1. Detail Te Whakamahuki

Timing	This information session is expected to last for 30 minutes.
Purpose / Origin of the Information Session	<p>The purpose of this information session is to update elected members on the changes to Council’s contestable funding for the 2025/26 financial year; including the new funding platform, SmartyGrants.</p> <p>Staff will also provide information on the range of community funding that is available to community organisations through Council.</p> <p>This information session is being provided in advance of a comprehensive review that will be presented to the incoming Council and Community Boards in late-2025.</p>
Background	<p>Council’s previous funding platform, Salesforce, was at the end of its lifecycle as an IT platform and was costing Council significant OpX to maintain.</p> <p>The new funding platform, SmartyGrants is used by over half of the TLA’s across New Zealand (<i>including Environment Canterbury and Auckland City</i>), as well as various community trusts and funding providers. It is an industry-leading solution and a social-enterprise, with fees less than ¼ other competitive options available.</p> <p>Compared with the outgoing solution, SmartyGrants will bring a range of improvements to Council’s community funding schemes for the community organisations who apply, staff and elected members alike.</p> <p>Included as Attachment A, staff have provided a summary of the contestable and non-contestable funding schemes that are available to community organisations in Christchurch. The intention is to inform elected members of these offerings, so that in interactions with community organisations, quality advice can be provided.</p>
Key Points	<ul style="list-style-type: none"> • Improved reporting capability. • Ease of application for groups, assessment for staff, and consideration for elected members. <ul style="list-style-type: none"> ○ SmartyFile ○ Mapping tool ○ Viewing previous applications ○ Ability to present a cohesive picture of all CCC funding (<i>and detail where groups are receiving funding from withing Council</i>) • The impact on Community Board splits.

	<ul style="list-style-type: none"> • Presentations by groups before elected member considerations of contestable funding. • Clarification around funding of food, trustees, and other general criteria.
Next Steps	<ul style="list-style-type: none"> • A number of funds are <u>already</u> being administered through Smartygrants. Elected members will note an immediate improvement to the presentation of decision matrices and reports on grant-spend. • The remaining funds will be transferred to the new platform, before decommissioning Salesforce at the start of the new Financial Year. • Staff will collect and review community feedback on the changes made and adjust/improve the new platform and any processes iteratively over the coming year.

Board Splits

If all previously split projects are now funded by the one Board where the majority of the people benefiting come from, the differences to each Board's budget is below:

Board	Amount
Banks Peninsula	\$400
Coastal-Burwood-Linwood	\$13,300
Fendalton-Waimairi-Harewood	-\$2,850
Halswell-Hornby-Riccarton	-\$26,400
Papanui-Innes-Central	\$4,200
Spreydon-Cashmere-Heathcote	\$13,450

Note:

This takes into account the group being funded for the same amount as they were last year.

It also includes multi-year funded projects, although, all existing multi-year grants are in their final year of the agreement(s), so the estimated budget impact has been calculated using the same Boards that funded them in Year 1 of their agreement.
