# Use of Technology for Designing

- Collaborative approach between all parties with the use of technology.
- Accelerated the design with the use of 3D Design.

## What are our next steps?

- We will provide another update once the contractor is on board and work commences on site.
- We understand that the changes on site may raise questions, and we're here to share valuable insights into what you can expect. We recognise the potential impacts on the community and are committed to ensuring that you are kept informed.
