Please Note:
This forum has no decision-making powers and is purely for information sharing.

The agenda was dealt with in the following order.

1. Apologies Ngā Whakapāha

Apologies were received from Linda Chen.

2. Three Waters Programme

Community Board Information Session/Workshop Notes

Gavin Hutchinson, Head of Three Waters, delivered an update to the Board on the proposed Three Waters Capital Programme for the 2025-26 Annual Plan. The briefing included proposed budget additions, proposed project rephasing, and an update on carry over actions from the Long Term Plan process.

The Community Board commented on the lack of public awareness of the new technology being installed at the Bromley Wastewater Treatment Plant and the substantial reduction in greenhouse gas emissions this will deliver. The Board suggested creating a layman-friendly video explaining the technology which could be shared with the community.

Meeting concluded at 5.45pm.
