

3.15 Option 3 considerations:

- Provides an initial workshop to allow participants the opportunity to develop their vision and values and frame up their strategy for their project. Attendees can then determine if the subsequent workshops would be beneficial for their group.
- Cost for attendees if all spots are filled would be \$622.92 incl. GST.
- The cost for the initial workshop would be \$3,500 plus GST and would so \$1,750 of ZCAP funds.
- As the number of participants for future workshops in the series is unknown, this creates uncertainty around the costs to be split between parties. The Committee could opt to put more ZCAP funding towards the workshops to reduce the overall cost for attendees and if this option is chosen, the recommendation would need to be amended to include an amount the Zone Committee would recommend for this purpose.
- Will reduce accessibility for groups who cannot afford the fee.
- More cost effective for the Committee.

3.16 Option 4: The Committee could opt instead to promote the services provided by Fundraising Agency by other means e.g. advertising/communications with their networks.

3.17 Option 4 considerations:

- Increases awareness of the services the Fundraising Agency provides to community groups and organisations.

- Cost remains a barrier to participation for community groups and organisations.
- Little to no cost to the Committee.

4. Discussion

- 4.1 The following questions have been developed to help guide discussion:
- 4.1.1 What does the Committee need clarification on?
- 4.1.2 Are there any other options that Committee would like to consider?
- 4.1.3 Is further information required?
- 4.1.4 What option does the Committee support?

A  	Supporting Groups to Realise their Fundraising Potential - 17 September 2024	24/1591286	15

Zone Facilitator Proposal

Supporting groups to realise their fundraising potential

Background

Securing funding
identified as a challenge

Knowledge gap regarding
the requirements for a
successful application and
the different funding
streams available to them

Suggested to look at
services available that
can support groups and
organisations

The Fundraising Agency

Our Vision:
Giving Confidence

Our Mission:
Helping you realise
your potential in
fundraising, done well.

- Began in 2012 as Barrer & Co.
- Mission: Helping you realise your potential in fundraising, done well
- Can help entities develop successful fundraising strategies and help navigate the funding application process
- Workshop series to build fundraising capability and capacity across various community groups
- Work with groups to address gaps and opportunities for groups projects to help them be successful with their funding goals

Workshop series for groups and organisations

- Workshop series – 6 x 2-hour workshops
- Cover vision and values, communication, fundraising resources, and fundraising streams
- Up to 12 organisations or groups in Banks Peninsula
- Feedback on interest
 - At least six groups interested (small timeframe given to reply)
 - Cost would be a limiting factor
- Agreement reached to co-fund the workshop series with a foundation
- Quote only valid until 30 Septembers. Costs will go up.

This is the
recommended
option

Option 1: Co-fund in full with a \$50 set fee for attendees

\$5,000 of ZCAP funding – requires a recommendation

Removes most of the cost barrier

Set free of \$50 encourages commitment and attendance

Strengthens relationships

Strikes a balance between cost and commitment for attendees

Option 2: Co-fund part of the costs with a \$250 set fee for attendees

Up to \$4,700 of ZCAP funding – requires a recommendation

\$ 3,700 plus \$250 fee per each of the 12 attendees

Set fee encourages commitment and attendance

If less than 12 attendees, cost to the zone committee goes up since it is a set price. Additional \$1,000 recommended to allocate to cover

Subsidised rate for attendees but will reduce accessibility for some groups

Option 3: Co-fund first workshop and then attendees opt in at own cost

Up to \$3,000 of ZCAP funding – requires a recommendation

\$ 1,750 plus \$623 fee per each of the 12 attendees.

Set fee encourages commitment and attendance

If less than 12 attendees, cost to attendees goes up.
Additional \$1,250 recommended to allocate to cover

Significantly reduces accessibility for some groups.

Option 4: Promote FA services by other means e.g. advertising

Increases awareness of the services
the Fundraising Agency

Little to no cost to the Committee

Cost remains a barrier to
participation

Questions?

What does the Committee need clarification on?

Are there any other options that Committee would like to consider?

Is further information required?

What option does the Committee support?

8. Facilitator Updates

Reference Te Tohutoro: 24/1594399

Presenter(s) Te Kaipāhō: Jaimee Grant, Zone Facilitator, Environment Canterbury

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is to provide the Banks Peninsula Water Management Zone Committee with information on the community engagement events/relevant updates and actions from previous meetings.

2. Officer Recommendations Ngā Tūtohu

That the Banks Peninsula Water Management Zone Committee:

1. Receives the information in the Facilitator Updates Report.
2. Confirms the Committee will continue to use its 2021-2024 Canterbury Water Management Strategy Action Plan, until such time when the requirements for a 2024-2027 Canterbury Water Management Strategy Action Plan are clarified.

3. Report Te Pūrongo

The following updates are provided for the Committee's information and/or decision:

3.1 Zone Committee Action Plan 2021-24 – confirm for use in 2024

This update provides the committee with an opportunity to discuss and confirm if any amendments are required currently to the committee's 2021-24 CWMS Action Plan.

With the current review of Zone Committees and the future needs for local leadership on freshwater management underway, it is recommended that the committee continue to use the 2021-24 Action Plan until the requirements for a 2024-27 CWMS Action Plan are clarified.

3.2 Environment Canterbury Representation Review

Environment Canterbury Councillors represent different areas of Waitaha/Canterbury. Environment Canterbury is currently reviewing how fair and effective our representation arrangements are. Due to population changes, we need to make some changes before the next local body elections in October 2025.

The Local Electoral Act 2001 requires councils to undertake a representation review every six years.

For a regional council, the review must cover:

- The number of electoral areas – constituencies (local councils use wards)
- The boundaries of those constituencies and their names
- The number of Councillors to represent them.

To ensure effective and fair representation, there are four things we must consider:

- The number of people represented within each constituency area (population).
- The alignment of communities of interest within each constituency.
- The alignment of constituencies to local council boundaries or wards.
- How many elected Councillors should represent each constituency (each Councillor should represent roughly the same population +/- 10 per cent).

In May, the Committee held an online workshop and provided feedback on the potential options being considered for consultation as part of the preliminary engagement.

Ahead of the next local body elections in October 2025, Environment Canterbury Council is proposing that the Ashburton District area be combined with the current South Canterbury/Ōtuhituhi constituency, to form a larger Mid-South Canterbury/Ōtuhituhi constituency. This leaves Selwyn/Waikirikiriki as its own constituency.

It is proposed that the constituencies be called Selwyn/Waikirikiriki and Mid-South Canterbury/Ōtuhituhi. The proposal also includes realigning the Christchurch city constituency boundaries to the current Christchurch City Council wards.

Formal public consultation closed on 2 September 2024.

For more information, go to:

Your representation – Defining the lines | <https://haveyoursay.ecan.govt.nz/representation-review>

3.3 Environment Canterbury Long Term Plan adopted

Environment Canterbury's Long Term Plan 2024-34 was adopted on 26 June 2024.

programmes and resource requirements such as expenditure and funding for a 10-year period. We produce a new Long-Term Plan every three years, which incorporates our Annual Plan for the first of the three years. A separate annual plan is produced for years two and three.

For more information, see: **Error! Hyperlink reference not valid.** | www.ecan.govt.nz

3.4 Christchurch City Council Long Term Plan adopted

The Christchurch City Council (CCC) Long Term Plan 2024-2034 was adopted on 27 June 2024.

The Long Term Plan is reviewed every three years and outlines the Council's activities, services, capital programme and finances for the next 10 years.

The plan sets the direction for all the activities and services the Council provides, and what level of service will be provided. It also includes how the Council wants to pay for these services; by setting rates and managing its finances. The plan also sets the strategic direction for the Council – where we are going and what we want to achieve in the community.

For more information, go to: **Error! Hyperlink reference not valid.** www.ccc.govt.nz

3.5 Regional Policy Statement (RPS) development

Environment Canterbury undertook targeted stakeholder consultation on the draft RPS in June/July 2024. This is done in accordance with the RMA Schedule 1, clause 3 (RMA S1C3).

Zone Committees were provided with a copy for their information. As zone committees are joint committees of the Council, they are precluded from making submissions on the Regional Policy Statement. Now that the RMA S1C3 submission period has ended, the planning team is currently redrafting the RPS to incorporate some of the feedback it has received and will have further discussion with some of the key stakeholders as required. There has been a huge amount of feedback to read and process, and a summary, as well as verbatim content, is due to be presented to Councillors later this week (Thursday 15 August) - for their information/discussion only at the stage. The decision point in this process won't be until November.

When the proposed Canterbury Regional Policy Statement 2024/25 is publicly notified, stakeholders and the general public will have the opportunity to submit on the proposed RPS and provide subsequent evidence and/or speak to their submission before the hearing panel. The CRPS is expected to be notified in December 2024 or early in 2025.
