CHRISTCHURCH CITY info

Youngest member is 3

Oldest member is 57

About 10 % of members are female

About 50 % of our members are 12 and under

What we do

Tuesday and Thursday practices

Interclub racing at the weekends

Training clinics

Pop up racing

National NQM racing

Our Goals

Repair our start gate as this is a vital piece of equipment to keep our track operating. As no gate , no racing

Our Goals

Install a Start hill cover similar to below to provide protection from the elements for our riders

Our Goals

With the support of the council, turn this unused trackside land into a usable embankment for park users to be able to sit and relax or watch bmx events.

Our Future

We Hope to create the best track in New Zealand

Invest into our track will be investing in our community

Develop track infrastructure to help with our volunteer struggles.

Propose to Create a cycling hub between the Denton park velodrome and BMX

Bring the biggest BMX event in New Zealand to kyle park and showcase it to the community and the rest of New Zealand

2029 BMX Nationals

As a Club we are about to submit a proposal to host the 2029 BMX New Zealand Nationals at Kyle Park

It will bring 700+ riders to race at the Kyle Park track

Most riders come to the event for at least 4 nights. So a potential 2800 accommodation nights would be invested into the community.

Local food vendors and facilities like the Hornby community centre would also benefit from the influx of riders coming for the event.

This event will bring thousands of dollars to the local community
