Aranui Community Trust
Strategic Plan 2016 – 2021

Aranui Community Trust Strategic Plan 2016 – 2021

Vision

“Aranui, a proud community of hope and opportunities where people stand tall”

Mission

“Our Community, working together, for an awesome Aranui”

Kaupapa

Te Tiriti - We live by Te Tiriti o Waitangi

Connecting - We are connected to our community

Partnering - We work alongside others

Leading - We take the initiative in bringing the people of Aranui together

Knowing - Our people really know stuff

Advocating - Our community's interest first

Our Motto

“We never, never give up, so bring the challenge on”

Strategic Areas of Focus

Enhancing Aranui Community's social, spiritual and physical health

Actions: Access to appropriate service

ACTIS / Heartlands and health services expanded

Recognise and advocate for cultural diversity in the Aranui Community

Building Aranui People's knowledge and learning

Actions: Strengthen and maintain partnership with schools, the Aranui library and Community Centre

Work in partnerships to provide learning spaces and learning opportunities for the community

Present to Educational providers / local / central government community identified needs

Work with Educational providers / local / central government on forwarding community identified needs

Encourage parents to realise the value of learning and education

Ensuring Aranui has a strong and safe physical infrastructure (to include: community facilities, schools, roads and below ground infrastructure and housing)

Actions: Form and maintain function collaborative relationships with HNZ, CCC, and other relevant local and central Government agencies

Lead a community directed housing feasibility study

Inform institutional knowledge of historical best / good practices

Forward community identified needs around physical infrastructure

Enabling Aranui people to use their voice and celebrate their success

Actions: Wherever possible involve and collaborate with residents on ACTIS' areas of focus

Aranui Community events are continued and reviewed

Aranui Community events always have an engagement focus

Partners and hub networks are used for a larger engagement process

Community needs survey is conducted

Building local leadership

Actions: Leadership across Aranui is promoted

Hub and Partner networks are encouraged to strengthen local leadership and new leaders

At ACTIS events, leadership and participation is actively encouraged

A Healthy organisation for the future

Actions: Partners, Organisational systems, finances are organised, developed / maintained and centralised

Succession and sustainability is an area of focus for Governance board and management

Petition to include Cameo Grove residents in road calming design opening up Cameo Grove to Burwood Road

Petition summary and background	The Consent process for Prestons Park Subdivision Development did not allow for submissions from community in planning to open up the original Cameo Grove (dead end road) to the new Prestons Park Subdivision. We are very concerned about short-cut traffic speeds (already known issue in Prestons Park) and Katrine Drive exiting onto Cameo Grove by the consented provision for Prestons Park and wider area commuters accessing Burwood Road as a cut through.
Action petitioned for	While we do not oppose the opening up of Cameo Grove we, the undersigned, would like to be heard by our elected members and be 1) effectively meet health and safety of our families and the many walking community using the new proposed accessway before meeting traffic needs, and 2) be ensured traffic calming measures will effectively deter cut-through behaviors on these narrow streets: 3) we wish to work proactively with council and elected members to realise a workable solution for the community,

Notes for The Coastal Burwood Community Board
Re: Petition Concerns from Cameo Grove Residents (et al)

Note: to assist with confusion we refer to -

*Cameo Grove East - existing Cameo Grove (road)
Cameo Grove West - new Cameo Grove (road) within Prestons Park
Cameo Grove - Cameo Grove subdivision*

Many thanks for allowing us to present this petition

- Consenting process for Prestons Park Subdivision did not allow for submissions from the existing residents of Cameo Grove (East & Subdivision). This seems unfair.
- Uncertainty of extension design - Thanks to Mike Calvert (CCC) for clarification
- Cameo Grove Subdivision History
- Traffic using route as a short cut with associated problems - volume, speed, throughway
- Exacerbated by joining of Katrine Drive to Cameo Grove West, safety is of concern as there are constant speeding issue currently being experience by residents
- Existing difficulties of turning onto Burwood road - in particular right turns (in and out) Again concerns with volume, speed & throughway. Between Holland Park Entrance and The Limes there is no foot paths or cycleways for school age children and others.
- Safety of many walkers (*regardless of age & stage*), dogs, runners, cyclists
- Recreational nature of the environment and a SAFE place for all to enjoy including:
 - Walkers, dog walkers, families, residents of Alpine View, runners, cyclists
 - Bird life and eels
 - Currently a place of quiet and tranquility

We the petitioners respectfully request through the Community Board will advocate on our behalf with the Council for:

1. The Council to re-consult with CDL Properties to review the resource consent and approve cycle and walkway access to link Cameo Groves East and West.
2. The Council not to open up Katrine Drive onto Cameo Grove West

Both suggestions will make our communities safer and more relaxed, in particular for our children and grandchildren.

Thank you on behalf of the petitioners.
