CWMS Zone Committee Meeting – Banks Peninsula

19 March 2024

Context – Our approach

- Focus ‘review’ on analysis of **future needs** and **fit-for-purpose solutions**
- Key questions:
 1. What **local leadership is needed** to deliver freshwater outcomes in the future?
 2. What **structure, function and resources** are required to support local leadership?
- Follow **collaborative approach** with **mayors, mana whenua**, and **zone committees**
- Preliminary report in **May – June** and final reporting in **Nov – December 2024**

Today's session

- Initial discussion around local freshwater leadership
 - It won't cover everything
 - Feel free to add comments or questions via post-its
- Short anonymous survey coming soon if you want to share more thoughts
- Feel free to also contact us to discuss further

Discussion

- What different types of locally led freshwater activities and groups are there in your zone?

- What do the different groups do well and what not?
- Are different groups and collectives across the zone connected, how so?

Discussion

- Among the different groups and activities, how do Zone Committees fit?
 - What benefits do they bring and is something similar needed in the future?
