Developing Resilience in the 21st Century

Strategic Framework

Whiria ngā whenu o ngā papa,
honoa ki te maurua tāuiki

Bind together the strands of each mat and join
together with the seams of respect and reciprocity

Ōtautahi-Christchurch is a city of opportunity for all

Open to new ideas, new people and new ways of doing things – a city where anything is possible

Principles

Being open,
transparent and
democratically
accountable

Promoting
equity, valuing
diversity and
fostering inclusion

Taking an inter-generational approach
to sustainable development,
prioritising the social, economic
and cultural wellbeing of
people and communities
and the quality of the
environment, now
and into the
future

Building on the
relationship with
Te Rūnanga o Ngāi Tahu
and the Te Hononga-Council
Papatipu Rūnanga partnership,
reflecting mutual understanding
and respect

Ensuring
the diversity
and interests of
our communities
across the city and the
district are reflected in
decision-making

Actively collaborating and
co-operating with other
local, regional
and national
organisations

Community Outcomes

Resilient communities

Strong sense of community
Active participation in civic life
Safe and healthy communities
Celebration of our identity
through arts, culture, heritage,
sport and recreation
Valuing the voices of all cultures
and ages (including children)

Liveable city

Vibrant and thriving city centre
Sustainable suburban and
rural centres
A well connected and accessible
city promoting active and
public transport
Sufficient supply of, and
access to, a range of housing
21st century garden city
we are proud to live in

Healthy environment

Healthy water bodies
High quality drinking water
Unique landscapes and
indigenous biodiversity are
valued and stewardship
exercised
Sustainable use of resources
and minimising waste

Prosperous economy

Great place for people, business
and investment
An inclusive, equitable economy
with broad-based prosperity
for all
A productive, adaptive and
resilient economic base
Modern and robust city
infrastructure and community
facilities

Strategic Priorities

Enabling active
and connected
communities
to own their future

Meeting the challenge
of climate change
through every means
available

Ensuring a high quality
drinking water supply
that is safe and
sustainable

Accelerating the
momentum
the city needs

Ensuring rates are
affordable and
sustainable

Ensuring we get core business done while delivering on our Strategic Priorities and achieving our Community Outcomes

Engagement with
the community and
partners

Strategies, Plans and
Partnerships

Long Term Plan
and Annual Plan

Our service delivery
approach

Monitoring and
reporting on our
progress

Part A Matters Requiring a Council Decision

Part B Reports for Information

Part C Decisions Under Delegation

Post meeting Note: This meeting was held via audio/visual link on the Zoom platform due to New Zealand being at the red setting of the Covid-19 Protection Framework (the Traffic Alert system) on the date the meeting was scheduled. These minutes provide a written summary of the meeting proceedings.

The Chairperson opened the meeting and notified members that the meeting was being publicly livestreamed on YouTube and that the recording would be kept online for future viewing.

The agenda was dealt with in the following order.

1. Apologies / Ngā Whakapāha

Part C

The Chairperson advised that she had received an apology from Linda Chen. There being no further apologies, Bridget Williams moved that the apology be accepted. The motion was seconded by Shirish Paranjape and when put to the vote was carried unanimously.

Community Board Resolved FWHB/2022/00014

That the apology for lateness received from Linda Chen be accepted.

Bridget Williams/Shirish Paranjape

Carried

2. Declarations of Interest / Ngā Whakapuaki Aronga

Part B

The Chairperson asked if any members needed to declare a conflict of interest relating to any matters on the agenda. There were no declarations of interest recorded.

3. Confirmation of Previous Minutes / Te Whakaāe o te hui o mua

Part C

The Chairperson asked members to confirm that the minutes were a true and accurate record of the meeting held on 14 March 2022. No matters concerning the accuracy of the minutes were raised. Bridget Williams moved that the minutes be confirmed. The motion was seconded by Mike Wall and when put to the vote was carried unanimously.

Community Board Resolved FWHB/2022/00015

That the minutes of the Waimāero Fendalton-Waimairi-Harewood Community Board meeting held on Monday, 14 March 2022 be confirmed.

Bridget Williams/Mike Wall

Carried

4. Public Forum / Te Huinga Whānui

Part B

4.1 Andrew Rusbatch

Andrew Rusbatch, local resident, addressed the Board on behalf of the Rusbatch Family regarding a naming proposal for a new Reserve in the Belfast area.

Mr Rusbatch explained that his family has strong connections to the Belfast area. His Grandparents purchased a parcel of land in Belfast in the 1950's and it has been in the family for over 70 years. The land, which is on Englefield Road, is now being developed into a residential subdivision. The Rusbatch Family also owned a civil construction company which completed various infrastructure work throughout Christchurch. The development plan includes a reserve at 46 Englefield Road which will also act as a stormwater retention basin.

Mr Rusbatch asked the Board to consider naming the reserve after Rusbatch Reserve. The Rusbatch family would also be interested in donating a park bench and plaque to place on the reserve.

Mr Rusbatch noted that this proposal is consistent with other place names in the area such as Johns Road and Englefield Road which are named after prominent local families.

The Board thanked Mr Rusbatch for his presentation and requested advice from staff on his proposal to name the new reserve at 46 Englefield Road after his Grandparents, and donate a park bench with a plaque.

5. Deputations by Appointment / Ngā Huinga Whakaritenga

Part B

There were no deputations by appointment.

6. Presentation of Petitions / Ngā Pākikitanga

Part B

There was no presentation of petitions.

7. Correspondence

The Community Board Advisor informed the Board that subsequent to sending the letter, Countdown Northwood has extended an invitation to the Board to have a tour of the new Countdown Belfast facility once construction has progressed further.

The Community Board Advisor also informed the Board that the letter from the Northwood Residents' Association was also sent to the Papanui-Innes Community Board, who have already confirmed that a cycle connection along Radcliffe Road connecting with the Northern Corridor cycle path is being planned and construction is budgeted later in the LTP.

Sam MacDonald expressed disappointment at the suggestion in the letter from Sarah Pallett MP that the Council needed to fund the proposed footpath, when the original commitment was to seek funding from the Ministry of Education.

Community Board Resolved FWHB/2022/00016

Part B

That the Fendalton-Waimairi-Harewood Community Board:

1. Receive the correspondence from Countdown Northwood regarding the upcoming opening of Countdown Belfast and the closure of the Countdown Northwood store.
2. Receive the correspondence from the Northwood Residents' Association in relation to their proposal for a cycleway connecting Northwood Boulevard, Main North Road and the Northern Corridor cycle lane.
3. Receive the correspondence from Sarah Pallett, the Member of Parliament for Ilam, regarding the proposed footpath through the Cobham Intermediate, Burnside Primary and Allenvale School site.

Sam MacDonald/Shirish Paranjape

Carried

8. Proposed Road Names - 251 Styx Mill Road and 285 Highsted Road

Board Comment

The Manager Resource Consents introduced the report and explained that the proposed road names are connected to the history of the site and some of the natural and physical features of the location.

Aaron Keown suggested that Quail Road might be a stronger option than Collies Road. The Manager Resource Consents explained that Collies Road relates to the Collies Drain and it is common for road names to reflect nearby waterways, however staff are unaware of the background to why it was originally named Collies Drain.

The Board discussed the suggestion, but decided to proceed with the original staff recommendations. James Gough moved that the staff recommendations be adopted. The motion was seconded by Mike Wall and when put to the vote was carried unanimously.

Community Board Resolved FWHB/2022/00017

Part C

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Approves the following new road and lane names for 251 Styx Mill Road (RMA/2021/708) and 285 Highsted Road (RMA/2021/2922).
 - a. Road 1 - Collies Road
 - b. Road 2 - Flaxmill Road
 - c. Road 3 - Kiekie Road
 - d. Lane 1 - Lizard Lane
 - e. Lane 2 - Rākau Lane

James Gough/Mike Wall

Carried

9. Todd Avenue / Wairakei Road Intersection - Proposed No Stopping Restrictions

The Traffic Engineer introduced this item and explained that this proposal originated from a customer service request that came via the Board. A local resident had concerns about visibility at the intersection, particularly when the nearby Funeral Chapel is holding a service which places increased demand on the parking supply.

The Chairperson thanked the Traffic Engineer for their work in bringing this item to the Board. Aaron Keown moved that the staff recommendations be adopted. The motion was seconded by Bridget Williams and when put to the meeting was carried unanimously.

Community Board Resolved FWHB/2022/00018

Part C

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Approves that in accordance with Clause 7 of the Christchurch City Council Traffic and Parking Bylaw 2017, that the stopping of vehicles be prohibited at any time at the intersection of Todd Avenue and Wairakei Road as indicated in the drawing TG140770 Issue 1, dated 30/11/2021 (refer Attachment A) and detailed in recommendations 1a-1b below:
 - a. That the stopping of vehicles is prohibited at all times on the east side of Todd Avenue commencing at its intersection with Wairakei Road, and extending in a northerly direction into Todd Avenue for a distance of 15 metres.
2. Revoke any previous resolutions pertaining to traffic controls made pursuant to any bylaw to the extent that they are in conflict with the traffic controls described in resolutions 1a – 1b above.
3. Approves that these resolutions 1 to 2 take effect when parking signage and/or road markings that evidence the restrictions described in the staff report are in place (or removed in the case of revocations).

Aaron Keown/Bridget Williams

Carried

10. Hawksbury Avenue and Somme Street Intersection: Proposed P3 and No Stopping Restrictions

The Traffic Engineer introduced this item and explained that this item originated from a request from the St Albans Catholic School. Recent road improvements along the school's street frontage including the addition of a cycleway have had an effect on parents' ability to use that area for dropping off and collecting school children, and there are also concerns about children crossing the cycleway. This proposal is to create a drop-off/pick-up zone in another location, and add no-stopping restrictions at the nearby intersection to improve safety.

Mike Wall commented that he is a regular visitor to the area and had seen the problem first hand, so fully supported the proposal.

James Gough moved that the staff recommendation be adopted. The motion was seconded by Mike wall and when put to the vote was carried unanimously.

Community Board Resolved FWHB/2022/00019

Part C

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Approves that in accordance with Clause 7 of the Christchurch City Council Traffic and Parking Bylaw 2017, that the stopping of vehicles be prohibited at any time at the intersection of Hawkesbury Avenue and Somme Street as indicated in the drawing TG140731 Issue 1, dated 28/07/2021 (refer Attachment A) and detailed in recommendations 1a-1e below:
 - a. That the stopping of vehicles is prohibited at all times on the southern side of Hawkesbury Avenue commencing at its intersection with Somme Street, and extending in a south westerly direction for a distance of 14 metres.
 - b. That the stopping of vehicles is prohibited at all times on the southern side of Hawkesbury Avenue commencing at its intersection with Somme Street, and extending in a north easterly direction for a distance of 14 metres.
 - c. That the stopping of vehicles is prohibited at all times on the west side of Somme Street commencing at its intersection with Hawkesbury Avenue, and extending in a south easterly direction for a distance of eight metres.
 - d. That the stopping of vehicles is prohibited at all times on the east side of Somme Street commencing at its intersection with Hawkesbury Avenue, and extending in a north easterly direction for a distance of eight metres.
2. Approves that in accordance with Clause 7 of the Christchurch City Council Traffic and Parking Bylaw 2017, that the parking of vehicles be restricted to a maximum period of 3 minutes on the east side of Somme Street, commencing at a point eight metres south east of its intersection with Hawkesbury Avenue and extending in a south easterly direction for a distance of 40 metres, as detailed on Attachment A. This restriction is to apply for School Days Only, between the hours of 8:30am to 9:30am and 2:30pm to 3:30pm.
3. Revoke any previous resolutions pertaining to traffic controls made pursuant to any bylaw to the extent that they are in conflict with the traffic controls described in resolutions 1a – 1d and 2 above.

James Gough/Mike Wall

Carried

11. Waimāero Fendalton-Waimairi-Harewood 2021-22 Discretionary Response Fund Application - McLeans Island Golf Club Inc

The Community Governance Manager introduced this item and explained that the request is for a contribution towards better storage facilities. The current storage is in old shipping containers, they are not very secure and the floors are rotten which is presenting a health and safety hazard.

Mike Wall moved that the staff recommendation be adopted. The motion was seconded by Shirish Paranjape and when put to the vote was declared carried unanimously.

Community Board Resolved FWHB/2022/00020

Part C

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Approves a grant of \$10,000 from its 2021-22 Discretionary Response Fund to the McLeans Island Golf Club Inc towards the installation of a secure storage shed at their club.

Mike Wall/Shirish Paranjape

Carried

12. Waimāero Fendalton-Waimairi-Harewood Community Board Area Report - April 2022

The following Officers presented to the Board regarding the two memoranda included as Attachments D and E to the report in the agenda regarding traffic and parking issues in the Merivale area:

- The Head of Planning and Consents
- The Planning Manager
- The Team Leader Traffic Operations
- The Transport Engineer

The Officers delivered a PowerPoint presentation which is included as Attachment A to these minutes.

During the discussion between Officers and the Board the following points were raised:

- The original Merivale Parking Plan conducted in 2008 pre-dates the Suburban Parking Policy. Now that we have the Suburban Parking Policy, that needs to guide our work in this area.
- The Board expressed a concern that the current approach appears to be considering each street in isolation with a particular focus on Rugby Street. The Board emphasised that there are a number of problems being experienced throughout the Merivale area and highlighted that these relate both to parking and traffic operations.
- The Board discussed conducting a more strategic review of parking and traffic safety operations in the wider area.
- There is a high concentration of schools in this area with city-wide catchments, so this needs to be taken into account.
- Officers advised that there is an Otautahi Christchurch Plan under development which is a spatial plan that could lead to the creation of neighbourhood plan. This may address issues such as the traffic and parking issues in Merivale.

- Officers advised the Board that when the 2008 Merivale Parking Plan was developed, parking demand was found to significantly exceed supply. This issue is likely to have been further amplified with intensification in the area since then.
- Care will need to be taken, for example, to avoid shifting demand from one street to another which underlines the importance of a strategic approach.
- Common feedback from residents is that the streets are too narrow to allow parking on both sides of the road. Most streets in this area are wide enough to support parking on both sides of the road under current standards, it can be a tight fit but this also has the effect of lowering the average speed. Wider streets are more likely to experience problems with excessive speed.
- The Board discussed whether the purpose of a parking review would be to increase the volume of parking spaces, or to ration them between various user groups. Officers advised that there is a finite length of kerb which can be legally used for parking, the only way to increase the supply is to convert it to angle parking but this would not suit most of the streets in the area. It is for this reason that the 2008 Plan sought to find a balance between time-restricted parking and non-restricted parking.

Following the discussion the Board decided to add clauses to their motion to request a review of traffic and parking operations in the area bordered by Heaton Street, Rossall Street, Carlton Mill Road and Papanui Road with the findings being reported back to the Board. The Board also requested regular progress updates on the review.

This motion was moved by Bridget Williams and Seconded by James Gough. When put to the vote the motion was carried unanimously.

Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Receive the Waimāero Fendalton-Waimairi-Harewood Community Board Area Report for April 2022.

Community Board Resolved FWHB/2022/00021

Part B

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Receive the Waimāero Fendalton-Waimairi-Harewood Community Board Area Report for April 2022.
1. Requests staff to review traffic and parking operations in the area bordered by Heaton Street, Rossall Street, Carlton Mill Road and Papanui Road and report the findings back to the Board.
2. Requests staff to provide regular progress updates on the review.

Bridget Williams/James Gough

Carried

- A Officer Presentation

13. Elected Members' Information Exchange

Part B

Members exchanged information on the following matters of interest:

- Sam MacDonald informed the Board that there will be a public meeting with Gerry Brownlee, Sarah Pallett, Sam MacDonald and the Avonhead Community Group at 7pm on 26 April 2022 at St Mark's Church on Withells Road to discuss the proposed Three Waters Reforms and Housing Intensification rules.
- James Gough informed the Board that the Rata Midwives will be presenting their petition to save the St George's maternity facility at 10.30am on Wednesday 13 April.

13.1 Wairarapa Stream

Bridget Williams informed the Board that a resident has contacted her to discuss maintenance of the Wairarapa Stream near Garden Road. The stream is clogged with silt and weeds which is causing flooding issues. The Board asked staff to provide information about this situation and options to increase the maintenance schedule or dredge the silt from the stream.

Meeting concluded at 6.01pm.

CONFIRMED THIS 16TH DAY OF MAY 2022

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
04 April 2022

Part A Matters Requiring a Council Decision

Part B Reports for Information

Part C Decisions Under Delegation

Post meeting Note: This meeting was held via audio/visual link on the Zoom platform due to New Zealand being at the red setting of the Covid-19 Protection Framework (the Traffic Alert system) on the date the meeting was scheduled. These minutes provide a written summary of the meeting proceedings.

The Chairperson opened the meeting and notified members that the meeting was being publicly livestreamed on YouTube and that the recording would be kept online for future viewing.

1. Apologies Ngā Whakapāha

The Chairperson called for any apologies. No apologies were recorded.

2. Declarations of Interest Ngā Whakapuaki Aronga

The Chairperson asked if any members needed to declare a conflict of interest relating to any matters on the agenda. There were no declarations of interest recorded.

3. Submissions on Current Consultations

The Committee proceeded to discuss its submission to the Council on the Draft Annual Plan 2022-23. The Community Board Advisor displayed a draft submission based on initial feedback received from the Committee members.

Key points raised during the discussion included:

- The Committee was concerned about the proposed rates rise, and that even though it technically is lower than what was signalled in the LTP, the difference is minimal.
- The Committee discussed regular feedback received from members of the community that they want the Council to focus on getting the basics right and they do not feel that the capital programme has been prioritised in line with residents' priorities.
- The Committee discussed concerns that rates rises appear to be the default option to address cost increases, rather than finding other ways to raise revenue or reduce costs.
- The Committee discussed the proposed raise in central city parking fees and agreed that it would support a reduction in parking fees. The Committee discussed environmental concerns and the need to encourage more sustainable travel options, while also maximising the efficient use of the carbon investment already made in constructing the Lichfield Street parking building.
- The Committee discussed infrastructure issues which need to be addressed within the Board area, including surface flooding on Brenchley Avenue and traffic congestion.
- The Committee discussed the lack of clarity around the Three Waters proposals and how this is causing concern for residents.

The meeting adjourned at 5pm and resumed at 5.38pm.

The Committee discussed the proposal to allow residents to opt-out of the kerbside collection targeted rate. The Committee expressed concern about this proposal, particularly the risk of

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
04 April 2022

setting a precedent for other Council services if opt-out policies are introduced. Committee members expressed a preference for everyone to use the Council service, unless there are valid reasons why it is not an adequate service. The Committee decided to support the proposal, but only on the basis that an appropriate equivalent service is in place and the Council service is not appropriate for the specific property.

The Committee discussed the proposal to increase rates on vacant central city land. The Committee debated whether to support this initiative, citing the following points:

- There is a problem that needs to be addressed with central city land not being used productively.
- Equally, current market conditions make it very difficult to find tenants for central city buildings and this makes it difficult if not impossible for a developer to finance a project.
- The Committee acknowledged that the proposal includes a scheme to provide a remission back to property owners who keep their vacant land in a well maintained condition. On this basis the Committee cautiously agreed to support the proposal.
- The Committee decided not to comment on where else in the city this could be applied.
- The Committee discussed the question about increasing rates on derelict buildings as a tool to encourage repair work. The Committee supported the intention while expressing concern that this could place stress on an owner with a genuine intention of repairing their building. The Committee also expressed concern about the possibility of the Council becoming the judge of whether a building is considered an eyesore, and that this is not a role they would be comfortable with the Council fulfilling.
- The Committee agreed that they need more information about the proposed new policy on Maori freehold land before deciding whether to make a submission on this.

Linda Chen left the meeting at 6.19pm

Jason Middlemiss left the meeting at 6.25pm

The meeting adjourned at 6.38pm on 4 April 2022.

The meeting resumed at 6.10pm on 11 April 2022 via Audio/Visual Link. Linda Chen was not present at this time. All other Committee members were present when the meeting resumed.

The Committee took time to read through the draft submissions which it had developed on 4 April, with minor adjustments made to correct typographical errors .

The Committee asked the Community Governance Team to provide a copy of the results of the Residents' Satisfaction Survey as referenced in one of the submissions.

The Community Board Advisor then recommended that the Committee formally move a motion to adopt each submission and authorise the Chairperson to approve any amendments that may be needed before they are submitted.

The Committee also decided not to submit on the proposed new policy for Maori freehold land.

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
04 April 2022

Staff Recommendations

That the Waimāero Fendalton-Waimairi-Harewood Community Board Submissions Committee:

1. Considers making a submission to the Council on behalf of the Fendalton-Waimairi-Harewood Community Board regarding the following consultations:
 - a. The Christchurch City Council Draft Annual Plan 2022-23
 - b. Opting out of kerbside collection and targeted rate.
 - c. Proposal to increase rates on vacant central city land.
 - d. Proposal for a new Policy on Māori freehold land.

Committee Resolved FBSC/2022/00003

That the Waimāero Fendalton-Waimairi-Harewood Community Board Submissions Committee:

1. Adopts the following submission to the Council on behalf of the Fendalton-Waimairi-Harewood Community Board regarding the Christchurch City Council Draft Annual Plan 2022-23 and authorises the Chairperson to approve any amendments which may be necessary before it is submitted:

Question	Feedback
What do you think of our proposed average residential rates increase of 4.86% and 4.96% across all ratepayers (which is lower than the 4.97% signalled in the Long Term Plan 2021–31)?	<p>The Board acknowledges the efforts the Council has made to keep the average rates increase below the amount signalled in the LTP. However, it remains a significant increase particularly for people on fixed incomes or who are asset rich but cash poor.</p> <p>The Board is particularly concerned about the perpetual cycle of rates rises that are higher than increases in the average wage, and asks the Council to be mindful that this rise will not occur in a vacuum, but in an environment of considerable cost inflation on household living costs.</p> <p>The Board acknowledges that the Council is also facing inflated costs to deliver its services and projects, and submits that an average rates increase of 3% would be fair.</p>
Do you have any comments about our proposed changes to revenue, spending and borrowing?	<p>The Board sympathises with the problem the Council faces with various world events obstructing supply chains and driving price inflation. That said, the Board is concerned that the default response appears to be to raise the rates, instead of exploring more innovative options to increase revenue or deliver services more cost-effectively. Another suggestion is to reprioritise the Capital Programme in line with the results of the Residents' Satisfaction Survey as to services our residents want the Council to prioritise (especially given the current economic outlook).</p>

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
04 April 2022

We're proposing some changes to our Revenue and Financing and Rates Remission policies – do you have any comments?	The Board supports the intention of updating the policies to make sure they remain relevant and easily understood, and to remove any expired provisions. The Board particularly supports the proposed wheelie bin rates remission.
Do you have any comments on our proposed changes to fees and charges?	<p>The Board would support a reduction in car parking rates to encourage more people to visit the central city. Higher occupancy would also help to offset the fixed costs of operating our car parking facilities.</p> <p>The Board acknowledges environmental concerns and the importance of encouraging other sustainable modes of transport. However the facility already contains a significant level of embedded carbon as well as carbon emissions associated with its running costs, so in the interim it makes environmental sense to ensure this carbon investment is used as efficiently as possible by maximising the facility's occupancy. Maximising the occupancy of the facility could also mitigate the risk of new facilities being set up elsewhere to meet the demand (with their own associated carbon investment). The Board also encourages the Council to investigate innovative alternatives to offset carbon emissions.</p>
Do you have any comments about our capital programme (for example, our roads and footpaths, our water, wastewater, surface water and waterways, our facilities and our parks)?	<p>The Board is pleased to see improvements being made to the city's road infrastructure. However the Board is aware of a number of local suburban streets in our Wards which are no longer fit for purpose due to changing travel patterns, as well as legacy issues such as poorly designed intersections, deep dish kerb and channel, and large trees planted too close to footpaths and underground infrastructure. A long term strategy will be needed to address all of these issues, and the Board is aware that projects such as the Slow Speed Neighbourhoods will provide some assistance. High priority areas that the Board wants to address include:</p> <ul style="list-style-type: none"> • The Grahams/Memorial intersection (specifically in relation to installing a right-turn arrow) • The Waimairi/Maidstone Intersection (specifically in relation to installing a right-turn arrow) • Traffic issues in the area of Merivale bordered by Rugby Street, Papanui Road, Carlton Mill Road and Rossall Street • Brenchley Avenue (in relation to Stormwater issues causing flooding) <p>Our residents are concerned about the changes to Three Waters and the lack of clarity around the potential implications on Council rates. The Board acknowledges that the Council is also facing similar uncertainty about this issue.</p>

Committee Resolved FBSC/2022/00004

That the Waimāero Fendalton-Waimairi-Harewood Community Board Submissions Committee:

- Adopts the following submission to the Council on behalf of the Fendalton-Waimairi-Harewood Community Board regarding the proposal to allow opting out of the kerbside collection targeted rate and authorises the Chairperson to approve any amendments which may be necessary before it is submitted:

Question	Feedback
Do you support the proposed changes?	The Board supports giving people the opportunity to opt out of the targeted rate if they are not using the service. This support is on the basis that the opt-out will only be approved where appropriate equivalent services are in place. The Board expects that an opt-out would only be approved in situations where the Council service is not appropriate to meet the needs of the property. We have concerns about the potential for setting dangerous precedents for other Council services by developing opt-out policies.
Do you want to speak to the Hearings Panel?	No

Shirish Paranjape/Jason Middlemiss

Carried

Shirish Paranjape left the meeting at 6:18 p.m. prior to the vote on the submission regarding the proposal to increase rates on vacant central city land.

Committee Resolved FBSC/2022/00005

That the Waimāero Fendalton-Waimairi-Harewood Community Board Submissions Committee:

- Adopts the following submission to the Council on behalf of the Fendalton-Waimairi-Harewood Community Board regarding the proposal to increase rates on vacant central city land and authorises the Chairperson to approve any amendments which may be necessary before it is submitted:

Question	Feedback
What do you think about the proposal to introduce a City Vacant differential of 4 for central city land with no active or consented use?	The Board supports the proposal to increase rates on vacant central city land, as an incentive for developers to do something productive with these valuable properties. The Board also encourages the Council to explore financial incentives to encourage development, where development

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
04 April 2022

	occurs in a timely manner. It is also relevant that development is difficult at the moment due to a shortage of building materials and workers.
What do you think about the proposal to introduce a new rates remission for land kept in an improved and maintained state?	<p>The Board's support for the vacant land differential is on the basis that property owners who keep their vacant land in an attractive, well maintained condition, will receive a remission. The Board believes that the provision for a remission is essential to provide balance and fairness to the policy.</p> <p>The Board submits that the rates remission is a great tool to encourage people to invest in our city centre. The Board endorse the rationale for encouraging vacant land to be used. We agree with the statements in the consultation material that vacant land can be an eyesore and appear unsafe at night time.</p>
Where else do you think this could be applied and why?	No Comment.
Do you think that the Council should investigate options for increasing rates on derelict central city buildings, to ensure they contribute fairly to overall rates and to encourage them to commence repair work?	<p>The Board supports the intention behind this suggestion for derelict buildings, but suggests it would need to be explored on a case by case basis to avoid unintended consequences. For example, placing financial stress on an owner with a genuine intention to commence repair work could risk undermining the intention of the policy.</p> <p>The Board also submits that any costs incurred by the Council to make a derelict building safe should be fully recoverable with interest by placing a covenant on the land title.</p>
Do you want to speak to the Hearings Panel?	Yes

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
09 May 2022

3. Submissions on Current Consultations

The Chairperson introduced this item and asked for members to identify which consultations they wished to submit on. The Committee agreed that it would submit on the Draft Housing and Business Choice, and Draft Heritage Plan Changes, but would not submit on the Draft Coastal Hazards or Draft Radio Communication Pathways Plan Changes.

The Community Board Advisor presented draft submissions based on initial feedback received from Committee members in advance of the meeting. The Committee proceeded to discuss its submission on the Draft Housing and Business Choice Plan Change:

- Committee members reported various interactions they have had with the public regarding this topic. The Feedback received from the community has been close to universal in its opposition to allowing high rise developments in suburban areas. People generally understand the need to allow high rise development in the central city and are supportive of this.
- The Committee clarified that its comments regarding the Central City refer to the area within the four avenues.
- The Committee acknowledged that it has received concerns from residents throughout the Fendalton, Waimairi and Harewood Wards about the proposed height limits. However in most cases those height limits will be set by national legislation that the Council cannot influence; in the Merivale/St Albans area the Council is proposing to relax the height limits which is why the submission has a particular focus there.
- The Committee discussed the importance of providing car parking for business developments, particularly given the high number of complaints the Board is already receiving about the lack of parking in the Merivale commercial area, and added a comment regarding this.
- The Committee discussed the proposed Financial Contributions scheme which will initially be used to enhance the city's tree canopy. The Committee noted that the consultation material suggests this scheme could be applied to other issues. The Committee added a comment to its submission requesting clarification on what other circumstances the scheme could be applied to.
- The Committee agreed that it would prefer to see high quality greenspace being provided within developments rather than falling back on the Financial Contributions scheme to remedy a lack of greenspace, and added a comment to the submission regarding this point.
- The Committee clarified the final paragraph of the submission to acknowledge the need for housing intensification, but emphasise that it needs to happen in the right place. The Committee also added a comment that Christchurch needs to maintain its reputation of being the Garden City.

The Committee proceeded to discuss its discussion on the Draft Heritage Plan Change:

- The Committee discussed the potential impact on private property owners' rights and whether the proposal would unfairly restrict owners' rights to modify their properties. The Committee discussed whether the restrictions need to be sequenced so they become applicable when the property is next sold. The Committee decided not to include this point in its submission.
- The Committee discussed the importance of proactively communicating with residents who will be impacted by the changes to ensure they are fully informed of their new requirements.

**Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
09 May 2022**

The Committee concluded its discussion and agreed it was ready to adopt its final submissions. The Community Board Advisor recommended that the Committee vote to adopt the two submissions, confirm it would not be submitting on the two remaining consultations, and authorise the Chairperson to make any final amendments to the submissions if required after the meeting to correct any minor omissions or typographical errors. The motion was moved by Mike Wall and seconded by David Cartwright, and when put to the meeting was carried unanimously.

Committee Resolved FBSC/2022/00008

That the Waimāero Fendalton-Waimairi-Harewood Community Board Submissions Committee:

1. Decides not to submit on the:
 - a. Draft Coastal Hazards Plan Change.
 - b. Draft Radio Communication Pathways Plan Change.
2. Adopts the following submission on behalf of the Board regarding the Draft Housing and Business Choice Plan Change:

Are we proposing the right areas for development above 12 metres?	<p>The Board generally supports the proposed areas, particularly the Central City (within the four avenues) which is the most appropriate area to encourage high rise developments.</p> <p>However, the Board is extremely concerned about the proposal to allow development up to 20 metres high in the Merivale/St Albans area. The streets and infrastructure in the area were never designed to comfortably accommodate the level of population increase that has already occurred. The Board is particularly concerned that traffic and parking demand in this area already exceed the design limitations of the streets. These issues will only be exacerbated if the height restrictions are relaxed.</p> <p>The Board is also concerned that the Council regularly finds itself playing catch-up and needing to upgrade transport infrastructure after the population growth has occurred. The Board submits that if the Council does choose to proceed with this proposal, it needs to immediately and proactively invest in improved transport infrastructure so that the necessary capacity is in place in advance of new developments.</p>
Do you have any comments about the proposed Qualifying Matters that will restrict intensified development or thresholds for needing a resource consent?	The Board seeks further clarification around the criteria for infrastructure constraints to be regarded as Qualifying Matters. The Board submits that the capacity of the transport network needs to be assessed and may be a qualifying matter for development in the Merivale/St Albans areas.
Does the proposed plan change allow for enough	Yes, the Board is supportive of business intensification but stresses the same points as above. The Merivale/St Albans area should not be

Waimāero Fendalton-Waimairi-Harewood Community Board
Submissions Committee
09 May 2022

business intensification?	intensified further when the transport infrastructure would not have capacity to serve this increase in population. The Board submits that a minimum level of customer car parking is still required in areas experiencing business intensification.
Any other comments?	The Board supports the financial contributions and agree that those wishing to develop land need to consider the impacts on their neighbours. We are supportive towards the tree planting example used, but we would prefer to see high quality greenspace being provided on the development sites in the first place. The Board seeks clarification of what other examples might be considered and qualify for a Financial Contributions scheme? The Board acknowledge and support the need for housing intensification, and acknowledge that infill developments are necessary. Greenfield developments cannot accommodate population growth indefinitely. However, intensification needs to be well planned to ensure it occurs in the right place and is coordinated with proactive investment in infrastructure capacity. Christchurch is known as the Garden City, and every effort needs to be made to maintain this reputation.

3. Adopts the following submission on behalf of the Board regarding the Draft Heritage Plan Change:

Do you have any comments on the proposed Residential Heritage Areas?	The Board is particularly interested in the Heaton Street/Merivale area. The Board feels strongly about the need to protect, safeguard and respect our heritage – especially as the earthquake events took away many heritage buildings and houses. We ask that the houses in the Merivale area be treated on a case by case basis as the additional listed houses will likely differ in heritage value.
Do you have any comments about other elements of the proposed Heritage Plan Change?	The Board asks the Council to ensure that the residents who will be impacted by these changes (i.e. now own or live in heritage homes that are newly identified) are proactively informed and engaged with.

4. Authorises the Chair to amend the submissions if required to correct any minor omissions or typographical errors.

Mike Wall/David Cartwright

Carried

Meeting concluded at 5.28pm.

CONFIRMED THIS 16TH DAY OF MAY 2022

9. Fendalton-Waimairi-Harewood Community Board, 2021-22 Discretionary Response Fund Applications, Anglican Diocese of Christchurch Merivale St Albans, Riccarton Bush Trust

Reference / Te Tohutoro: 22/467946

Report of / Te Pou
Matua: Natalie Dally, Community Development Advisor
natalie.dally@ccc.govt.nz

General Manager /
Pouwhakarae: Mary Richardson, General Manager Citizens and Community,
mary.richardson@ccc.govt.nz

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Waimāero Fendalton-Waimairi-Harewood Community Board to consider an application for funding from its 2021-22 Discretionary Response Fund from the organisations listed below.

Funding Request Number	Organisation	Project Name	Amount Requested	Amount Recommended
00063932	Riccarton Bush Trust	Pump and Bore Liner replacement	\$9,000	\$3,600
00063835	Anglican Diocese of Christchurch - Parish of Merivale St Albans	The Gentle Stepping Stone Project	\$14,600	\$6,400

- 1.2 There is currently a balance of \$36,204 remaining in the fund.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

- Approves a grant of \$3,600 from its 2021-22 Discretionary Response Fund to Riccarton Bush Trust towards their Pump and Bore Liner replacement.
- Approves a grant of \$6,400 from its 2021-22 Discretionary Response Fund to Anglican Diocese of Christchurch – Parish of Merivale St Albans towards their Gentle Stepping Stone outreach project.

3. Key Points Ngā Take Matua

Strategic Alignment Te Rautaki Tīaroaro

- 3.1 The recommendations are strongly aligned to the Strategic Framework and in particular the Community Outcome of Resilient Communities.

Decision Making Authority Te Mana Whakatau

- 3.2 The Community Board has the delegated authority to determine the allocation of the Discretionary Response Fund for each community
- 3.2.1 Allocations must be consistent with any policies, standards or criteria adopted by the Council

3.2.2 The Fund does not cover:

- Legal challenges or Environment Court challenges against the Council, Council Controlled organisations or Community Board decisions
- Projects or initiatives that change the scope of a Council project or that will lead to ongoing operational costs to the Council (though Community Boards can recommend to the Council that it consider a grant for this purpose).

Assessment of Significance and Engagement Te Aromatawai Whakahirahira

- 3.3 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
- 3.4 The level of significance was determined by the number of people affected and/or with an interest.
- 3.5 Due to the assessment of low significance, no further community engagement and consultation is required.

Discussion Kōrerorero

- 3.6 At the time of writing, the balance of the 2021-22 Discretionary Response Fund is as below.

Total Budget 2020/21	Granted To Date	Available for allocation	Balance If Staff Recommendation adopted
\$148,754	\$112,550	\$36,204	\$26,204

- 3.7 Based on the current Discretionary Response Fund criteria, the applications listed above are eligible for funding.
- 3.8 The attached Decision Matrix provides detailed information for the applications. This includes organisational details, project details, financial information and a staff assessment.

----------	--	---	---	--	---	---------------------------------

Organisation Details: Service Base: 16 Kahu Road Legal Status: Charitable Trust Established: 1/01/1914 Staff – Paid: 15 Volunteers: 4 Annual Volunteer Hours: 150 Participants: 250,000 Target Groups: Environment Networks: Volunteering Canterbury, Museum Shops Association of Australia and New Zealand, National Service te Paerangi, Riccarton Community Hub Organisation Description/Objectives: Protect and enhance the indigenous flora, fauna and ecology of Putaringamotu /Riccarton Bush; including mahinga kai and taonga species. Protect and conserve Riccarton House, Deans Cottage, and their grounds. Encourage public interest, use and participation and promote the natural and cultural heritage values of the site.	Alignment with Council Strategies and Policies <ul style="list-style-type: none">Our Heritage Our Taonga StrategyStrengthening Communities StrategyBiodiversity StrategyIntegrated Water Strategy Alignment with Council Funding Outcomes <ul style="list-style-type: none">Support, develop and promote capacityCommunity participation and awarenessEnhance community and neighbourhood safety Outcomes that will be achieved through this project <p>We will be meeting our statutory obligations to preserve Riccarton Bush for all times</p> <p>We will protect and enhance the indigenous flora, fauna and ecology of Putaringamotu /Riccarton Bush, including mahinga kai and taonga species.</p> <p>We will encourage public interest, use and participation and promote the natural and cultural heritage values of the site.</p> <p>We will minimise the risk of the spread of fire to the adjacent community.</p> How Will Participants Be Better Off? <p>They will continue to have a place where the past is connected to the present and the future.</p>	Staff Assessment <p>This application is recommended as Priority One due to the extremely strong alignment to a number of Council policies as well as the unique value of the property to the heritage and biodiversity of not only Riccarton, but also wider Christchurch and New Zealand.</p> <p>Riccarton Bush Trust (RBT) has a kaitiakitanga role of Riccarton House and Bush under The Riccarton Bush Act 1914 and later renditions, the last being the Riccarton Bush Amendment Act 2012.</p> <p>RBT has been struggling with maintaining pressure on the irrigation system which has not been rectified with recent improvements to the sector layout. The system was reviewed by an irrigation expert who identified the need for a replacement pump. This plant has been in service for nearly 25 years which is beyond the usual life expectancy of approximately 15 years and, in that time, has been through earthquakes. A new pump and bore liner are required to ensure the provision of adequate irrigation to this unique piece of history. The well also supplies the Bush fire protection system and the replacement will provide better capacity in the event of a fire in the Bush.</p> <p>Putaringamotu/Riccarton Bush, set on seven hectares of land in Riccarton is the sole Canterbury remnant of the podocarp forest in Canterbury which once covered larger areas of the region. Some of the trees are up to 600 years old. Trees in the bush include ancient kahikatea, totara, matai and hinau. The bush is now protected by a predator proof fence and is home to small populations of the Canterbury tree wētā and four great-spotted kiwi/ roroa juveniles ranging in age from four to seven months old. The survival of the bush reserve is due to the wish of pioneer settler John Deans whose descendants gifted it to the people of Canterbury in 1914.</p> <p>The rationale for recommending \$3,600 for the replacement pump and bore liner is that;</p> <ul style="list-style-type: none">The current pump is well beyond its recommended replacement timeframe and as such an urgent replacement is needed before the system breaks down leading to greater costs. The assessment of the situation has only recently been undertaken and the urgent need of replacement identified.The project aligns strongly with the Our Heritage Our Taonga Strategy, particularly the Kaiakitanga outcome include includes the concepts of stewardship and guardianship. This is about connection with the land, working strategically to protect and nurture the environment.The project will provide a more efficient supply of water, meeting the Integrated Water Strategy and incorporating Goal 4: where water is managed in a sustainable and integrated way in line with the principle of kaitiakitanga.Riccarton Bush is home to a rich biodiversity, some of which cannot be found elsewhere in Canterbury or even New Zealand. This project will help sustain this unique area and its flora and fauna, and should the disaster of a fire occur provide more efficient response capability to protect it. <p>Halswell-Hornby-Riccarton staff recommendation - \$5,400</p>

We offer a range of regular on-site activities plus one-off events citywide at a low cost	Alignment with Council Strategies and Policies <ul style="list-style-type: none">Strengthening Communities StrategyAgeing Together PolicyPhysical Recreation and Sport Strategy Alignment with Council Funding Outcomes <ul style="list-style-type: none">Support, develop and promote capacityCommunity participation and awarenessProvide community based programmesReduce or overcome barriersFoster collaborative responses Outcomes that will be achieved through this project <p>An online presence will be created with resources aimed at connecting with those isolated.</p> <p>This can offer additional opportunities for those not connected with the Corner to find a place of support, at a time of community fracture.</p> <p>To address the increase in anxiety and depression through online interaction which will complement the existing physical presence.</p> <p>To assist in empowering and equipping those of all ages through partnering with children and youth programs in the community who are also wrestling with social isolation and anxiety.</p> How Will Participants Be Better Off? <p>Participants will be reminded that they are not alone in their struggles and that there are means through which they will be enabled to more easily connect with the world. They will be encouraged within their own limitations to see that they are a part of an existing community and that that community values, supports and welcomes them.</p>	Staff Assessment <p>All Souls Anglican Church in Merivale are looking to create an online based program that will develop tools and resources to fortify, maintain and enrich good mental health and connection with those who are socially isolated in the community.</p> <p>The group have noted an alarming increase in social disconnection and anxiety due to pandemic stresses and the apparent erosion of hope. They believe this is because of the focus on negative information and news coupled with the need to constantly respond and change behaviours. The say this has led to many, particularly older adults and vulnerable people, to have been "paralysed", removing themselves from society.</p> <p>They have found that they need to gently encourage and connect with people in these circumstances who are unable to engage physically. With this in mind they are looking to develop the Gentle Stepping Stones project to encourage people back into the community and to engage in the fullness of life at their own supported pace, through recorded resources. Many have slowly withdrawn from life and their community and many of the support structures they have previously utilised have, through the pandemic and modernisation, been weakened.</p> <p>This has led the group to find new and alternative ways of reaching out to and supporting the vulnerable. By providing access to recorded programs and activities people can participate in their own homes in health and wellbeing initiatives in such a way, that when ready, they may ease back into life safely knowing they are already a part of an existing community and can then connect in the physical world with programmes and activities they are already familiar with.</p> <p>This outreach is intended to remind those who are isolated or unable to interact or are part of the increasing number of people facing physical and mental health challenges in society, that they are a valued member of the wider community, that they are not alone and that when they are ready there is a place for them to connect.</p> <p>The rationale for recommending \$6,400 towards the project is to allow the organisation the ability to purchase the equipment and materials to record and edit the activities as per their quote provided to get the project underway. The church will additionally use the equipment to record religious services and activities to put online so the expectation is that they will contribute to this aspect of the project. Wages and salaries have already received a funding contribution for activities at the Church and Corner venue.</p>

10. Application to the 2021-22 Fendalton-Waimairi-Harewood Youth Development Fund - Nicholas Book

Reference / Te Tohutoro: 22/527304

Report of / Te Pou
Matua: Lisa Gregory, Community Recreation Adviser,
lisa.gregory@ccc.govt.nz

General Manager /
Pouwhakarae: Mary Richardson, General Manager Citizens and Community,
mary.richardson@ccc.govt.nz

1. Purpose of Report Te Pūtake Pūrongo

- 1.1 The purpose of this report is for the Waimāero Fendalton-Waimairi-Harewood Community Board to consider an application received for funding from its 2021-22 Youth Development Fund.
- 1.2 There is currently a balance of \$1,900 remaining in this fund.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board resolve to:

1. Approve a grant of \$500 from its 2021-22 Youth Development Fund to Nicholas Book towards competing at the 2022 U16 FIBA Asia Cup in Qatar in June 2022 and the U17 FIBA World Cup in Spain in July 2022.

3. Key Points Ngā Take Matua

Strategic Alignment Te Rautaki Tīaroaro

- 3.1 The recommendations in this report align to the Council's Community Outcome of Resilient Communities including:
 - Celebration of our identity through arts, culture, heritage and sport and recreation
 - Valuing the voices of all cultures and ages (including children)

Decision Making Authority Te Mana Whakatau

- 1.1 Determine the allocation of the discretionary Response Fund for each community (including any allocation towards a Youth Development Fund).
- 1.2 Allocations must be consistent with any policies, standards or criteria adopted by the Council
- 1.3 The Fund does not cover:
 - Legal challenges or Environment Court challenges against the Council, Council Controlled organisations or Community Board decisions
 - Projects or initiatives that change the scope of a Council project or that will lead to ongoing operational costs to the Council (though Community Boards can recommend to the Council that it consider a grant for this purpose).

Assessment of Significance and Engagement Te Mana Whakatau

- 1.4 The decisions in this report are of low significance in relation to the Christchurch City Council's Significance and Engagement Policy.
- 3.2 The level of significance was determined by the number of people affected and/or with an interest.

- 3.3 Due to the assessment of low significance, no further community engagement and consultation is required.

4. Applicant/ Te Kaitono - Nicholas Book

- 4.1 Age: 16
- 4.2 School: Christ's College
- 4.3 Suburb: Bishopdale
- 4.4 Event seeking support for: 2022 U16 FIBA Asia Cup in Qatar from 12 to 19 June 2022 and the U17 FIBA World Cup in Spain from 2 to 10 July 2022
- 4.5 Nicholas is a current member of Basketball New Zealand's Junior National Program, which identifies and selects the 'best' junior athletes in New Zealand. Through Nicholas's involvement in this program, he has been selected to compete as part of the New Zealand's Men's Team at the U16 FIBA Asia Cup (postponed from 2021).
- 4.6 Nicholas Book has been playing basketball since he was 8 years old. He is in Year 12 at Christ's College and plays for their Senior A team.
- 4.7 Nicholas was recently invited to attend the NBA academy camp invitational in Canberra, which he attended for a week in March 2022. He was also recently announced in the Canterbury Rams team, with the season due to start on 28 April 2022.
- 4.8 He has also played representative level basketball for Canterbury, for the U15 rep team and for the last two years, the U17 Canterbury rep team. For the past two years he was selected for the U16 Men's Basketball team, however COVID meant many tournaments and trips were cancelled or postponed.
- 4.9 The 2022 U16 FIBA Asia Cup is a pinnacle event, with teams finishing in the top 4 gaining the qualification to the 2022 U17 FIBA World Cup and a chance for New Zealand to compete on the world stage. These events are also an important recruitment tool for athletes such as Nicholas, looking to gain a sport scholarship to a US college to play basketball, with many college scouts in attendance to recruit athletes.
- 4.10 Nicholas is looking at a variety of fundraising opportunities to assist with his costs involved in these events. These include running a raffle and holding a celebrity golf tournament and auction. He is also applying to the Fund for Excellence at Christ's College and applying to the Papanui Rotary Club.
- 4.11 The following table provides a breakdown of the costs for the events:

EXPENSES	Cost (\$)
U16 Men's FIBA Asia Cup - Doha, Qatar	\$5,850
U17 Men's FIBA World Cup (if qualified) - Spain	\$5,850
Total	\$11,700

1. Purpose of Report Te Pūtake Pūrongo

This report provides the Board with an overview on initiatives and issues current within the Community Board area.

2. Officer Recommendations Ngā Tūtohu

That the Waimāero Fendalton-Waimairi-Harewood Community Board:

1. Receive the Waimāero Fendalton-Waimairi-Harewood Community Board Area Report for May 2022.

3. Community Support, Governance and Partnership Activity

3.1 Community Governance Projects

Activity	Detail	Timeline	Strategic Alignment
Community Service Awards 2022	Community Service Awards are given to individuals and groups in recognition of significant voluntary service. Nominations closed on 14 April 2022. A total of 22 nominations have been received. A report will be coming to the Board for consideration at their June 2022 meeting.	13 June 2022	<ul style="list-style-type: none"> Resilient Communities
Bishopdale Safety Initiative	Initial discussions have begun with staff and local stakeholders regarding establishing the Safety Initiative in the Bishopdale area.	Ongoing	<ul style="list-style-type: none"> Resilient Communities Board Plan Priority
Ilam Stream Augmentation	Staff from the Council's Stormwater and Waterways Operations team continue to work on this project. They are developing a plan which has included looking at the background and historic investigations and identifying possible options for stream improvements. Staff are planning a site visit with members of the Network of the Ilam Stream (NOTIS) over the next few weeks.	Ongoing	<ul style="list-style-type: none"> Liveable City Board Plan Priority

3.2 Fendalton-Waimairi-Harewood Community Liaison Meeting

The second Community Liaison Meeting of the year took place on Wednesday, 13 April, via Zoom. The guest speaker was Hana Saemon-Beck, the Community Activator at CityCare. Hana spoke to the group about the support and resources she can provide through her role for community projects. Their focus is on outdoor, green spaces, environmental projects and occasional building projects.

There was a discussion with the group regarding COVID, and two years on, what the impacts have been on their organisations; the not so good, unexpected benefits and what the future holds. Staff plan to revisit this topic in more detail at the next liaison meeting.

A positive theme raised is that people have become very adept at using online meeting platforms and working from home, doing phone calls, emails and online chats, although they still miss working with colleagues in person.

A negative impact raised is dealing with disgruntled parents as seasons have been cut short. Numbers are also down for some groups, and they are relying on funding to cover costs that fees normally cover.

The next Community Liaison meeting will be on 15 June 2022 at St Christopher's Church in Avonhead. The guest speaker will be Joss Clarke, the well-being advisor for Kāinga Ora.

3.3 Community Funding Summary

3.3.1 A status report on the Board's 2021-22 Discretionary Response Fund and Youth Development Fund as at 24 April 2022 is attached (refer **Attachment A**).

3.3.2 The Strengthening Communities Fund opened for applications on Monday 21 March 2022 and closed on Tuesday 26 April 2022. A total of 56 applications have been received. A workshop will be held with the Board in July 2022 for the Board to consider the applications received and seek further information/clarification, if required. A full report with staff recommendations will be presented to the Board for a decision at their meeting in August 2022.

3.4 Participation in and Contribution to Decision Making

3.4.1 Council Engagement and Consultation

- On 4 April and 11 April 2022, the Fendalton-Waimairi-Harewood Community Board Submissions Committee met and developed submissions for the following consultations:
 - Christchurch City Council Draft Annual Plan 2022-23
 - Opting out of kerbside collection and targeted rate
 - Proposal to increase rates on vacant central city land

4. Advice Provided to the Community Board

- 4.1 Customer Service Request Report - Hybris monthly report for March 2022 attached, providing an overview of the number of Customer Service Requests that have been received, including the types of requests being received and a breakdown of how they are being reported (refer **Attachment B**).
- 4.2 Fendalton-Waimairi-Harewood Graffiti Report - March to April 2022 (refer **Attachment C**).
